Laurence Moroney

The Jungle Upton Sinclair, 1920 1906 bestseller shockingly reveals intolerable labor practices and unsanitary working conditions in the Chicago stockyards as it tells the brutally grim story of a Slavic family that emigrates to America full of optimism but soon descends into numbing poverty, moral degradation, and despair. A fiercely realistic American classic that will haunt readers long after they've finished the last page.

The Jungle Upton Sinclair, 2010-08-19 A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred

years after the novel first appeared in print.

Riley Can't Stop Crying Stéphanie

Boulay, 2021-03-16 ★ "Insightfully emotional...A poignant, purposeful depiction of a family learning to recognize, confront, and heal internal struggles with self-love and self-worth. Children in need of encouragement will find comforting revelations about the value of individuality."—School Library Journal, starred review Riley is inconsolable. He can't stop crying and nothing is making him feel better. His sister, Regina, tries her best to help him figure out what's wrong, but four-year-old Riley isn't sure. It's not his tummy, or his head, or the monsters under the bed. Regina and their dad try everything they can to make Riley smile, but nothing works until one day Regina has an idea. Maybe it's Riley that is making Riley upset. Regina knows what it feels like to be uncomfortable in her body, but she also knows that she's pretty amazing and really good at a lot of things. So how can she help Riley see that he's pretty amazing and really good at a lot of things? A charming story about a child's search for his true self under the compassionate eye of his older sister.

Modern Paganism in World Cultures Michael Strmiska, 2005-12-12 The most comprehensive study available of neo-pagan religious movements in North America and Europe. *Modern Paganism in World Cultures* collects the work of specialists in religion, folklore, and related fields to provide a comprehensive treatment of the movement to reestablish pre-Christian religions. Detailed accounts of the belief systems and rituals of each religion, along with analysis of the cultural, social, and political factors fueling the return to ancestral religious practice, make this a rich, singular resource. Scandinavian Asatru, Latvian Dievturi, American Wicca—long-dormant religions are taking on new life as people seek connection with their heritage and look for more satisfying approaches to the pressures of postmodernism. The Neopagan movement is a small but growing influence in Western culture. This book provides a map to these resurgent religions and an examination of the origins of the Neopagan movement.

Building and Interpreting Possession Sentences

Neil Myler, 2024-02-06 A wide-ranging generative analysis of the typology of possession sentences, solving long-standing puzzles in their syntax and semantics. A major question for linguistic theory concerns how the structure of sentences relates to their meaning. There is broad agreement in the field that there is some regularity in the way that lexical semantics and syntax are related, so that thematic roles (the different participant roles in an event: agent, theme, goal, etc.) are predictably associated with particular syntactic positions. In this book, Neil Myler examines the syntax and semantics of possession sentences, which are infamous for appearing to diverge dramatically from this broadly regular pattern. On the one hand, Myler points out, possession sentences have too many meanings; in any given language, the construction used to express archetypal possessive meanings (such as personal ownership) is also often used to express other apparently unrelated notions (body parts, kinship relations, and many others). On the other hand, possession sentences have too many surface structures; languages differ markedly in the argument structures used to convey the same possessive meanings. Myler argues that recent work on the syntax-semantics interface in the generative tradition has developed the tools needed to solve these puzzles. Examining and synthesizing ideas from the literature and drawing on data from many languages (including some understudied Quechua dialects), Myler presents a novel way to understand the apparent irregularity

of possession sentences while preserving explanations of general cross-linguistic regularities, offering a unified approach to the syntax and semantics of possession sentences that can also be integrated into a general theory of argument structure.

Mystery of the White Lions Linda

Tucker,2010-06-01 The inspiring firsthand account of one woman's journey into African shamanism and the mysteries of the most sacred animal on the continent: the legendary White Lion In 1991, Linda Tucker was rescued from a pride of lions in the Timbavati game region by a medicine woman known as the "Lion Queen." So began Linda's lifelong journey into the wisdom and ceremonies of Old Africa, in which humans and lions are able to cross the species barrier. Such knowledge is in accordance with the most guarded secrets of Ancient Egypt and humankind's greatest riddle, the Sphinx. Scientists in our day have established that humankind's most significant evolutionary leap occurred as a result of our ancestors' interaction with great cats. The White Lion is a genetic rarity within *Panthera leo*, and occurred in just one region on Earth: Timbavati. Today, White Lions form the center of the notorious "canned" trophy-hunting industry—hand-reared captive lions, shot in enclosures for gross sums of money. By contrast, shamans believe that killing a "lion sun god" is the ultimate sacrilege. How the human species treats such precious symbols of God in nature may determine how nature treats the human species. Whether we view them as prophetic "Lions of God" or simply as rare genetic mutations, the story of the White Lions is a true legend unfolding in our own extraordinary times. Inspiring, captivating, and thoroughly researched, *Mystery of the White Lions* is an unforgettable portrait of these magnificent beasts and of the overwhelming love that has driven Linda's every action to save them. "Through

understanding the White Lion we will understand ourselves and our great role in the chain of being.” –Deepak Chopra

Sterling hacks the future, and an elegant hack it is.” –Locus “Lucid and tremendously entertaining. Sterling shows once more his skills in storytelling and technospeak. A cyberpunk winner.” –Kirkus Reviews “So believable are the speculations that . . . one becomes convinced that the world must and will develop into what Sterling has predicted.” –Science Fiction Age “A very exciting coming-of-age story in a wild future America . . . What's it got? Cyberpunk attitude, genuine humor, nanotechnology, minimal sex but some cool medications and very big weather systems.” –SFReviews.net “Brilliant . . . Fascinating . . . Exciting . . . A full complement of thrills.” –The New York Review of Science Fiction

of Playing Cards William Andrew Chatto, 1848

Book of the True Poem Guillaume (de Machaut), Daniel Leech-Wilkinson, R. Barton Palmer, 1998 This is the first complete edition and the first English translation of one of the most fascinating poems of the late Middle Ages. Machaut's narrative tells the true story of the aged poet's romance with a young admirer, constructed around the letters and lyric poems they exchanged, and offers unique insights into the making of poetry, music and manuscripts. Introductory essays survey Machaut's biography, reevaluate the autobiographical content of the poem, explore the literary context, and discuss the miniatures, which are reproduced within the text. Also included is a full listing of variant readings, a commentary on references to contemporary events and the writing of the poem, an outline chronology, indices of lyrics, and a table to convert line numbers between this edition and the incomplete 1875 edition of P. Paris.
