The 21 Divisions Hector Salva,2020 Like all forms of Caribbean Voodoo, practitioners of the 21 Divisions believe in one God, a distant God that doesn't get involved in human affairs. Followers of this Dominican spiritual tradition believe that God created intermediaries to help humans, beings known as Los Misterios. The Misterios are powerful beings who rule and have dominion over universal forces and human conditions. Filled with detailed insider information and real stories of healing, magic, and mystery, this book will serve as an illuminating guide to the 21 Divisions--

The Tunnels of Cu Chi Tom Mangold,2013-05-08 At the height of the Vietnam conflict, a complex system of secret underground tunnels sprawled from Cu Chi Province to the edge of Saigon. In these burrows, the Viet Cong cached their weapons, tended their wounded, and prepared to strike. They had only one enemy: U.S. soldiers small and wiry enough to maneuver through the guerrillas' narrow domain. The brave souls who descended into these hellholes were known as "tunnel rats." Armed with only pistols and K-bar knives, these men inched their way through the steamy darkness where any number of horrors could be awaiting them—bullets, booby traps, a tossed grenade. Using firsthand accounts from men and women on both sides who fought and killed in these underground battles, authors Tom Mangold and John Pencyate provide a gripping inside look at this fearsome combat. The Tunnels of Cu Chi is a war classic of unbearable tension and unforgettable heroes. Praise for The Tunnels of Cu Chi "A claustrophobic but fascinating tale."—The Wall Street Journal "Chilling . . . what war really was and how it was fought."—The New York Times "Gripping . . . highly recommended."—The Philadelphia Inquirer "Remarkable."—The Washington Post

The Eye of Medusa David Guymer, 2017-11-14 The coldly methodical and unrelenting Iron Hands Space Marine Chapter clash with the cybernetic soldiers of the Adeptus Mechanicus over control of the world of Thennos. Ever since the dark days of the Great Heresy, the Iron Hands have a long and tortured history. Their years of suffering and war has left them hardened and believing in a brutal tenet: the flesh is weak. Heavily cybernetic, their flesh extensively altered, these warriors of the Imperium are more machine than man, cold in aspect as well as demeanour. Their methods of recruitment are harsh, their rituals arcane, their pride unshakable. So when a world under the protection of the Chapter falls foul of insurrection, the Iron Hands answer with fire and cold retribution. It matters not that Thennos is considered sovereign territory by the Adeptus Mechanicus - the Iron Hands' campaign is one of extermination. But there is something dark lurking within Thennos, a horror that defies the purity of cold logic and the machine, and threatens something more, something ruinous...

Hardware: The Definitive SF Works of Chris Foss Chris Foss, 2011-09-06 Foss's groundbreaking and distinctive science fiction art revolutionized paperback covers in the 1970s and 80s. Dramatically raising the bar for realism and invention, his trademark battle-weary spacecraft, dramatic alien landscapes and crumbling brutalist architecture irrevocably changed the aesthetic of science fiction art and cinema. Featuring work for books by Isaac Asimov, E. E. 'Doc' Smith, Arthur C. Clarke, A. E. Van Vogt and Philip K. Dick, and film design for Ridley Scott and Stanley Kubrick, this volume brings together many rare and classic images that have never been seen or reprinted before. The first comprehensive retrospective of Chris Foss's SF career. "Chris Foss' name has become pre-eminent among sf artists... He is in love with the monstrous, with angular momentum, with inertia-free projectiles and irresistible objects." — Brian Aldiss "[Foss]' creations are real machines, not just an artist's dreams. They combine the two elements so essential to science fiction: realism and a sense of wonder... A medieval goldsmith of future eons." — Alejandro Jodorowsky

Climate Change Impact on Coastal Habitation Doeke Eisma, 1995-02-06 Temperature and precipitation increase and decrease because of natural causes. However, anthropogenic changes, such as an enhanced greenhouse effect, may result in alterations in the regional climate and in relative sea level. Serious changes in climate and sea level-with adverse effects particularly along low-lying coasts-would affect millions of people. Climate Change takes an in-depth, worldwide look at coastal habitation with respect to these natural and anthropogenic changes. No universally applicable coastal model can be used to describe climatic changes. This unique book provides individual discussions of beaches and barrier islands, cliffs, deltas, tidal flats and wetlands, reefs, and atolls. The impact of climatic change on coastal ecology and agriculture is investigated, and human responses to the effects of climatic change along the world's coasts are included.

Athletico Mince Bob Mortimer, Andy Dawson, 2017 For the first book inspired by their popular podcast, Bob Mortimer and Andy Dawson considered producing an authoritative guide to the past, present and future world of football. But, as in the podcast, they got a bit side-tracked. As well as bringing you some (more or less) completely genuine football facts, Bob and Andy speculate about the lifestyle of baked bean-loving, yellow snake-owning ex-England boss Steve McClaren, and investigate the 'Gangs of the EPL', where football meets infantile bullying. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro - and the lyrics from some of Bob's most memorable Scottish songs, so that you can sing them to your children, elderly relatives or, indeed, yourself, should you need to be soothed after learning about Robson Green's Extreme Bangers. In summary, it's a bit of a mess - but - it's a beautiful, glorious, hilarious mess and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you.

One-Hour Wargames Neil Thomas,2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour—includes rule sets and scenarios for most popular periods. One of the biggest problems facing wargamers is finding the time to actually play. Most commercially available games require several hours to set up and see to a conclusion; some can even take a whole day or weekend to complete. Apart from time, lack of space can also keep wargamers from enjoying their favorite pastime. In One-hour Wargames, veteran gamer and rule-writer Neil Thomas has addressed both problems. Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor. The book contains 8 all-new sets of very simple rules for various periods—from Ancient to WW2—and thirty stimulating scenarios which can be played using any of them. All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield. The rules only require a small number of miniatures, so this really is an ideal way for new gamers, or veterans trying a new period, to get started with minimal investment of time and money. Also ideal for a quick game in the evening with a friend. Also included are sections on campaigns and solo games.

Spear of the Emperor Aaron Dembski-Bowden, 2019-12-24 Great new novel from Aaron Dembski-Bowden chronicling the story of the Emperor's Spears, a Space Marine Chapter on the edge of destruction, last watchmen over the Elara's Veil nebula. Now, the decisions of one man, Amadeus Kaias Incarius of the Mentor Legion, will determine the Chapter's fate... The scattered worlds of the Elara's Veil nebula were once protected by the oath of unity sworn by three mighty Chapters of the Adeptus Astartes. The Star Scorpions were undone by flaws in their genetic coding. The Celestial Lions were ravaged by the Inquisition for sins they did not commit. Now, after hundreds of years, only the Emperor's Spears still keep their vigil. They are barbarian watchmen against the Outer Dark; bloodied but unbroken in their long duty. Amadeus Kaias Incarius, a brother of the Mentor Legion, is commanded to cross the Great Rift and assess the Spears' war-readiness, only to be drawn into the chaotic plight of a depleted crusade on the Imperium's benighted frontier. The decisions he makes, far from the God-Emperor's light, will decide the fate of the war-torn Chapter.
