Claudio M. Radaelli, Vivien Schmidt

**Learning in Public Policy** Claire A. Dunlop, Claudio M. Radaelli, Philipp Trein, 2018-04-28 This book explains the causal pathways, the mechanisms and the politics that define the quantity and quality of policy learning. A rich collection of case studies structured around a strong conceptual architecture, the volume comprises fresh, original, empirical evidence for a large number of countries, sectors and multi-level governance settings including the European Commission, the European Union, and individual countries across Europe, Australia, Canada and Brazil. The theoretically diverse chapters address both the presence of learning and its pathologies, deploying state-of-the-art methods, including process tracing, diffusion models, and fuzzy-set techniques.

*First, Second, and Other Selves* Jennifer Whiting, 2016-05-02 In her essay collection *First, Second, and Other Selves: Essays on Friendship and Personal Identity*, well-known scholar of ancient philosophy Jennifer Whiting gathers her previously published essays taking Aristotle's theories on friendship as a springboard to engage with contemporary philosophical work on personal identity and moral psychology. Whiting examines three themes throughout the collection, the first being psychic contingency, or the belief that the psychological structures characteristic of human beings may in fact vary, not just from one cultural (or socio-historical) context to another, but also from one individual to another. The second theme is the belief that friendship informs an understanding of the nature of the self, an idea that springs from Whiting's uncommon reading of Aristotle's writings on friendship. Specifically, Whiting explains a scenario in which a virtuous agent adopts a kind of impersonal attitude both towards herself and towards her character friends, loving both because they are virtuous; this scenario ties in with an examination of the Aristotelian concept of the ideal friend as an other self, or a friendship that evolves from character rather than ego, as well as Whiting's meditation on whether or not a virtuous individual should have a special sort of concern for her own future self, distinct in kind from the concern that she has for others. The third theme is that of rational egoism, a concept that Whiting critiques, especially in the context of Aristotle's eudaimonism. The central tenet of the collection is the message that taking ethocentric (or character-based) attitudes both towards ourselves and towards our friends sheds light on the nature of personal identity and helps to combat ethnocentric and other objectionable forms of bias, a message that is becoming increasingly urgent in light of the recent deaths of Trayvon Martin and Michael Brown.

*The Ha-Ha* Dave King, 2005-01-01 Howard Kapostash has not spoken in thirty years. The small repertory of gestures and simple sounds that he uses to communicate lead most people to assume he is disturbed. No one understands that Howard is still the same man he was before his tragic injury. But when he agrees to help an old girlfriend by opening his home to her nine-year-old son, the presence of this nervous, resourceful boy in his life transforms Howard utterly. He is afforded a rare glimpse of life outside his shell? With all its exuberant joys and crushing sorrows.

**The Open Method of Co-ordination in Action** Lars Magnusson, 2005 The contributors in this volume examine the practical operations, at national and subnational levels, of the European Employment and Social Inclusion Strategies, which are the most important examples of the Open Method of Co-ordination as a new instrument of EU governance.

**A Noble Collection** Marjorie B. Cohn, Fogg Art Museum, 1992 From 3,500 prints in albums assembled in Paris 300 years ago. Complete works of major printmakers.

**The EU and the Domestic Politics of Welfare State Reforms** Paolo Graziano, 2011-06-13 This book focuses on the relationship between European integration, its outputs and national institutional and political settings. It explores the political mechanisms through which the EU plays a role in domestic social policy changes.

**Joint Report on Pensions**, 2010 Recoge: 1. An introduction to pensions reform- 2. A decade in pension reform in the EU - 3. The impact of the

crisis - 4. Policy challenges over the long-term - 5. Policy implications.

**Assessing the Open Method of Coordination** E. Barcevicius, T. Weishaupt, J. Zeitlin, Egidijus Barcevičius, 2014-03-26 Based on the findings of a large-scale, comparative research project, this volume systematically assesses the institutional design and national influence of the Open Method of Coordination in Social Inclusion and Social Protection (pensions and health/long-term care), at the European Union level and in ten EU Member States.

*Policy Change and Discourse in Europe* Claudio M. Radaelli, Vivien Schmidt, 2015-06-08 This issue of the journal West European Politics examines when and how discourse matters at times of major political institutional change, contemplating the power of Europeanization in the domestic and international arenas.

*Ideational Leadership in German Welfare State Reform* Sabina Stiller, 2010 The author of this study argues that key politicians and their policy ideas, through ideational leadership, have played an important role in the passing of structural reforms in the change-resistant German welfare state.
