Troubling Borders Isabelle Thuy Pelaud,Lan Duong,Kathy L. Nguyen,Mariam B. Lam,2020-01-09 Juxtaposing short stories, poetry, painting, and photographs, Troubling Borders showcases the creative work of women of Vietnamese, Cambodian, Lao, Thai, and Filipino ancestry. This thematically arranged collection interrupts borders of categorization and gender, in what preface author Shirley Geok-Lin Lim describes as a leap over the barbed fences that have kept these women apart

in these, our United States of America. The sixty-two contributors have been shaped by colonization, wars, globalization, and militarization. For some of these women on the margins of the margin, crafting and showing their work is a bold act in itself. Their provocative and accessible creations tell unique stories, provide sharp contrasts to familiar stereotypes--Southeast Asian women as exotic sex symbols, dragon ladies, prostitutes, or bar girls--and serve as entry points for broader discussions about questions of history, memory, and identity.

Invading Clans FASA Corporation,1994-09

Burnished Rows of Steel Jeremy Davies,2016-01-05

Most who read the Declaration of Independence find three foundational liberties promised to our citizens: life, liberty, and the pursuit of happiness. An increasing number of citizens seem to be discovering the fourth: the right to alter or abolish a form of government that leads invariably to tyranny. Since leaving the military and his security contracting work behind, Dave has been preparing himself for the time when exercising the right to alter or abolish may become necessary. When he is approached on behalf of some powerful men who are prepared to risk their fortune to strike a blow against the political tyranny embodied by the president, Dave is prepared to accept the role of assassin. As he prepares to accept the mission of a lifetime, an alternate narrative begins to unfold. He struggles to discover whether the hit will be on behalf of a besieged gun maker or whether it has been orchestrated by members of the president's own party, who feel that his death would rescue the chances of their party heading into an election. As the motive becomes clear, so does Dave's course of action. He is caught in a race against time to thwart their plans, not for the leader of a country but for the life of a friend.

This amusing guide claims that a cheater, armed with the right skills, always wins and provides a crash course in conning at cards, pool, bets, and pretty much any activity where a sucker can be cornered into taking a chance.
