*Achtung-Panzer!* Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**The Strange Case of Origami Yoda (Origami Yoda #1)** Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics

of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." **Typographic Systems of Design** Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

**I Guarantee It** George Zimmer, 2021-09-21 America knew George Zimmer for one of the most famous slogans in television advertising history: "I guarantee it." Zimmer rode his promise to lead the Men's Wearhouse to unimagined success as a retail giant. Now, years removed from his stunning dismissal as leader of the company he founded, *I Guarantee It* recounts the journey of Zimmer's rise, the fall of the Men's Wearhouse, and his personal renewal. For forty-one years, George Zimmer forged a relationship with American men who wanted to like the way they looked without getting too fussy about it. He made them a promise that came straight from the shoulder: "I guarantee it," he said, and it was ironclad. By the millions, customers walked into The Men's Wearhouse stores in all fifty states and Canada, where they received "quality, service, and a good price," where they bought suits, ties, sports coats, and slacks by the tens of billions of dollars. Then a backstabbing – the handpicked board of directors fired Zimmer from the company he had created and developed into the most successful men's specialty store in world history. Eight years later, Zimmer is back to tell his story: a man raised by a prosperous and loving family, a fun-loving son of the sixties, a merchant, an entrepreneur, a pitchman for the ages. Zimmer's ouster devastated but did not destroy him. His is a story of hard work and resilience, about a life in business that succeeded beyond belief and followed the Golden Rule. It's a story that will teach and inspire. He guarantees it.
