Writing as a Path to Awakening Albert DeSilver,2017-08-31 The best writers say their work seems to come from a source beyond the thinking mind. But how do we access that source? We must first look inside ourselves and be willing to touch that raw emotional core at the heart of a deeper creativity, writes Albert Flynn DeSilver. In *Writing as a Path to Awakening*, this renowned poet, writer, and teacher shows you how to use meditation to cultivate true depth in your own writing—so your words reveal layers of profound insight that inspire and move your readers. Constructed as a year-long exploration with a new focus for each month and season, *Writing as a Path to Awakening* includes: • How to approach writing and reading with a greater level of presence and immersion • Engaging curiosity, playfulness, and spontaneity to keep your regular practice fresh • Meditating with poetry to deeply embody the power of language • How you can spark your imagination by connecting to the groundless source of creation • The meditative approach to storytelling—how not being trapped in your story liberates your capacity to create • Editing, rewriting, and the path of spiritual transformation Writing and meditation practice are a powerful pair, a dynamic duo, Albert Flynn DeSilver teaches. Together they nourish and push, trigger and define, inform and inspire, enable, and energize. To engage in both practices fully is to activate a more complete, creative, and spiritual self. With a mixture of engaging storytelling and practical exercises, *Writing as a Path to Awakening* invites you on a yearlong journey of growth and discovery—to enhance your writing through the practice of meditation while using the creative process to accelerate your spiritual evolution.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
