Subscribed Tien Tzuo, Gabe Weisert, 2018-06-05 A USA Today bestseller! Companies like Netflix, Spotify, and Salesforce are just the tip of the iceberg for the subscription model. The real transformation-- and the real opportunity-- is just beginning. Subscription companies are growing nine times faster than the S&P 500. Why? Because unlike product companies, subscription companies know their customers. A happy subscriber base is the ultimate economic moat. Today's consumers prefer the advantages of access over the hassles of maintenance, from transportation (Uber, Surf Air), to clothing (Stitch Fix, Eleven James), to razor blades and makeup (Dollar Shave Club, Birchbox). Companies are similarly demanding easier, long-term solutions, trading their server rooms for cloud storage solutions like Box. Simply put, the world is shifting from products to services. But how do you turn customers into subscribers? As the CEO of the world's largest subscription management platform, Tien Tzuo has helped hundreds of companies transition from relying on individual sales to building customer-centric, recurring-revenue businesses. His core message in Subscribed is simple: Ready or not, excited or terrified, you need to adapt to the Subscription Economy -- or risk being left behind. Tzuo shows how to use subscriptions to build lucrative, ongoing one-on-one relationships with your customers. This may require reinventing substantial parts of your company, from your accounting practices to your entire IT architecture, but the payoff can be enormous. Just look at the case studies: \* Adobe transitions from selling enterprise software licenses to offering cloud-based solutions for a flat monthly fee, and quadruples its valuation. \* Fender evolves from selling guitars one at a time to creating lifelong musicians by teaching beginners to play, and keeping them inspired for life. \* Caterpillar

uses subscriptions to help solve problems -- it's not about how many tractors you can rent, but how much dirt you need to move. In *Subscribed*, you'll learn how these companies made the shift, and how you can transform your own product into a valuable service with a practical, step-by-step framework. Find out how how you can prepare and prosper now, rather than trying to catch up later.

*Subscribed* Tien Tzuo, Gabe Weisert, 2018-06-05 SHORTLISTED FOR THE CMI MANAGEMENT BOOK OF THE YEAR INNOVATION AND ENTREPRENEURSHIP AWARD Today's consumers prefer the advantages of access over the hassles of ownership. It's not just internet services like Netflix and Spotify; even industrial firms like GE and Caterpillar are reinventing themselves as solutions providers. Whether you sell software, clothes, insurance, or industrial machines, you need to master the transition to the subscription model. Adapting to the subscription economy takes more than just deciding to sell subscriptions instead of products. You'll have to reinvent your company from the inside out -- from your accounting to your entire IT architecture. No matter how large or small your company, *Subscribed* gives you a practical, step-by-step framework to rebuild your business around a customer-centric, recurring revenue model. In ten years, we'll be subscribing to everything: information technology, transportation, retail, healthcare, even housing. Informed by insights straight from the servers of Zuora, the world's largest subscription finance platform, *Subscribed* is the book that explains how this shift really works -- and how business leaders can prepare and prosper.
