*Reinventing the State* Duncan Brack,2007-09 Like all liberals, social liberals believe in the core value of freedom. They hold that the state should as far as possible leave people alone to make their own decisions on how to live their lives, but they believe in addition that freedom is not attainable without a fair distribution of wealth and power. In *Reinventing the State*, twenty-one leading Liberal Democrats set out what social liberalism means in the 21st century.

*Stirling Moss* Stirling Moss,Simon Taylor,2015-05-15 In this very personal book, Stirling Moss guides the reader through his motor racing life with a fascinating, insightful and often amusing commentary to an unrivalled collection of over 300 photographs, many of which will be unfamiliar to even his most ardent fans. He takes us from his childhood to the height of his fame as 'Mr Motor Racing' and then to the sudden end of his career with that crash at Goodwood in 1962. Along the way we dwell on his finest moments as well as the setbacks, and delight in the sheer variety of machinery - almost 100 different cars - in which he competed during his

rollercoaster racing life. This is a book that all motor racing enthusiasts will treasure. - Starting in 1948, he made his name in little 500cc Coopers, moving towards stardom in HWM, ERA and Cooper F2 cars, then his own F1 Maserati 250F. - The 1955 Mercedes season and its twin highlights – winning the Mille Miglia and the British Grand Prix. - His longing to win in British cars was rewarded with two fine F1 seasons at Vanwall (1957–58), with whom he came very close to winning the F1 World Championship, and sports car successes with Aston Martin. - Rear-engined Cooper and Lotus F1 cars with Rob Walker (1958–62), including two celebrated Monaco GP wins. - Two-seater variety: the amazing range of sports cars he drove included Jaguars (XK120, C-type and D-type), Maseratis (150S to 450S), Ferraris (250 GT SWB and Testa Rossa) and Porsches (550 Spyder to RS61), plus Frazer Nash Le Mans Replica, Osca, Healey 100S, Cooper 'Bobtail' and more. - Ever busy and versatile: rallying with Sunbeams, trialling a Harford special, Bonneville record-breaking with MG EX181, saloon car racing in a humble Standard Ten – and even a kart race. - Published to mark the 60th anniversary of Moss's famous win in the 1955 Mille Miglia road race in a Mercedes 300SLR. Foreword by 2014 Formula One World Champion Lewis Hamilton.

*The Forgotten Rohingya: Their Struggle for Human Rights in Burma* Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several

centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They

cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets?- Are restricted from traveling outside their villages?- Have no legal right to own land or property?- Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?- Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?- Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
