Exultant Stephen Baxter,2004-10-26 “Baxter has an uncanny gift for mixing a punchy, cyberpunk cynicism with his resolutely hard SF story base. . . . [Exultant] rivals Asimov in its boundless vision for the future evolution of humanity.”—Kirkus Reviews (starred review) For more than twenty thousand years, humans have been at war with the alien race of Xeelee. Faced with certain death, a young pilot, Pirius, disobeys orders and travels into the future. Upon his return, Pirius is court-martialed and sentenced to penal servitude. But it is not only Pirius who pays the price. In flying into the future and back again, Pirius returned to a time

before he'd left, a time inhabited by his younger self, who also receives punishment. Commissary Nilis believes that the elder Pirius, whom he dubs Pirius Blue, may know how to defeat the Xeelee. But Nilis can do nothing for Pirius Blue. Instead, he takes the younger Pirius—Pirius Red—back to Earth. There Pirius Red will discover truths that shatter his preconceived notions of all that he is fighting for, while Pirius Blue will learn even harsher truths. But the most shocking revelation of all is still to come. “Absurdly ambitious, technically brilliant, and downright exciting.”—SFX Magazine “Striking . . . chilling . . . [with] a triumphant conclusion.”—Starburst

Forges of Mars Omnibus Graham McNeill, 2017-03-07 Omnibus edition of all three novels in the Forges of Mars trilogy - *Priests of Mars*, *Lords of Mars* and *Gods of Mars* - as well as an additional short story. The Martian Mechancius's thirst for knowledge is insatiable, and when Archmagos Lexell Kotov learns of an ancient expedition that went in search of the very source of life in the universe itself, he immediately assembles a powerful Explorator fleet to follow in its footsteps. Not only does Kotov have the powerful engines and warriors of the Adeptus Mechanicus to call upon, even the troops of the Imperial Guard and the vaunted

Space Marines join his crusade. The way, however, is treacherous and fraught with perils both within and without the fleet. There are marvels and wonders at the edge of known space, discoveries beyond price, but there are those who believe the secrets of the universe should stay hidden and beings there who pose a danger not only to the fleet but to the Imperium itself.

Imperial Creed David Annandale, 2015-05-01 Yarrick: the very name carries the weight of legend, of great deeds and of wars won for the Imperium. But Sebastian Yarrick, who fought on Armageddon, who Space Marine Chapter Mastes show their fealty to on bended knee, was not always Lord Commissar. He was once just a man, a newly minted officer from the ranks of the schola progenium. His first mission under the tutelage of Lord Commissar Rasp was on Mistral. Here, an uprising of barons had upset the delicate balance of power. But, as Yarrick was soon forced to learn, Mistral and Imperial politics are often murky, the

truth seldom clear cut. As war engulfs the world, a plot unravels that pits old friends against one another and fashions unusual alliances. Chaos cults, the fanatical Adepta Sororitas and clandestine inquisitors all stan between Yarrick and his mission. Here is where the legend began. In this crucible was Lord Commissar Sebastian Yarrick forged in blood. Previous titles: Ghostmaker - 9781849708685 First and Only - 9781849708562
