Freight Train Donald Crews,2011-08-23 In simple, powerful words and vibrant illustrations, Donald Crews evokes the rolling wheels of that childhood favorite: a train. This Caldecott Honor Book features bright colors and bold shapes. Even a child not lucky enough to have counted freight cars will feel he or she has watched a freight train passing after reading Freight Train. Donald Crews used childhood memories of trains seen during his travels to his grandparents' farm in the American South as the inspiration for this timeless favorite. New York magazine's The Strategist chose Freight Train as one of the Best (Nonobvious) Baby Books to Bring to a Shower. As The Strategist stated: The Caldecott Honor Book is spare and minimal in both art and text and follows the journey of a freight train and all its cars until it rolls off the page and into the distance. It's a good way to learn all the different names of train cars, too. Red caboose at the back, orange tank car, green cattle car, purple box car, black tender and a black steam engine . . . freight train.

Positive Pedagogy for Sport Coaching Richard Light,2016-11-25 The concept of positive pedagogy has transformed the way we understand learning and coaching in sport. Presenting examples of positive pedagogy in action, this book is the first to apply its basic principles to individual sports such as swimming, athletics, gymnastics and karate. Using the game based approach (GBA) (an athlete-centred, inquiry-based method that involves game-like activities), this book demonstrates how positive pedagogy can be successfully employed across a range of sports and levels of performance, while also providing insight into coaches' experiences of this approach. Divided into three sections that focus on the development, characteristics and applications of positive pedagogy, it fills a gap in coaching literature by extending the latest developments of GBA to activities beyond team sports. It pioneers a way of coaching that is both efficient in improving performance and effective in promoting positive experiences of learning across all ages and abilities. Positive Pedagogy for Sport Coaching: Athlete-centred coaching for individual sports is invaluable reading for all sports coaching students as well as any practising coach or physical education teacher looking for inspiration.

Paper Treasures Lilly Horigan,2020-05-04 After finally graduating high school, Paige McKinnon is ready to embark on the journey she had been planning for years. Alone, she makes her way to Las Vegas to find her mentally ill and homeless mother. A young woman of faith, she uses only the prompting of God's Spirit and the advice of her aunt to find a place to stay, work, and search for her mother's whereabouts. Her unplanned, but hopeful, trip leads to a quiet community with a big heart in the outskirts of Vegas. Paige meets a woman of faith who encourages and supports her, but Paige hides her reason for being in Vegas even as she accepts a job and assistance from the woman. Paige is amazed by the generosity and vibrancy of the woman. She feels at home around her, but is caught off guard by the woman's loving and good looking son who seems to be at every turn. The young man's life is pleasantly distracted by Paige's beauty and presence, and he hopes to get to know the mysterious girl who is becoming an indirect and daily part of his life. Yet Paige has a specific purpose for being in Vegas and it is not romance. Paige plans her days to find new ways to meet and search the homeless people of Vegas. With the help of her family, letters, and trust in God's sovereignty, she places herself in the midst of the homeless and, at times, risks her safety to find any information on her mother's whereabouts. Not knowing where Paige goes every day after work, the community she is getting to know well grows concerned about her consistent and mysterious leaving for unknown destinations that seem to end in tears.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
