**The Other End of the Leash** Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

**Apocalypse Any Day Now** Tea Krulos,2019-04-02 It seems like people are always talking about the end of the world, doesn't it? Y2K, the Mayan Apocalypse, Blood Moon Prophecies, nuclear war, killer robots, you name it. In Apocalypse Any Day Now, journalist Tea Krulos travels the country to try to puzzle out America's obsession with the end of days. Along the way he meets doomsday preppers—people who stockpile supplies and learn survival skills—as well as religious prognosticators and climate scientists. He camps out with the Zombie Squad (who use a zombie apocalypse as a survival metaphor); tours the Survival Condos, a luxurious bunker built in an old Atlas missile silo; and attends Wasteland Weekend, where people party like the world has already ended. Frightening and funny, the ideas Krulos explores range from ridiculously outlandish to alarmingly near and present dangers.

**#GIRLBOSS** Sophia Amoruso,2014-05-06 In the New York Times bestseller that the Washington Post called “Lean In for misfits,” Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she’d taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she’s the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she’s written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn’t about where you went to college or how popular you were in high school. It’s about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. “A witty and cleverly told account . . . It’s this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing.” —Los Angeles Times “Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules.” —Vanity Fair “#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement.” —Lena Dunham

**American Madness** Tea Krulos,2020-08-25 Q-Anon. Fake News. Bohemian Grove. False flag attacks. Deep state. Crisis actors. Whatever Gate. Is any conspiracy worth the life of a believer? The mainstream news media struggles to understand the power of social media while conspiracy advocates, malicious political movements, and even foreign governments have long understood how to harness the power of fear and the fear of power into lucrative outlets for outrage and money. But what happens when the harbingers of “inside knowledge” go too far? Author Tea Krulos tells the story of one man, Richard McCaslin, who’s fractured thinking made him the ideal consumer of even the most arcane of conspiracy theories. Acting on the daily rants of Alex Jones and his ilk, McCaslin takes matters into his own hands to stop the unseen powers behind the world’s disasters who congregate at conspiracy world’s Mecca- The Bohemian Grove. It all goes wrong with terrible consequences for the man who styled himself-The Phantom Patriot. McCaslin is not alone, as conspiracy-driven political action has bubbled its way up from the margins of society to the White House. It’s no longer a lone deranged kook convinced of getting secret messages from a cereal box, now its slick videos and well-funded outrage campaigns ready to peddle the latest innuendos and lies in hopes of harnessing the chaos for political gain. What is the long term effect on people who believe these barely believable stories? Who benefits, and who pays the price? Krulos investigates and explains the power of conspiracy and the resulting shared madness on the American psyche. Tea Krulos is a Milwaukee-based writer who documents the underground world of fringe sub-cultures. His previous books, Apocalypse Any Day Now-Deep Underground with America’s Doomsday Preppers and Heroes in the Night-Inside the Real Life Super Hero Movement explored the driving beliefs and lives of the people who choose to reject accepted reality and substitute their own.

**The End and the Beginning** Hermynia Zur Mühlen,2010 First published in Germany in 1929, The End and the Beginning is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Muhlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Muhlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

**Ocean of Sound** David Toop,1995 Ocean of Sound begins in 1889 at the Paris Exposition when Debussy first heard Javanese music performed. **The Teammates** David Halberstam,2003-05-14 More than 6 years after his death David Halberstam remains one of this country's most respected journalists and revered authorities on American life and history in the years since WWII. A Pulitzer Prize-winner for his ground-breaking reporting on the Vietnam War, Halberstam wrote more than 20 books, almost all of them bestsellers. His work has stood the test of time and has become the standard by which all journalists measure themselves. The Teammates is the profoundly moving story of four great baseball players who have made the passage from sports icons--when they were young and seemingly indestructible--to men dealing with the vulnerabilities of growing older. At the core of the book is the friendship of these four very different men--Boston Red Sox teammates Bobby Doerr, Dominic DiMaggio, Johnny Pesky, and Ted Williams--who remained close for more than sixty years. The book starts out in early October 2001, when Dominic DiMaggio and Johnny Pesky begin a 1,300-mile trip by car to visit their beloved friend Ted Williams, whom they know is dying. Bobby Doerr, the fourth member of this close group--my guys, Williams used to call them--is unable to join them.This is a book--filled with historical details and first-hand accounts--about baseball and about something more: the richness of friendship.

**Die Nigger Die!** H. Rap Brown (Jamil Abdullah Al-Amin),2002-04-01 More than any other black leader, H. Rap Brown, chairman of the radical Black Power organization Student Nonviolent Coordinating Committee (SNCC), came to symbolize the ideology of black revolution. This autobiography--which was first published in 1969, went

through seven printings and has long been unavailable—chronicles the making of a revolutionary. It is much more than a personal history, however; it is a call to arms, an urgent message to the black community to be the vanguard force in the struggle of oppressed people. Forthright, sardonic, and shocking, this book is not only illuminating and dynamic but also a vitally important document that is essential to understanding the upheavals of the late 1960s. University of Massachusetts professor Ekwueme Michael Thelwell has updated this edition, covering Brown's decades of harassment by law enforcement agencies, his extraordinary transformation into an important Muslim leader, and his sensational trial.

*Criminology Goes to the Movies* Nicole Hahn Rafter,Michelle Brown,2011 From a look at classics like Psycho and Double Indemnity to recent films like Traffic and Thelma & Louise, Nicole Rafter and Michelle Brown show that criminological theory is produced not only in the academy, through scholarly research, but also in popular culture, through film. Criminology Goes to the Movies connects with ways in which students are already thinking criminologically through engagements with popular culture, encouraging them to use the everyday world as a vehicle for theorizing and understanding both crime and perceptions of criminality. The first work to bring a systematic and sophisticated criminological perspective to bear on crime films, Rafter and Brown's book provides a fresh way of looking at cinema, using the concepts and analytical tools of criminology to uncover previously unnoticed meanings in film, ultimately making the study of criminological theory more engaging and effective for students while simultaneously demonstrating how theories of crime circulate in our mass-mediated worlds. The result is an illuminating new way of seeing movies and a delightful way of learning about criminology.
