The Imperial Infantryman's Handbook Graham McNeill, 2020-09-29 The ultimate introduction to life as an Imperial Guardsman! Welcome to the Astra Militarum, Guardsman! You don't know it yet, but this book is your new best friend. In its pages, you'll find everything you need to know in order to defeat mankind's enemies and prove yourself worthy of being a trooper in the Imperial Guard. It'll teach you how to march, how to shoot, how to maintain your weapons (and how to request replacements if you misplace yours), and much more. Learn the prayers and benedictions that will protect you from your foes, and how to best kill each of the Imperium's enemies with minimum effort. It's the essential guide for every Guardsman. CONTENTS Imperial Munitorum Manual Imperial Infantryman's Uplifting Primer The Benedictions of the Emperor

Codex Craftworld Eldar Gavin Thorpe, Rick Priestly Staff, Andy Chambers, Jervis Johnson, 1999-09

The 13th Black Crusade Andy Hoare, 2004 The Warhammer 40,000 world is a richly imagined creation, packed with such detail and incident it almost seems real.

High Elves Mat Ward, 2012

Bolt Action: Battleground Europe Warlord Games, 2014-11-20 Take the fight to the enemy with this new theatre book for Bolt Action. From the D-Day landings to the final battle for Berlin, this volume gives players everything they need to focus their gaming on these final campaigns in the European Theatre of Operations. Scenarios and

special rules offer something for all Bolt Action players, regardless of the armies they collect.

Burnished Rows of Steel Jeremy Davies, 2016-01-05
Most who read the Declaration of Independence find three foundational liberties promised to our citizens: life, liberty, and the pursuit of happiness. An increasing number of citizens seem to be discovering the fourth: the right to alter or abolish a form of government that leads invariably to tyranny. Since leaving the military and his security contracting work behind, Dave has been preparing himself for the time when exercising the right to alter or abolish may become necessary. When he is approached on behalf of some powerful men who are prepared to risk their fortune to strike a blow against the political tyranny embodied by the president, Dave is prepared to accept the role of assassin. As he prepares to accept the mission of a lifetime, an alternate narrative begins to unfold. He struggles to discover whether the hit will be on behalf of a besieged gun maker or whether it has been orchestrated by members of the president's own party, who feel that his death would rescue the chances of their party heading into an election. As the motive becomes clear, so does Dave's course of action. He is caught in a race against time to thwart their plans, not for the leader of a country but for the life of a friend.
