Athletico Mince Bob Mortimer,Andy Dawson,2017 For the first book inspired by their popular podcast, Bob Mortimer and Andy Dawson considered producing an authoritative guide to the past, present and future world of football. But, as in the podcast, they got a bit side-tracked. As well as bringing you some (more or less) completely genuine football facts, Bob and Andy speculate about

the lifestyle of baked bean-loving, yellow snake-owning ex-England boss Steve McClaren, and investigate the 'Gangs of the EPL', where football meets infantile bullying. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro - and the lyrics from some of Bob's most memorable Scottish songs, so that you can sing them to your children, elderly relatives or, indeed, yourself, should you need to be soothed after learning about Robson Green's Extreme Bangers. In summary, it's a bit of a mess - but - it's a beautiful, glorious, hilarious mess and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you.

Prisoner 849 Ava Taylor, 2017-12-27 Prisoners held to make babies, Dixie and Jeml survive the destruction of the space station. The aliens who capture them are short on females so they put them in a breeding program. Jeml finds her love but Dixie suffers through three men who make no connection. Her interrogator Jorge steps in as her breeding partner. Will they connect or will Dixie be sent to the brothels?

The One Track Mind ,2009 Deems Taylor wrote in 1953, In a Paris bookshop about twenty-five years ago, I ran across a volume entitled Anthologie Libertine, ou La Fleur Francaise de la Satire Galante, a collection of upwards of two hundred pieces of light verse devoted mainly to that subject so dear to the Gallic heart, l'amour. . . . the majority were written during the sixteenth,

seventeenth, and eighteenth centuries. Those were the times of Henry IV, of Louis XIV and Louis XV; of Watteau, Boucher, and Fragonard; of Pompadour and du Barry. Society centered about Fontainebleau and Versailles. It was an era not much more dissolute than our own, but very much more outspoken. Marriages were generally contracted for any but sentimental reasons, and it was taken almost for granted that husbands and wives would cheerfully cuckold one another. The love poems of the day might be low on morality, but they abounded in imagination and good humor. Their day ended when nineteenth-century romanticism wiped the smile from the face of l'amour. . . . I have chosen what seemed to me the best fifty-odd out of the two hundred. The translations are as literal as I could make them, and for those who would like to check their degree of literalness, every English version accompanies the French original—including the archaic French spelling.
