Authentic Portraits Chris Orwig,2019-09-06 The most successful portraits take us well beyond the surface of how someone looks and show us the inner essence of who someone is. They reveal character, soul, and depth. They uncover hidden hopes and profound truths, revealing that authentic and deeply human light that shines within. And while technical expertise is undoubtedly important, it's not the light, camera, or pose that creates a great portrait. It's you, and it's the connection you create with the subject that makes all the difference. In *Authentic Portraits*, photographer Chris Orwig teaches you that the secret to creating meaningful portraits is simple: curiosity, empathy, kindness, and soul...plus a bit of technique. While Chris spends significant time on the fundamentals of "getting the shot"—working with natural light, nailing focus, dialing in the correct exposure, effectively posing and directing the subject, intentionally composing the frame—he also passionately discusses the need for personal development, creative collaboration, and connection with the subject. Because who you are directly and deeply affects what you create, and it is only through cultivating your own inner light that you will be able to bring it out in your subjects. Filled with instruction, insight, and inspiration, *Authentic Portraits* is an honest and personal book about creating better frames. It's also about becoming your best self. Take the journey, and you'll learn to find your vision and voice, bring intention to your photography and your life, embrace mystery, and understand the importance of gratitude and empathy. Along the way, you will teach the camera to see in a way that replicates how you feel, and you'll find you have all you need to create work of lasting significance.

Avatar, The Last Airbender: The Rise of Kyoshi (Chronicles of the Avatar Book 1) F. C. Yee,Michael Dante DiMartino,2019-07-16 From the world of *Avatar: The Last Airbender* comes the instant USA Today and New York Times bestselling novel starring *Avatar* Kyoshi—now in paperback! Justice begins with one woman. After nine years of desperate searching for the next *Avatar*, the discovery of young, charming *Avatar* Yun has brought stability to the four nations—that is, until Earth Kingdom-born Kyoshi, Yun's unassuming friend and servant, demonstrates remarkable bending during a mission to the South Pole. With the identity of the true *Avatar* at stake and the growing unrest among her allies turning into violence, Kyoshi is forced to flee the *Avatar* mansion with her fiery friend Rangi, taking little more than the metal war fans and headress her parents left behind. It isn't easy finding *Avatar* training on the run, but Kyoshi and Rangi find unlikely supporters in the daofei: ragtag criminals and outlaws living in the shadows of the Earth Kingdom. Torn between following the traditional path of an *Avatar* and seeking vengeance for those she has lost, Kyoshi struggles to accept her newfound power as she trains in secret. But while Kyoshi, Rangi, and her daofei friends face off against brutal underworld rivals, those who seek to control the *Avatar* draw ever closer to her, leaving trails of the dead in their wake. The story behind the longest-living *Avatar* in the history of this beloved world, *The Rise of Kyoshi* maps Kyoshi's journey from a girl of humble origins to the merciless pursuer of justice still feared and admired centuries after becoming the *Avatar*.

Drawing Ideas Mark Baskinger,William Bardel,2013-11-19 A primer for design professionals across all disciplines that helps them create compelling and original concept designs by hand--as opposed to on the computer--in order to foster collaboration and win clients. In today's design world, technology for expressing ideas is pervasive; CAD models and renderings created with computer software provide an easy option for creating highly rendered pieces. However, the accessibility of this technology means that fewer designers know how to draw by hand, express their ideas spontaneously, and brainstorm effectively. In a unique board binding that mimics a sketchbook, *Drawing Ideas* provides a complete foundation in the techniques and methods for effectively communicating to an audience through clear and persuasive drawings.

The Restoration of Engravings, Drawings, Books, and Other Works on Paper Max Schweidler,2006 Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw* has been recognized as a seminal modern text on the conservation and restoration of works on paper. To address what he saw as a woeful dearth of relevant literature and in order to assist those who have 'set themselves the goal of preserving cultural treasures,' the noted German restorer composed a thorough technical manual covering a wide range of specific techniques, including detailed instructions on how to execute structural repairs and alterations that, if skilfully done, can be virtually undetectable. By the mid-twentieth century, curators and conservators of graphic arts, discovering a nearly invisible repair in an old master print or drawing, might comment that the object had been 'Schweidlerized.' This volume, based on the authoritative revised German edition of 1949, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated critical edition. The editor's introduction places the work in its historical context and probes the philosophical issues the book raises, while some two hundred annotati

Dead Men Walking Steve Lyons,2010-11-30 When the necrons rise, a mining planet descends into a cauldron of war and the remorseless foes decimate the human defenders. Salvation comes in an unlikely form - the Death Corps of Kreig, a force as unfeeling as the Necrons themselves. When the two powers go to war, casualties are high and the magnitude of the destruction is unimaginable.

Blueprint for a Book Jennie Nash,2021-09 How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good. -KJ Dell'Antonia, New York Times bestselling author of *The Chicken Sisters* Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at the gate, ready to run, ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds of book coaches and thousands of novelists how to use the *Blueprint for a Book* system-and the *Inside Outline* at the heart of it - to help them produce their best work in the most efficient way. Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an *Inside Outline* fan for life! -Alison Hammer, author of *You and Me and Us* and *Little Pieces of Me* If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life. - Janet Fox, author of *The Artifact Hunters* I will sing the praises of the *Inside Outline* forever. It's f*ing genius. -Carla Naumburg, author of *How to Stop Losing Your Sh*t With Your Kids* The *Inside Outline* is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue or setting a scene. I'm so grateful I'm no longer one of them. - Kate Kimball, first time novelist

Avatar: The Last Airbender Chibis Volume 1--Aang's Unfreezing Day Kelly Leigh Miller,2023-04-04 Celebrated children's author Kelly Leigh Miller (I am a Wolf; I Love My Fangs) teams with *Avatar* fandom favorite artist Diana Sim to bring young *Avatar* fans and their families this heartwarming tale of love, celebration, and friendship, in collaboration with Nickelodeon and *Avatar: The Last Airbender* animated series writer Tim

The Headshot Peter Hurley,2015-07-15 It used to be that the only people that needed professional-looking headshots were actors and models, but now thanks to Facebook, Twitter, LinkedIn, and social media in general, headshots are hot! They've never been more in demand than they are today, and Peter Hurley's unique headshot style and trademark look have made him the most sought-after headshot photographer in the world today. Here's your chance to learn exactly how to create the look that everybody's after. This is bankable stuff! If you're not adding headshots to what you offer as a photographer, you're leaving a lot of money on the table. Peter knows first-hand the secrets to not only lighting your headshots like a pro (there's a whole chapter on that alone), but in this book he reveals, in the very same fashion that made him a famous name with photographers everywhere, how he gets authentic expressions and incredibly flattering positioning that will make your clients look better than they ever have in any photo—period! It's all here: he shows you his positioning techniques, his secrets for getting genuine smiles and images that look so natural you won't believe they're posed (but of course, they are), and you'll learn the very same techniques that Peter uses to create amazing headshots for everyone from execs at top Fortune 500 companies, to Silicon Valley startups, to actors and public figures who know all too well how important a great-looking headshot really is. Peter doesn't hold anything back. He reveals all his tricks of the trade, from his trademark lighting look, to how to create good-looking backgrounds on location, to positioning tricks you won't hear anywhere else, and it's all written in Peter's fun, quirky, inspiring style that lets you know, right from the beginning, you can do this, and you can do this big! These are the techniques that Peter has crafted from years in front of the lens, as a model for top brands like Abercrombie & Fitch and Guess, and years behind the lens, giving him an insight few photographers will ever possess, and he's willing to share every bit of it—every trick, every technique, and every nuance—in this book that will pay for itself at your very next shoot. Yes, it's that good.

Sterling Karat Gold Isabel Waidner,2023-02-07 Like Franz Kafka’s *The Trial* for the post-truth era, at once “surreal, polemical, and fun” (The Telegraph). Sterling Beckenbauer is plunged into a terrifying and nonsensical world one morning when they are attacked, then unfairly arrested, in their neighborhood in London. With the help of their friends, Sterling hosts a trial of their own in order to exonerate themselves and to hold the powers that be to account. *Sterling Karat Gold*, in the words of Kamila Shamsie, is “a madly brilliant and deeply sane novel that reveals surrealism as possibly the most effective way of talking about the political moment we find ourselves in.” In it, Isabel Waidner concocts a world replete with bullfighters, high fashion, DIY theater, the Beach Boys, and time-traveling spaceships. The acclaimed winner of the 2021 Goldsmiths Prize for fiction that breaks the mold and extends the possibilities of the form, this novel explores the phantasmagoric nature of contemporary life, especially for nonbinary migrants, and daringly revises how solidarity and justice might be sought and won. *Sterling Karat Gold* couldn’t be a better North American introduction to a writer with an irresistible style and unforgettable vision.

Mortis John French,2022-10-11 Book 5 in the global bestselling series, *The Horus Heresy: Siege of Terra*. The victories of Saturnine and the sacrifices of the Eternity Wall space port have faded into the hope of yesterday. Denied but not defeated, the traitors intensify their assault on the Imperial Palace. With the principal space ports in Horus’ hands, the Warmaster now drains the heavens of his reserves. As the pressure of the assault increases, the power of Chaos waxes. The waking lives of the defenders are filled with despair, while their dreams pull them in search of a false paradise. As the fabric of the defences fails and the will of those who stand on them cracks, Horus commands the Titans of the Legio Mortis to breach the walls. Against them stands the might of Mercury Wall and the strength of the Legio Ignatum. Ancient rivals, the god-engines of both Legions meet in battle, while within the walls a few desperate individuals seek a way to turn back the tide of the warp’s malign influence. Across Terra lost warriors and travellers make their way through wastelands and gardens of horror, towards home and an unknown future.

Within the Frame David duChemin,2009-05-01 Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can’t capture—a viewer’s attention. Both instructional and inspirational, Within the Frame helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.
