Because Claudette Tracey Baptiste,2022-02-01 From NYT bestselling author Tracey Baptiste comes a singular picture book that is both a biography

about Claudette Colvin, the teen whose activism launched the Montgomery bus boycott, and a celebration of collective action. When fifteen-year-old Claudette Colvin boarded a segregated bus on March 2, 1955, she had no idea she was about to make history. At school she was learning about abolitionists like Harriet Tubman and Sojourner Truth, which helped inspire her decision to refuse to give up her seat to a white woman, which led to her arrest, which began a crucial chain of events: Rosa Park's sit-in nine months later, the organization of the Montgomery bus boycott by activists like Professor Jo Ann Robinson and Dr. Martin Luther King Jr., and the Supreme Court decision that Alabama's bus segregation was unconstitutional—a major triumph for the civil rights movement. Because of Claudette's brave stand against injustice, history was transformed. Now it's time for young readers to learn about this living legend, her pivotal role in the civil rights movement, and the power of one person reaching out to another in the fight for change.

To the Front! Claudia Friddell, 2022-03-01 This powerful tribute to Civil War nurse Clara Barton and her heroic efforts during the Battle of Antietam reveals how she earned the name The Angel of the Battlefield, and shows the beginnings of her journey as one of our country's greatest humanitarians and the founder of the American Red Cross. During the Civil War, Clara Barton—one of the first women to receive permission to serve on a battlefield—snuck her supply wagon to the head of a ten-mile wagon train to deliver provisions to the Antietam Battlefield. On the bloodiest day in American history, Clara and her team of helpers sprang into action as they nursed the wounded and dying, cooked meals for soldiers, and provided doctors with desperately needed medical supplies and lanterns so they could operate through the night. Author Claudia Friddell blends her words with Clara Barton's firsthand account to capture the nurse's brave actions, while Christopher Cyr's dramatically accurate illustrations portray one of the most heroic women in history.

1-Day Diet - the Fastest Diet in the World! Jennifer Jolan, Rich Bryda, 2014-01-06 If you've dreamed of a way to safely and quickly lose weight while still eating foods you love, then this book by bestselling weight loss authors Jennifer Jolan and Rich Bryda could be exactly what you're looking for. The 1-Day Diet is changing the diet and weight loss world. Based on hard science, it works without constantly dieting for days, weeks, and months at a time... without planning special meals... without counting calories... and without needing to exercise. The idea behind this diet was first discovered by professional athletes (who wanted to lose body fat without starving or feeling tired) and then perfected for women by a world-class diet expert. In fact, it's not unusual to lose 2-5 pounds the first day and up to 30 pounds the first month without fat returning. The Best Part? You're only allowed to do the diet 1-3 days per week. The rest of the week you can eat all your favorite foods (even bad foods) as long as you follow a few simple guidelines. Some of the secrets in this fascinating book include: The science behind why it's almost impossible to fail here. (Even if everything else hasn't worked.) - How to diet

1 day a week to KEEP fat off forever. (No yo-yo effect or worrying about fat creeping back on.) - A simple 5-minute exercise that can double your weight loss speed on the 1-Day Diet. (Exercise is NOT required-but you can lose weight TWICE as fast by doing this simple exercise that takes only 5 minutes per day.) - How to use the 1-Day Diet Plan to cut your food bill almost in half. - How to prevent fat gain even while pigging out on holidays and weekends. - How the 1-Day Diet naturally eliminates cravings and thinking about food. - A spice that lowers blood sugar levels, makes you more insulin sensitive (that's really good thing), and helps you lose weight. - The 1-hour window to eat as bad as you want without gaining fat. (If you really want to indulge, eat your bad meals at this exact time to carbs turn into energy instead of fat.) - Why the 1-Day Diet is NECESSARY for pre-diabetic people... or who have full-blown diabetes. (Millions of people are pre-diabetic and don't even know it.) - Why typical dieting and exercise are often no match for CRAZY, out-of-control hormones... and how to fix your hormones so weight loss follows. - The culprit found in processed foods at a rate of 1,000,000 times higher than estrogen found in women's breasts! A disaster for weight loss. - How our foods became so nutritionally empty that it now takes 26 of this fruit to equal the nutrition of 1 of them from 1914! - You know second-hand smoke is bad for you, right? Well, this common food is like the equivalent of second-hand smoke. Bad news... and you're eating it without even knowing it. - Women hold fat because they have 1,000 TIMES the concentration of these versus men (a big reason why women usually have a harder time losing weight). - This cheap substance has 84 different minerals... the version you probably get has only 2.
