The Heavy Dara-Lynn Weiss, 2013-01-15 For readers of *Battle Hymn of the Tiger Mother* and *Bringing Up Bebe*, a mother's unflinching memoir about helping her seven year-old daughter lose weight, and the challenges of modern parenting. When a doctor pronounced Dara-Lynn Weiss's daughter Bea obese at age seven, the mother of two knew she had to take action. But how could a woman with her own food and body issues—not to mention spotty eating habits—successfully parent a little girl around the issue of obesity? In this much-anticipated, controversial memoir, Dara-Lynn Weiss chronicles the struggle and journey to get Bea healthy. In describing their process—complete with frustrations, self-recriminations, dark humor, and some surprising strategies—Weiss reveals the hypocrisy inherent in the debates over many cultural hot-button issues: from processed snacks, organic foods, and school lunches to dieting, eating disorders, parenting methods, discipline, and kids' self-esteem. Compounding the challenge were eating environments—from school to restaurants to birthday parties—that set Bea up to fail, and unwelcome judgments from fellow parents. Childhood

obesity, Weiss discovered, is a crucible not just for the child but also for parents. She was criticized as readily for enabling Bea's condition as she was for enforcing the rigid limits necessary to address it. Never before had Weiss been made to feel so wrong for trying to do the right thing. The damned if you do/damned if you don't predicament came into sharp relief when Weiss raised some of these issues in a *Vogue* article. Critics came out in full force, and Weiss unwittingly found herself at the center of an emotional and highly charged debate on childhood obesity. A touching and relatable story of loving a child enough to be unpopular, *The Heavy* will leave readers applauding Weiss's success, her bravery, and her unconditional love for her daughter. Advance praise for *The Heavy* "Have you ever been 'that mother'? You know, the one who others criticize or question? If so, then you know what incredible courage and daring it can take to raise a child in a way that doesn't always meet other people's expectations. Dara-Lynn Weiss is inspirational for her sheer will, her unwavering dedication, and her willingness to take accountability for her own actions. *The Heavy* is a stark look at imperfect parenting—and why our mistakes make us better parents."—Christine Carter, author of *Raising Happiness* "Dara-Lynn Weiss had to defy her child's school, the judgments of other parents, and our fast food culture to rescue her daughter from the epidemic of obesity. Parents should see this as an inspiration—and a wake-up call."—Amy Dickinson, "Ask Amy" advice columnist and author of *The Mighty Queens of Freeville* "The *Heavy* should be required reading for every parent because it tackles—with refreshing honesty—that universal question we'll all face: how to do what's best for our children, even when the kids resist our efforts and society judges our approach. Dara-Lynn Weiss has written a brave book and started a crucial and overdue national conversation."—Abigail Pogrebin, author of *One and the Same* and *Stars of David*

Golden Boy Martin Booth, 2006-11-14 At seven years old, Martin Booth found himself with all of

Hong Kong at his feet. His father was posted there in 1952, and this memoir is his telling of that youth, a time when he had access to the corners of a colony normally closed to a Gweilo, a pale fellow like him. His experiences were colorful and vast. Befriending rickshaw coolies and local stallholders, he learned Cantonese, sampled delicacies such as boiled water beetles and one-hundred-year-old eggs, and participated in vibrant festivals. He even entered the forbidden Kowloon Walled City, wandered into a secret lair of Triads, and visited an opium den. From the plink-plonk man with his dancing monkey to the Queen of Kowloon (a crazed tramp who may have been a Romanov), Martin Booth saw it all---but his memoir illustrates the deeper challenges he faced in his warring parents: a broad-minded mother who embraced all things Chinese and a bigoted father who was enraged by his family's interest in going native. Martin Booth's compelling memoir, the last book he completed before dying, glows with infectious curiosity and humor and is an intimate representation of the now extinct time and place of his growing up.

When We Were Orphans Kazuo Ishiguro, 2001-01-16 From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* comes this stunning work of soaring imagination. Born in early twentieth-century Shanghai, Banks was orphaned at the

age of nine after the separate disappearances of his parents. Now, more than twenty years later, he is a celebrated figure in London society; yet the investigative expertise that has garnered him fame has done little to illuminate the circumstances of his parents' alleged kidnappings. Banks travels to the seething, labyrinthine city of his memory in hopes of solving the mystery of his own painful past, only to find that war is ravaging Shanghai beyond recognition—and that his own recollections are proving as difficult to trust as the people around him. Masterful, suspenseful and psychologically acute, *When We Were Orphans* offers a profound meditation on the shifting quality of memory, and the possibility of avenging one's past.

Black Swan Green David Mitchell, 2007-02-27 By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* | Longlisted for the Man Booker Prize Selected by Time as One of the Ten Best Books of the Year | A New York Times Notable Book | Named One of the Best Books of the Year by The Washington Post Book World, The Christian Science Monitor, Rocky Mountain News, and Kirkus Reviews | A Los Angeles Times Book Prize Finalist | Winner of the ALA Alex Award | Finalist for the Costa Novel Award From award-winning writer David Mitchell comes a sinewy, meditative novel of boyhood on the cusp of adulthood and the old on the cusp of the new. *Black Swan Green* tracks a single year in what is, for thirteen-year-old Jason Taylor, the sleepiest village in muddiest Worcestershire in a dying Cold War England, 1982. But the thirteen chapters, each a short story in its own right, create an exquisitely observed world that is anything but sleepy. A world of Kissingeresque realpolitik enacted in boys' games on a frozen lake; of "nightcreeping" through the summer backyards of strangers; of the tabloid-fueled thrills of the Falklands War and its human toll; of the cruel, luscious Dawn Madden and her power-hungry boyfriend, Ross Wilcox; of a certain Madame Eva van Outryve de Crommelynck, an elderly bohemian emigré who is both more and less than she

appears; of Jason's search to replace his dead grandfather's irreplaceable smashed watch before the crime is discovered; of first cigarettes, first kisses, first Duran Duran LPs, and first deaths; of Margaret Thatcher's recession; of Gypsies camping in the woods and the hysteria they inspire; and, even closer to home, of a slow-motion divorce in four seasons. Pointed, funny, profound, left-field, elegiac, and painted with the stuff of life, *Black Swan Green* is David Mitchell's subtlest and most effective achievement to date. Praise for *Black Swan Green* "[David Mitchell has created] one of the most endearing, smart, and funny young narrators ever to rise up from the pages of a novel. . . . The always fresh and brilliant writing will carry readers back to their own childhoods. . . . This enchanting novel makes us remember exactly what it was like."—The Boston Globe "[David Mitchell is a] prodigiously daring and imaginative young writer. . . . As in the works of Thomas Pynchon and Herman Melville, one feels the roof of the narrative lifted off and oneself in thrall."—Time

The Last Partnerships: Inside the Great Wall Street Dynasties Geisst, 2001-03-08 They laid the foundations of American finance and defined the American brand of capitalism. They bankrolled wars, were the impetus behind the building of the first transcontinental railroad system, and fueled a fledgling nation's grandiose dreams of empire. S&M Allen, J. P. Morgan & Co., Goldman Sachs, Lehman Brothers...they were the great Wall Street partnerships, and for well over a century, through a combination of financial genius, political chicanery, and the audacity of Caesars, they wielded unprecedented influence over the business, financial, and political landscapes of a nation. *The Last Partnerships* combines rigorous scholarship with journalism at its best to present a panoramic history of the rise and fall of the great financial houses—from the “Yankee Bankers,” at the turn of the 19th century, up to Goldman Sachs' historic IPO in 1999—tracing their origins, their successes and failures over the years, and the reasons for their ultimate demise. *The Last Partnerships* is must-reading for history buffs and everyone interested in the world of finance behind the business-page headlines.

Excession Iain M. Banks, 2008-09-04 The novels of Iain M. Banks have forever changed the face of modern science fiction. His Culture books combine breathtaking imagination with exceptional storytelling, and have secured his reputation as one of the most extraordinary and influential writers in the genre. 'Banks is a phenomenon' William Gibson Two and a half millennia ago in a remote corner of space, beside a trillion-year-old dying sun from a different universe, the artifact appeared. It was a perfect black-body sphere, and it did nothing. Then it disappeared. Now it is back. Diplomat Genar-Hofoen of Special Circumstances is sent to investigate but, sidetracked by an old flame and the spoiled-brat operative Ulver Seich, and faced with the systematic depravities of a race who call themselves the Affront, it's anyone's guess whether he'll succeed . . . Praise for the Culture series: 'Epic in scope, ambitious in its ideas and absorbing in its execution' Independent on Sunday 'Banks

A Confederacy of Dunces John Kennedy Toole,2007-12-01 Winner of the Pulitzer Prize “A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue.”—The New York Times Book Review *A Confederacy of Dunces* is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures (Henry Kisor, Chicago Sun-Times).

Godard On Godard Jean-luc Godard,1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for La Gazette du Cinéma to his later writings for Cahiers du Cinéma, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of Breathless, A Woman Is a Woman, My Life to Live, Alphaville, La Chinoise, and Weekend, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.
