Audience Jeffrey K. Rohrs,2013-11-11 Proprietary audience development is now a core marketing responsibility. Every company needs audiences to survive. They are where you find new customers and develop more profitable relationships. And yet, most companies today treat their email, mobile, and social media audiences like afterthoughts instead of the corporate assets they are. With AUDIENCE, Jeff Rohrs seeks to change this dynamic through adoption of The Audience Imperative. This powerful mandate challenges all companies to use their paid, owned, and earned media to not only sell in the short-term but also increase the size, engagement, and value of their proprietary audiences over the long-term. As content marketing professionals have discovered, the days of “build it and they will come” are long gone. If you’re looking for a way to gain a lasting advantage over your competition, look no further and start building your email, Facebook, Google, Instagram, mobile app, SMS, Twitter, website, and YouTube audiences to last.

Where the Wind Leads Dr. Vinh Chung,2014-04-29 The remarkable first-hand account of Vinh Chung, a Vietnamese refugee, and his family's daring escape from communist oppression for the chance of a better life in America. Discover a story of personal sacrifice, redemption, endurance against almost insurmountable odds, and what it truly means to be American. Vinh Chung was born in South Vietnam, just eight months after it fell to the communists in 1975. His family was wealthy, controlling a rice-milling empire worth millions; but within months of the communist takeover, the Chungs lost everything and were reduced to abject poverty. Knowing that their children would have no future under the new government, the Chungs decided to flee the country. In 1979, they joined the legendary “boat people” and sailed into the South China Sea, despite knowing that an estimated two hundred thousand of their countrymen had already perished at the hands of brutal pirates and violent seas. *Where the Wind Leads*

follows Vinh Chung and his family on their desperate journey from pre-war Vietnam. Vinh shares: The family's perilous journey through pirate attacks on a lawless sea Their miraculous rescue and a new home in the unlikely town of Fort Smith, Arkansas Vinh's struggled against poverty, discrimination, and a bewildering language barrier His graduation from Harvard Medical School Where the Wind Leads is Vinh's tribute to the courage and sacrifice of his parents, a testimony to his family's faith, and a reminder to people everywhere that the American dream, while still possible, carries with it a greater responsibility.

Managing Content Marketing: The Real-World Guide for Creating Passionate Subscribers to Your Brand Robert Rose,Joe Pulizzi,2011-08-01 Perhaps no function in the business organization has been as fundamentally revolutionized as marketing. The social and mobile Web has completely changed the speed, efficiency, and ease with which consumers can engage with each other and has had a tremendous impact on brands. This new engagement of the consumer with keen awareness of their relationships and emerging social networks now correlates to every single aspect of our business. So, yes, marketing has changed. The question is what are we going to do about it?Content and Subscription: The New Marketing

OpportunityAs growth of the social and mobile Web changes the methods of communication, the old lines of hierarchical relationships between business and consumer blur substantially. As consumers publish and share their opinions (both good and bad) with increasing ease, they can become more persuasive than even the company's voice itself. Every one of these groups becomes a powerful ally or enemy depending on what we do. All of them will be constantly in flux developing levels of trust and requiring varying levels of transparency to filter content and determine buying decisions. They will expand and collapse with great velocity, and it will all happen with or without our participation. Content marketing has been around for hundreds of years. But the application of a specific strategic process around content marketing is still new. The amount of budget that is allotted for new content creation is going to become a significant part of your new media budget. And subject matter experts in the organization are going to have new responsibilities. It's a transformative new process and it won't happen overnight. But it can, and should, happen. Get Content Get Customers showed us the light but there's been no book to show us the way. There is an ancient Chinese proverb that says a crisis is simply an opportunity riding the dangerous wind. As marketers we now have the opportunity to develop new processes with our marketing strategy, power them with content, and ultimately keep that wind at our back. Successful programs will focus on creating a thoughtful strategy and process to foster this content marketing. This book is a detailed how-to to build that successful content marketing process.
