Yvonne Ridley

How to Procrastinate Knock Knock,2007 Because work expands to fit the time available, it's never been easier to do the minimum amount of work in the maximum amount of time. This title shows you how to stop performing and start procrastinating.

Beginning PHP 5.3 Matt Doyle,2011-01-06 This book is intended for anyone starting out with PHP programming. If you've previously worked in another programming language such as Java, C#, or Perl, you'll probably pick up the concepts in the earlier chapters quickly; however, the book assumes no prior experience of programming or of building Web applications. That said, because PHP is primarily a Web technology, it will help if you have at least some knowledge of other Web technologies, particularly HTML and CSS. Many Web applications make use of a database to store data, and this book contains three chapters on working with MySQL databases. Once again, if you're already familiar with databases in general — and MySQL in particular — you'll be able to fly through these chapters. However, even if you've never touched a database before in your life, you should still be able to pick up a working knowledge by reading through these chapters.

In the Hands of the Taliban Yvonne Ridley,2014-06-05 Yvonne Ridley's terrifying 10 day detainment by the Taliban regime in Afghanistan struck a chord that continues to resonate around the world. At a time when the world was plunged into a state of unprecedented chaos and uncertainty following the terrorist atrocities in the US, Yvonne faced the ordeal of her life. Captured by the Taliban as she attempted to cross the Afghan border to report on the outbreak of war for the Sunday Express, Yvonne found her life hanging in the balance in the hands of the most reviled regime in the world. For Yvonne, an unexpected survival instinct kicked in that saw her face her captors not with fear, but with anger. Her courage and gutsiness, and that of her family, prompted the Taliban to release her, glad to be rid of such a so-called 'difficult' woman. This is Yvonne's full, true story. From her capture, to the ordeal she endured at the hands of the Taliban, to her eventual release; she offers a unique perspective into a way of life that remains a mystery to many. The friendships she formed with her fellow hostages, her feelings about her captors and their beliefs, and her discoveries -- many of which surprised and baffled her -- are all exclusively revealed in detail. Yvonne's story is a truly compelling and inspirational read.
