Costumes & Chemistry Sylvia Moss,2001 Based on 14 years of research and experiment with plastics and various non-traditional materials, this book supplies information to designers and interpreters on specialized techniques for use in costumes for theatre, film and TV. Also included are charts detailing the effects of dry cleaning and laundering on adhesives, coatings, colourings and metallisers, allowing the designer to make appropriate choices for specific needs and longevity. This reference delivers many exciting new choices to designers and craftspeople, with the bonus of improved safety, maintenance, comfort for the wearer and visual effects for the audience.

The Art of Tron: Legacy Justin Springer,2010-11-23 Tron Legacy is one of the most highly anticipated movies of 2010. Starring Oscar-nominated Jeff Bridges (The Big Lebowski, Iron Man, Crazy Heart), Garrett Hedlund (Friday Night Lights) and Olivia Wilde (House), this action/sci-fi film picks up 28 years after the events of the original Tron. Hedlund plays Sam, the son of the original movie's lead, Kevin Flynn (Bridges). Kevin has been missing for years. To find him, Sam must return to the world of the Grid. This 3D movie, in theaters December 17th 2010, is sure to be a mega-hit. The Art and Making of Tron Legacy is a view into not only the creation of the 2010 film, but will also contain never-before-seen looks at the design and creation of 1982's original Tron. Tron was like nothing the world had ever seen. A melding of cutting-edge computer effects and live action, it captured the imaginations of a generation. It also gave viewers a glimpse of the future of movies, and created a cult following. The design, effects and iconic qualities of Tron: Legacy will appeal to everyone who loves action and sci-fi movies. Fans of the original movie and the legions of fans for the new movie will be thrilled to get an insider's perspective on the movie's creation, and that's exactly what they'll find in The Art and Making of Tron Legacy. Written by co-producer Justin Springer, the book will spotlight the technical wizardry, imagination, artistry, and passion that brought this project to life. From concept art and designs, to profiles on the characters and the actors playing them, to on-set photography and visuals from the movie itself, every step of the film's creation will be broken down and laid out for the reader. In addition, this title will also have a preface by Joseph Kosinski, the director of Tron Legacy; and a forward by Steven Lisberger, the director of the original Tron and producer of Tron Legacy. The book will use special fluorescent inks to make the illuminated world of Tron come to life, and is sure to be a must-have coffee table edition for the holidays.

Legends of the Wulin EOS Sama,2014-10-01 You who have dreamed of finding the love worth fighting for, the friends worth fighting with, and the secrets of the martial arts: dream no longer. Welcome to Shen Zhou: a China that never was, a land of mysteries and adventures, appearing for the first time in the Legends of the Wulin Role Playing Game. Welcome to the Wulin itself to the world of martial arts, where the dreams and ambitions of heroes collide. Become a wuxia hero, with a grander-than-life personality, capable of great joy and overwhelming melancholy. Step outside the accepted order of things: it cannot contain the immense passions and inspirations that move you. Take up your blade and join your martial brothers. Master an array of new and powerful kung fu styles and learn the deep mysteries of the secret arts. It's time to become a legend. Guard the Sun and Moon. Weave the Divine Iron Web. Invoke the Hell-Pattern Judgment. Practice the Hidden Execution Strike. Recite the Mantra of Immolation. Call upon the Iron Buddha's Disapproval. Fly like the Golden Crow. Wield the Lotus-Forged Needles. Master medicine, confound your enemies with the secret arts of intrigue, and read from the sacred registers. Inflict curses and blessings. Practice extraordinary Daoist techniques. Carry the lightning of Heaven hidden in your hand.

A History of Cornell Morris Bishop,2014-10-15 Cornell University is fortunate to have as its historian a man of Morris Bishop's talents and devotion. As an accurate record and a work of art possessing form and personality, his book at once conveys the unique character of the early university—reflected in its vigorous founder, its first scholarly president, a brilliant and eccentric faculty, the hardy student body, and, sometimes unfortunately, its early architecture—and establishes

Cornell's wider significance as a case history in the development of higher education. Cornell began in rebellion against the obscurantism of college education a century ago. Its record, claims the author, makes a social and cultural history of modern America. This story will undoubtedly entrance Cornellians; it will also charm a wider public. Dr. Allan Nevins, historian, wrote: I anticipated that this book would meet the sternest tests of scholarship, insight, and literary finish. I find that it not only does this, but that it has other high merits. It shows grasp of ideas and forces. It is graphic in its presentation of character and idiosyncrasy. It lights up its story by a delightful play of humor, felicitously expressed. Its emphasis on fundamentals, without pomposity or platitude, is refreshing. Perhaps most important of all, it achieves one goal that in the history of a living university is both extremely difficult and extremely valuable: it recreates the changing atmosphere of time and place. It is written, very plainly, by a man who has known and loved Cornell and Ithaca for a long time, who has steeped himself in the traditions and spirit of the institution, and who possesses the enthusiasm and skill to convey his understanding of these intangibles to the reader. The distinct personalities of Ezra Cornell and first president Andrew Dickson White dominate the early chapters. For a vignette of the founder, see Bishop's description of his first buildings (Cascadilla, Morrill, McGraw, White, Sibley): At best, he writes, they embody the character of Ezra Cornell, grim, gray, sturdy, and economical. To the English historian, James Anthony Froude, Mr. Cornell was the most surprising and venerable object I have seen in America. The first faculty, chosen by President White, reflected his character: his idealism, his faith in social emancipation by education, his dislike of dogmatism, confinement, and inherited orthodoxy; while the romantic upstate gothic architecture of such buildings as the President's house (now Andrew D. White Center for the Humanities), Sage Chapel, and Franklin Hall may be said to portray the taste and Soul of Andrew Dickson White. Other memorable characters are Louis Fuertes, the beloved naturalist; his student, Hugh Troy, who once borrowed Fuertes' rhinoceros-foot wastebasket for illicit if hilarious purposes; the more noteworthy and the more eccentric among the faculty of succeeding presidential eras; and of course Napoleon, the campus dog, whose talent for hailing streetcars brought him home safely—and alone—from the Penn game. The humor in *A History of Cornell* is at times kindly, at times caustic, and always illuminating.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Power Rangers: Sins of the Future Trey Moore, 2020-11-03 Time Force Pink Ranger Jen Scotts and Red Ranger Wes Collins have defeated their greatest enemy, discover their love may threaten all of time - but can they find a way to survive a shocking new threat and find their way back to each other? A LOVE THAT CROSSES ALL OF TIME & SPACE After defeating the villainous Ransik along with their allies in the time-traveling Time Force, Pink Ranger Jen Scotts and Red Ranger Wes Collins want to try for a real relationship. But without sacrificing their commitments to the Silver Guardians and Time Force, can the two actually make the ultimate long-distance relationship work? But when Jen returns from the future, she and Wes are attacked by a mysterious stranger who has dire news - if these two stay together, they'll disrupt the timeline and change the destiny of humanity! The shocking identity of their accuser sets them on a collision path with an enemy they never expected. Can Jen and Wes survive the threats to their pasts, presents and futures? Or will their love be the end of all time as they know it? Trey Moore (Mighty Morphin Power Rangers), Matthew Erman (Bonding) and Giuseppe Cafaro (Saban's Power Rangers: Soul of The Dragon) present an all-new graphic novel set after the events of the hit Power Rangers: Time Force television series featuring two of the most popular

Rangers of all time!

This Girl for Hire G.G. Fickling,2024-04-02 In the bustling streets of 1950s Los Angeles, Honey West emerges as a dazzling beacon of wit, charm, and unwavering courage. *This Girl for Hire* marks the thrilling debut of the first female private eye in popular fiction. Honey isn't just any detective; she's a trailblazer in a man's world, combining unparalleled intellect with a femme fatale's allure. Whether she's navigating the shadowy alleys of crime or the intricate puzzles of love, West proves time and again that she's more than capable of cracking the toughest cases.

GURPS Psionics David L. Pulver,2003-05 -- Adds many new mental powers to GURPS...lets players create more powerful characters. -- By one of the GURPS system's most popular authors.

Doodling 101: A Silly Symposium Mo Willems,2021-08-31 Doodlers earn their MMD (Master Mo Doodler) diploma in 15 days or less (or more!) with this activity-packed doodle book. Draw impossible buildings, animate favorite characters, design sets, make puppets, give gifts, and create abstract art with Mo Willems! This 144-page activity book builds on the 15-episode web series LUNCH DOODLES with Mo Willems! originally produced by Mo Willems with the Kennedy Center in March of 2020. Featuring new hosts Kit and Kaboodle, the Doodle Poodles, kids get writing and drawing tips from Mo across 15 chapters of daily doodling fun. Bonus features include perforated gatefold SUPER BOUNCE gameboards, pop-out finger puppets, and how-to-draw instructions of popular Mo Willems characters.

One Place after Another Miwon Kwon,2004-02-27 A critical history of site-specific art since the late 1960s. Site-specific art emerged in the late 1960s in reaction to the growing commodification of art and the prevailing ideals of art's autonomy and universality. Throughout the 1970s and 1980s, as site-specific art intersected with land art, process art, performance art, conceptual art, installation art, institutional critique, community-based art, and public art, its creators insisted on the inseparability of the work and its context. In recent years, however, the presumption of unrepeatability and immobility encapsulated in Richard Serra's famous dictum to remove the work is to destroy the work is being challenged by new models of site specificity and changes in institutional and market forces. *One Place after Another* offers a critical history of site-specific art since the late 1960s and a theoretical framework for examining the rhetoric of aesthetic vanguardism and political progressivism associated with its many permutations. Informed by urban theory, postmodernist criticism in art and architecture, and debates concerning identity politics and the public sphere, the book addresses the siting of art as more than an artistic problem. It examines site specificity as a complex cipher of the unstable relationship between location and identity in the era of late capitalism. The book addresses the work of, among others, John Ahearn, Mark Dion, Andrea Fraser, Donald Judd, Renee Green, Suzanne Lacy, Inigo Manglano-Ovalle, Richard Serra, Mierle Laderman Ukeles, and Fred Wilson.

God Complex Vol. 1: Dogma Paul Jenkins,2018-07-18 A young forensics investigator finds his worldview turned upside down when a bizarre religious triple homicide introduces him to the Rulers, godlike beings who have ruled humanity since the dawn of time. From writer PAUL JENKINS (*SPAWN: RESURRECTION*, *The Inhumans*, *Marvel Knights: Sentry*) and artist HENDRY PRASETYA (*Mighty Morphin Power Rangers*), *GOD COMPLEX: DOGMA* is a unique spin on ancient mythology with a focus on one man's journey of faith. Collects *GOD COMPLEX* #1-6

The Nature of Technology W. Brian Arthur,2010 The Nature of Technology will change the way you think about this fundamental subject forever. W. Brian Arthur's many years of thinking and writing about technology have culminated in a unique understanding of his subject. Here he examines the nature of technology itself: what is it and how does it evolve? Giving rare insights into the evolution of specific technologies and a new framework for thinking about others, every sentence points to some further truth and fascination. At a time when we are ever more reliant on technological solutions for the world's problems, it is extraordinary how little we actually understand the processes that lead to innovation and invention. Until now. This will be a landmark book that will define its subject, and inspire people to think about technology in depth for the very first time.

The NES Omnibus Brett Weiss,2020-11-28 The NES Omnibus: The Nintendo Entertainment System and Its Games, Vol. 1 (A-L), covers the first half of the NES library in exhaustive and engaging detail. More than 350 games are featured, including such iconic titles as Castlevania, Donkey Kong, Double Dragon, Duck Hunt, Final Fantasy, and The Legend of Zelda. Each game, whether obscure or mainstream, is given the spotlight. In addition to thorough gameplay descriptions, the book includes reviews, memories, historical data, quotes from vintage magazines, and, best of all, nostalgic stories about many of the games from programmers, authors, YouTube celebs, and other industry insiders. The book also features more than 1,500 full-color images, including box art, screenshots, and vintage ads.
