*Genesis Wave: Book One* John Vornholt,2000-09-01 Intended to create life from nothingness, the Genesis Device had the potential to become a weapon of awe-inspiring destructiveness, capable of rearranging matter and life energy on a planetary scale. After the cataclysmic explosion of the Genesis Planet, and the Klingon Empire's attempt to steal the top-secret technology for its own military purposes, Starfleet wisely decided to destroy all data and records on Project Genesis, hoping to bury its deadly secrets forever. Nearly a century later, all that remains of Genesis is the knowledge stored in the mind of an elderly, almost-forgotten scientist namedDr. Carol Marcus. But Dr. Marcus has gone missing, and a menace from bygone days has come rushing back with a vengeance. Sweeping across the Alpha Quadrant at a terrifying speed, a mysterious wave of energy is wiping out populations of entire planets, rearranging matter on a molecular level to create bizarre new landscapes and life-forms. The Starship Enterprise™, commanded by Captain Jean-Luc Picard, is the first Starfleet vessel to discover the threat, but Picard and his crew are not the only ones in danger. Billions of living beings and hundreds of inhabited planets lie in the path of the mutagenic wave, which is expanding outward as it traverses the cosmos. Earth and the Romulan Empire face total obliteration. To discover the origin of the wave, Picard and his crew must probe the long-buried mysteries of the past. But even if he can uncover the shocking history of the Genesis Wave, is there any way to save the future from its unleashed fury? The Genesis Wave, Book One, is the beginning of an apocalyptic two-part adventure that will pit the desperate crew of the Starship Enterprise against a disaster of galactic proportions.

Genesis Wave: Book Three John Vornholt,2002-02-11 As a matter of cosmic history, it has always been easier to destroy than to create. -- Spock, The Wrath of Khan Sweeping across the Alpha Quadrant at a terrifying speed, a wave of Genesis energy has wiped out whole populations of entire planets, rearranging matter on a molecular level to create bizarre new landscapes and life-forms. The U.S.S. Enterprise™, commanded by Captain Jean-Luc Picard, managed to counter the threat, halting the wave in its tracks and stopping the alien race that had sent the wave crashing through the galaxy. In the process the crew saved trillions of souls and hundreds of inhabited planets from the mutagenic wave. Earth itself, as well as the Romulan Empire, was saved from obliteration. Now nothing is left to do but clean up the mess the Genesis Wave left behind. Or so it seems. Unknown to Picard and his crew, the use of the Genesis Wave on a galactic scale had weakened the walls between our dimension and one right next door, one that harbors a deadly threat to not only the survival of civilization throughout the galaxy, but the survival of reality itself. The Genesis Wave, Book Three, is the final volume of an apocalyptic adventure that pits the desperate crew of the Starship Enterprise against a disaster of universal proportions.

**There Is a Generation III** W. H. Buzzard,2018-03-16 THERE IS A GENERATION III by WH Buzzard is the third in a series of four satires that makes fun of the kids of those heroes who survived the Great Depression, triumphed in World War II, and rebuilt Europe and Japan. A laugh out-loud\* look by a master storyteller\* at the 1950's Baby Boomers, who accomplished in their time rock'n'roll, souped-up hot rods, the bop, and grew into the rebels of the 1960's who would change American values forever one day. \*Editor comments \*\*Reviews are real; not purchased or traded for.

**Richard Hell and the Voidoids' Blank Generation** Pete Astor,2014-04-10 To wander the streets of a bankrupt, often lawless, New York City in the early 1970s wearing a T-shirt with PLEASE KILL ME written on it was an act of determined nihilism, and one often recounted in the first reports of Richard Hell filtering into the pre-punk UK. Pete Astor, an archly nihilistic teenager himself at the time, was most impressed. The fact that it emerged (after many years) that Hell himself had not worn the T-shirt but had convinced junior band member Richard Lloyd to do so, actually fitted very well with Astor's older, wiser self looking back at Blank Generation. Richard Hell was an artist who could not only embody but also frame the punk urge; having seeded and developed the essential look and character of punk since his arrival in New York in the late 1960s, he had just what was needed to make one of the defining records of the era. This study combines objective, academic perspectives along with culturally centred subjectivities to understand the meanings and resonances of Richard Hell and the Voidoids' Blank Generation.

*Gateways #3* Robert Greenberger,2001-11-08 More than 200,000 years ago, the ancient Iconians created a network of interdimensional Gateways providing instantaneous transportation across unimaginable distances. Once known as the Demons of Air and Darkness, the Iconians mysteriously vanished many millennia ago, never to return -- or so it was believed. Summoned to an emergency briefng at Starbeet Headquarters, Captain Jean-Luc Picard is stunned to discover that the legendary Iconians have returned at last, and are offering to sell the secrets of their advanced technology to the Federation. To prove their sincerity, they have reactivated their long-abandoned Gateways, but the results have been strife and chaos throughout the entire Alpha Quadrant. Now Picard and his crew must contend with feuding Klingons and Romulans as the captain seeks to discover the sinister truth behind the Iconians' unexpected rebirth!

They are coming back to life, but they come back different - they stutter and their reactions to everything are slower. Termed 'living impaired' or 'differently biotic', there are lots of conspiracy theories to explain this new phenomenon. But as their numbers keep on growing, so does the discomfort of the living people in the community. When Phoebe falls for Tommy Williams, her best friend and star of the football team, Adam, has conflicting emotions. And when Tommy decides to try out for the football team, it sets off a chain of events that escalates into deadly violence.
