Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book – used as a textbook by Panzer officers in the war – has an introduction and extensive background notes by the modern English historian Paul Harris.

Spell It Out David Crystal,2013-01-01 Why is there an 'h' in ghost? William Caxton, inventor of the printing press and his Flemish employees are to blame: without a dictionary or style guide to hand in fifteenth century Bruges, the typesetters simply spelled it the way it sounded to their foreign ears, and it stuck. Seventy-five per cent of English spelling is regular but twenty-five per cent is complicated, and in Spell It Out, our foremost linguistics expert David Crystal extends a helping hand to the confused and curious alike. He unearths the stories behind the rogue words that confound us, and explains why these peculiarities entered the mainstream, in an epic journey taking in sixth century monks, French and Latin upstarts, the Industrial Revolution and the internet. By learning the history and the principles, Crystal shows how the spellings that break all the rules become easier to get right.

Girl Waits With Gun Amy Stewart,2015-09-01 NATIONAL BESTSELLER. The first in the Kopps Sisters Novel Series, Girl Waits with Gun is an enthralling novel based on the forgotten true story of one of the nation’s first female deputy sheriffs. Constance Kopp doesn't quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront her past and defend her family – and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice “A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness.”–Elizabeth Gilbert
