The Brazil Reader James N. Green, Victoria Langland, Lilia Moritz Schwarcz, 2018-12-07 From the first encounters between the Portuguese and indigenous peoples in 1500 to the current political turmoil, the history of Brazil is much more complex and dynamic than the usual representations of it as the home of Carnival, soccer, the Amazon, and samba would suggest. This extensively revised and expanded second edition of the best-selling Brazil Reader dives deep into the past and present of a country marked by its geographical vastness and cultural, ethnic, and environmental diversity. Containing over one hundred selections—many of which appear in English for the first time and which range from sermons by Jesuit missionaries and poetry to political speeches and biographical portraits of famous public figures, intellectuals, and artists—this collection presents the lived experience of Brazilians from all social and economic classes, racial backgrounds, genders, and political perspectives over the past half millennium. Whether outlining the legacy of slavery, the roles of women in Brazilian public life, or the importance of political and social movements, *The Brazil Reader* provides an unparalleled look at Brazil's history, culture, and politics.

Speeches of Note Shaun Usher, 2018-12-04 From the author of the New York Times bestseller *Letters of Note* comes a collection of 75 of history's most interesting, profound, and sometimes unknown speeches from a range of scintillating personalities such as Frederick Douglass, Justin Trudeau, Albert Einstein, Meghan Markle, Barbara Jordan, and Ursula K. Le Guin. This thoughtfully curated and richly illustrated collection celebrates oratory old and new, highlighting speeches we know and admire, while also shining a light on profound drafts that were never delivered or have until now been forgotten. From George Bernard Shaw's warm and rousing toast to Albert Einstein in 1930 and the commencement address affectionately given to graduates at Long Island University by Kermit the Frog, to the chilling public announcement (that was thankfully never made) by President Richard Nixon should Neil Armstrong and Buzz Aldrin become stranded on the moon, *Speeches of Note* honors the words and ideas of some of history's most provocative and inspiring personages.
