Hearts and Mines Tanner Mirrlees,2016-01-15 The US security state is everywhere in cultural products: in army-supported news stories, TV shows, and video games; in CIA-influenced blockbusters and comics; and in State Department ads, broadcasts, and websites. Hearts and Mines examines the rise and reach of the US Empire's culture industry – a nexus between the US's security state and media firms and the source of cultural products that promote American strategic interests around the world. Building on Herbert I. Schiller's classic study of US Empire and communications, Tanner Mirrlees interrogates the symbiotic geopolitical and economic relationships between the US state and media firms that drive the production of imperial culture.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Transtopia in the Sinophone Pacific Howard Chiang,2021-04-06 As a broad category of identity, “transgender” has given life to a vibrant field of academic research since the 1990s. Yet the Western origins of the field have tended to limit its cross-cultural scope. Howard Chiang proposes a new paradigm for doing transgender history in which geopolitics assumes central importance. Defined as the antidote to transphobia, transtopia challenges a minoritarian view of transgender experience and makes room for the variability of transness on a historical continuum. Against the backdrop of the Sinophone Pacific, Chiang argues that the concept of transgender identity must be rethought beyond a purely Western frame. At the same time, he challenges China-centrism in the study of East Asian gender and sexual configurations. Chiang brings Sinophone studies to bear on trans theory to deconstruct the ways in which sexual normativity and Chinese imperialism have been produced through one another. Grounded in an eclectic range of sources—from the archives of sexology to press reports of intersexuality, films about castration, and records of social activism—this book reorients anti-transphobic inquiry at the crossroads of area studies, medical humanities, and queer theory. Timely and provocative, *Transtopia in the Sinophone Pacific* highlights the urgency of interdisciplinary knowledge in debates over the promise and future of human diversity.

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.
