What Do Economists Contribute? Daniel B. Klein,2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our *raison d'etre* ? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.

Roald Dahl Damian Walford Davies,2016-08-15 Published to mark the centenary of Roald Dahl's (Welsh) birth, *Roald Dahl: Wales of the Unexpected* breaks new ground by revealing the place of Wales in the imagination of the writer known as 'the world's number one storyteller'. Exploring the complex conditioning presence of Wales in his life

and work, the essays in this collection dramatically defamiliarise Dahl and in the process render him uncanny. Importantly, Dahl is encountered whole – his books for children and his fiction for adults are read as mutually invigorating bodies of work, both of which evidence the ways in which Wales, and the author's Anglo-Welsh orientation, demand articulation throughout the career. Recognising the impossibility of constructing a monolithic 'Welsh' Dahl, the contributors explore the compound and nuanced ways in which Wales signifies across the oeuvre. Roald Dahl: Wales of the Unexpected takes Dahl studies into new territory in terms of both subject and method, showing the new horizons that open up when Dahl is read through a Welsh lens. Locating Dahl in illuminating new textual networks, resourcefully offering fresh angles of entry into classic Dahl texts, rehabilitating neglected Dahl texts, and analysing the layered genesis of (seemingly) familiar works by excavating the manuscripts, this innovative volume brings Dahl 'home' in order to render him invigoratingly unhomely. The result is not a parochialisation of Dahl, but rather a new internationalisation.

Hebridean Altars Alistair Maclean, 2013-01-07

Welsh Retrospective Dannie Abse, 2008-07 Welsh Retrospective is a selection of poems about his native Wales by one of Britain's most popular poets. Dannie Abse's Welsh and Jewish backgrounds have been essential to his writings. Wales and Cardiff, in particular, have haunted his imagination. In this revealing new book he writes movingly about the Cardiff of his childhood, home of his beloved Bluebirds football team, and also about the small village of Ogmore-by-Sea, location of early holidays and for many years his home in Wales. Selected from the whole of Dannie Abse's writing career, the book includes such well known and well-loved poems as Return to Cardiff and In the Theatre alongside many

previously uncollected poems. Some poems draw on Jewish writings, others on Welsh language literature.

Bartholomew, 2004 Davies on Contract aims to be the ideal introduction to contract law, breaking the subject down into its component parts and providing a short and simple explanation of each key area. This edition has been extensively rewritten and restructured to reflect the changes in the way that contract law is presently taught, making it an ideal accompaniment to study. However, it retains the simplicity and accessibility which has made previous editions popular.

Oak Furniture Victor Chinnery, 1986 Victor Chinnery's scholarly work covers the history and development of furniture in oak and kindred timbers in the British Isles and New England, from the Middle Ages through to 1800. The subject is broken down into a logical sequence of aspects and each

A Collector's History of English Pottery

Griselda Lewis, 1999 This is the fifth revised edition of a standard work of reference which was first published in 1969. It is a remarkable book that effortlessly and enjoyably takes the reader from the earliest pottery extant dating from the first Neolithic period, through the great classical names such as Wedgwood and Spode, Staffordshire and Ironstone to the more readily

collectable pottery of the nineteenth and twentieth centuries. There are many individual studies of potteries and potters but here Griselda Lewis succeeds in putting this vast array of them into an understandable historical perspective and traces the links in the development of the rich tradition of pottery in England. This book triumphantly succeeds in the most difficult task of all, that of arousing enthusiasm. - this comment by a reviewer on a previous edition of the work neatly sums up one of the main reasons for the book's enduring success. The new edition contains almost three times as much colour as the first edition and benefits from the wealth of research that has gone on in the past twelve years. There is a large section on modern studio potters and commercial wares that will be of particular interest to the contemporary collector. AUTHOR: Griselda Lewis is author of many books on pottery including *An Introduction to English Pottery*, *A Picture History of English Pottery*, *Prattware* (with John Lewis) and *A Handbook of Crafts*. 175 colour & 173 b/w illustrations

Berlin Art Now Marc Gisbourne, 2006 Since the fall of the Berlin Wall, unified Germany's new capital city has experienced an extraordinary renaissance and a triumphant return to the ranks of Europe's tastemaking cities. New Berlin has not only attracted contemporary artists formerly based in the regions of Cologne, Hamburg, and Düsseldorf, but many internationally renowned artists as well. *Berlin Art Now* explores the mindsets, mentalities, and working practices of twenty-three painters and sculptors whose work is

now shaping Berlins burgeoning art scene. The city itself plays an integral role in each artists style, distinguishing Berlins resident artist culture from those of other Western European cities. With text by Mark Gisbourne of the Courtauld Institute in London and photographs of both the artists and the city by noted portraitist Jim Rakete, Berlin Art Now poses (and answers) the question, Why Berlin, and why now?
