To Kill a Mockingbird Harper Lee,2014-07-08 Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Samson and the Pirate Monks Nate Larkin,2007-02-18 With no-holds-barred honesty and poignant storytelling, Nate Larkin introduces a model of community and friendship that is reinvigorating men's ministry across the country, a model he calls The Samson Society. Too many men see the biblical hero Samson as their model for manhood--a rugged individualist of the highest order. Yet, Samson's solitary successes were eventually overcome by moral weaknesses. Larkin, through the story of his own past and the stories of those in The Samson Society, offers a radical, refreshing alternative.

Across the Sahara Klaus Braun,Jacqueline Passon,2020-08-14 This open access book provides a multi-perspective approach to the caravan trade in the Sahara during the 19th century. Based on travelogues from European travelers, recently found Arab sources, historical maps and results from several expeditions, the book gives an overview of the historical periods of the caravan trade as well as detailed information about the infrastructure which was necessary to establish those trade networks. Included are a variety of unique historical and recent maps as well as remote sensing images of the important trade routes and the corresponding historic oases. To give a deeper understanding of how those trading networks work, aspects such as culturally influenced concepts of spatial orientation are discussed. The book aims to be a useful reference for the caravan trade in the Sahara, that can be recommended both to students and to specialists and researchers in the field of Geography, History and African Studies.

100 Great War Movies Robert J. Niemi,2018-04-04 This book serves as a fascinating guide to 100 war films from 1930 to the present. Readers interested in war movies will learn surprising anecdotes about these films and will have all their questions about the films' historical accuracy answered. This cinematic guide to war movies spans 800 years in its analysis of films from those set in the 13th century Scottish Wars of Independence (*Braveheart*) to those taking place during the 21st-century war in Afghanistan (*Lone Survivor*). World War II has produced the largest number of war movies and continues to spawn recently released films such as *Dunkirk*. This book explores those, but also examines films set during such conflicts as the Napoleonic Wars, the American Civil War, World War I, the Vietnam War, and the wars in Afghanistan and Iraq. The book is organized alphabetically by film title, making it easy to navigate. Each

entry is divided into five sections: Background (a brief discussion of the film's genesis and financing); Production (information about how, where, and when the film was shot); Synopsis (a detailed plot summary); Reception (how the film did in terms of box office, awards, and reviews) and Reel History vs. Real History (a brief analysis of the film's historical accuracy). This book is ideal for readers looking to get a vivid behind-the-scenes look at the greatest war movies ever made.

In Cold Blood Truman Capote, 2013-02-19 Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

George C. Marshall: Education of a General, 1880-1939 Forrest C. Pogue, 2020-05-10 Born in Uniontown, Pennsylvania, George Catlett Marshall (1880-1959) attended the Virginia Military Institute and was named VMI's First Captain in his senior year, because of his character and sense of duty more than scholastic achievement. In 1902, while a second lieutenant, Marshall married Elizabeth Carter Coles. During World War I, Marshall demonstrated his superior skill for organization and leadership on the staff of General John J. Pershing, commander of the American Expeditionary Force in France. Between World Wars I and II, Marshall served as Pershing's aide in Washington, DC, with troops in China, as an instructor at Fort Benning, Georgia, and at other posts throughout the United States. Marshall married Katherine Boyce Tupper Brown in 1930 after the death of his first wife in 1927. He commanded the Vancouver Barracks in Vancouver, Washington between 1936 and 1938 and was appointed Army Chief of Staff by President Franklin D. Roosevelt on September 1, 1939. "Pogue and Harrison show admirably how Marshall's early life prepared him for his later responsibilities — his beginning as a second lieutenant in the Philippines, his service on Pershing's staff in the First World War, three years in China in the Twenties, his exceptionally influential term at the Infantry Training School at Fort Benning, a period organizing CCC camps..., a time in exile when MacArthur sent him to the Illinois National Guard, thereby, as Marshall thought, ending his career, until Pershing's insistent pressure brought him back to Washington and Harry Hopkins, impressed by his cool efficiency, urged him on Roosevelt. *Education of a General* is carefully researched, well composed and judiciously written. The portrait of Marshall is sympathetic but by no means worshipful." — Arthur Schlesinger Jr., *New York Review of Books* "A highly readable and thoroughly satisfactory biography that provides as full and definitive an account of the general's career to 1939 as is likely to appear for a long time... The portrait that emerges from these pages is clearly that of an outstanding officer in both staff and command, with wide experience in a variety of posts and a record for performing the tasks

assigned to him superlatively well... an outstanding work of scholarship and a definitive record of George Marshall's early years." — Louis Morton, *The Journal of Modern History* "This [book] will be interesting to the professional historian for its insights into the early career of a great soldier, for much new material on the development of the military profession in the first half of the twentieth century, and also for its methodology... No effort was spared to make the work truly 'definitive'... a well-written volume that is, and will likely remain, the best thing on Marshall's formative year." — Harry L. Coles, *The Journal of American History* "Simplicity of tactics; training for the unexpected; regarding as more important knowing when to make a decision than what the decision should be — these, and the ability to command by obtaining assent rather than by exacting formal obedience, were qualities characteristic of Marshall's own disposition. And they were tied up with the... conviction... that American Army officers must know how to command a citizen army... the present volume can help to explain why Marshall was a great war leader." — Kent Roberts Greenfield, *Political Science Quarterly* "The volume traces in a superb and detailed manner the progress of the General from childhood to the time he assumed the duties as Chief of Staff, U.S. Army in 1939... This book is a most scholarly account of the trials and tribulations of an exceptional Army officer during the period prior to 1939, and clearly demonstrates how the right man got to the right place at the right time." — *Naval War College Review* "A provocative history of the Army during the years of Marshall's rise... Because this is a book rich in research and information it raises questions as well as answers them. It promises to be one of the few indispensable works on the modern American Army." — Russell F. Weigley, *The Annals of the American Academy of Political and Social Science* "Pogue... presents logically the development of a junior officer... The annotations are bountiful and explicit, the bibliography of great value to historians, the persuasive rebuttal of widely circulated views of a decade ago most welcome. This well-organized and solidly written volume is good in itself and a welcome herald of the post-1939 volumes dealing with periods of great personal, national, and international controversy." — Mark S. Watson, *The American Historical Review* "A work very much worth attention... Mr. Pogue's book... is a fascinating story; it gives a detailed account of the way in which this rather cold and self-contained person became a gifted leader and master of men..." — Bruce Catton, *American Heritage* "This is a vastly thorough piece of research... a careful picture of the life and problems of an able American regular officer in the first third of the twentieth century." — C. P. Stacey, *International Journal* "A book which resembles its subject in simplicity, directness, and thoroughness... This is an excellent example of military-historical writing, and an important contribution to the history of our times." — H. A. De Weerd, *The Virginia Quarterly Review*

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of

the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Transhumanist Wager Zoltan Istvan,2013 Philosopher, entrepreneur, and former National Geographic and New York Times correspondent Zoltan Istvan presents his visionary novel, *The Transhumanist Wager*, as a seminal statement of our times. Scorned by over 500 publishers and literary

agents around the world, his philosophical thriller has been called revolutionary and socially dangerous by readers, scholars, and religious authorities. The novel debuts a challenging original philosophy, which rebuffs modern civilization by inviting the end of the human species-and declaring the onset of something greater. Set in the present day, the novel tells the story of transhumanist Jethro Knights and his unwavering quest for immortality via science and technology. Fighting against him are fanatical religious groups, economically depressed governments, and mystic Zoe Bach: a dazzling trauma surgeon and the love of his life, whose belief in spirituality and the afterlife is absolute. Exiled from America and reeling from personal tragedy, Knights forges a new nation of willing scientists on the world's largest seasteading project, Transhumania. When the world declares war against the floating city, demanding an end to its renegade and godless transhuman experiments and ambitions, Knights strikes back, leaving the planet forever changed.
