**The Global Lincoln** Richard Carwardine, Jay Sexton, 2011-08-05 Perhaps more than any other American, Abraham Lincoln has become a global figure, one who spoke--and continues to speak--to people across the world. Karl Marx judged Lincoln the single-minded son of the working class; Tolstoy reported his fame in the Caucasus; Tomas Masaryk, the first president of Czechoslovakia, drew strength as the Lincoln of Central Europe; racially-mixed, republican Lincoln brigades fought in the Spanish Civil War; and, more recently, statesmen ranging from Gordon Brown to Pervez Musharraf to Barack Obama have invoked Lincoln in support of their respective agendas. This fascinating volume brings together leading historians from around the world to explore Lincoln's international legacy. The authors examine the meaning and image of Lincoln in many places and across continents, ranging from Germany to Japan, India to Ireland, Africa and Asia to Argentina and the American South. The book reveals that at the heart of Lincoln's global celebrity were his political principles, his record of successful executive leadership in wartime, his role as the Great Emancipator, and his resolute defense of popular government. Yet the Global Lincoln has been a malleable and protean figure, one who is forever being redefined to meet the needs of those who invoke him. The first study of Lincoln's global legacy, this book tells the unknown and remarkable story of the world-wide impact of one of America's great presidents.

**NeuZugänge** Lorraine Bluche, Christine Gerbich, Susan Kamel, Susanne Lanwerd, Frauke Miera, 2014-03-31 Museen sammeln das kulturelle Erbe einer Gesellschaft. Aber wie sieht es mit dem kulturellen Erbe der Einwanderer aus? Inzwischen wird anerkannt, dass Deutschland ein Einwanderungsland ist. Aber spiegelt sich diese Tatsache auch in den Museen wider? Und was verstehen wir eigentlich unter »Migrationsgeschichte sammeln«? Vier Berliner Museen - das Bezirksmuseum Friedrichshain-Kreuzberg, das Stadtmuseum Berlin, das Museum der Dinge und das Museum für Islamische Kunst - sowie das Forschungsprojekt »Experimentierfeld Museologie« der Technischen Universität Berlin haben mit einer Laborausstellung Antworten auf diese Fragen gesucht. In diesem Sammelband reflektieren die Kuratorinnen und Kuratoren das Projekt und setzen innovative Impulse innerhalb der Debatte zur Musealisierung der Migration.

**Gris Grimly's Frankenstein** Mary Shelley, 2013-08-27 Retells, in graphic novel format, Mary Shelley's classic tale of a monster, assembled by a scientist from parts of dead bodies, who develops a mind of his own as he learns to loathe himself and hate his creator.

**Female Brain Gone Insane** Mia Lundin, 2010-01-01 The first book to specifically address the emotional issues of hormonal and brain chemistry imbalances Do you wake up every morning feeling flat and like you are going through the motions? Feel wired but tired? Do you feel like it's all you can do to get through another day? Ambivalent or lackluster about life? Is your brain foggy and are you worried about your lack of sleep? If any of these questions pertain to you, you may feel like you have gone insane, but there is an emergency guidebook that can rescue you. Female Brain Gone Insane is the hands-on manual for women who feel like they are falling apart, losing it, or going insane and focuses on the emotional symptoms of hormone and brain chemistry imbalances associated with the combination of stress-filled lives and life transitions such as PMS, perimenopause, menopause, and postmenopause. Unlike other hormone books on the market, Female Brain Gone Insane is less focused on physiological changes such as bone loss and weight gain and instead tackles the legitimate panic and distress women feel as they experience symptoms associated with emotional and intellectual turmoil, including mood swings, loss of concentration and/or memory, and mental acuteness, to name a few. Women who have asked 'Why do I feel like I am losing it?' 'How can I cope with the emotional changes I am experiencing?' and 'Will I ever feel like myself again?' will find real and compassionate help in this emergency guidebook. What's even more unique, is the author's

contention that changes in the brain that affect a woman's mood, memory, concentration, and acuteness may not always be a hormone imbalance caused by menopause or other female-specific issues, as doctors often misdiagnose, but imbalances induced by the stress and anxiety levels associated with our fast-paced lifestyles that affect us at a deeper level. Bottom line, the key to a woman's well being is balanced brain chemistry, and *Female Brain Gone Insane* offers customizable solutions for every woman. Without lumping all women into one category, *Female Brain Gone Insane* helps each woman identify the symptoms of her particular emotional and psychological problems--- be they depression, panic attacks, memory loss, or even acting out of character, and then offers support, information, and treatment so that she can rebalance herself. The core of the plan is to use bio-identical hormones (using the right hormone at the right time) and supplements carefully chosen to manipulate brain chemistry so that the body is happy again! Women will be liberated from their emotional turmoil with step-by-step, tailor-made rescue prescriptions based on the author's thriving practice of more than 3,000 satisfied patients. No more misdiagnoses or 'Band-aid' treatments such as antidepressants, birth-control pills, or even unnecessary surgeries Unique philosophy, accompanied with a combination of bio-identical hormones, nutritional supplements, good food, including targeted amino acid therapy, and lifestyle changes allows women to truly manipulate and support their brain chemistry Readers learn the basic science behind the intricate dance between their hormones and brain chemistry and are then encouraged to respect and identify their own emotional and physical symptoms Identifies the underlying causes of emotional symptoms and addresses women's unique bio-chemical composition with a new and unconventional approach to integrating bio-identical hormones, targeted amino acid therapy, and other nutritional supplements.

*The Judgment of Jonah* Jacques Ellul, Geoffrey W. Bromiley, 2011-06-02 This is not a commentary in the traditional sense. One might call it an existential commentary. An important aim of the author is to bring out the relevance of the story, of the person, mission, and situation of Jonah, to Christians in our own time. Above all, this is a theological, or --more specifically -- a christological commentary. The author's chief aim is to relate the book, not to Christians, but to Christ. Ellul thinks Christ is the center of all Scripture, and he also takes seriously the specific reference which Christ makes to the sign of Jonah. If this reading is correct, and the Bible is indeed a unity, the exposition of Ellul, though not developed in detail, has a distinctive theological contribution to make. Those who want acute theological insight, and are not afraid of plain, hard-hitting application, will read this vivid study with relish and profit. -- From the Preface by G. W. Bromiley

Sustainable Energy Investment Joseph Nyangon, John Byrne, 2021-03-10 This book examines the technical, market, and policy innovations for unlocking sustainable investment in the energy sector. While finalizing this book, the COVID-19 pandemic is cutting a devastating swath through the global economy, causing the biggest fall in energy sector investment, exacerbating the global trade finance gap, worsening signs of growing income inequality, and devastating the health and livelihoods of millions. What is the parallel between the COVID-19 pandemic and the climate change crisis? The impacts of the global pandemic are expected to last for a few years, whereas those associated with the climate crisis will play out over several decades with potentially irreversible consequences. However, both show that the cost of inaction or delay in addressing the risks can lead to devastating outcomes or a greater probability of irreversible, catastrophic damages. In the context of sustainable energy investment and the transition to a low-carbon, climate-resilient economy, what ways can financial markets and institutions support net-zero-emission activities and the shift to a sustainable economy, including investment in energy efficiency, low-carbon and renewable energy technologies? This book provides students, policymakers, and energy investment professionals with the knowledge and theoretical tools necessary to address related questions in sustainable energy investment, risk management, and energy innovation agendas.

*Lincoln* Richard Carwardine,2007-01-09 As a defender of national unity, a leader in war, and the emancipator of slaves, Abraham Lincoln lays ample claim to being the greatest of our presidents. But the story of his rise to greatness is as complex as it is compelling. In this superb, prize-winning biography, acclaimed historian Richard Carwardine examines Lincoln's dramatic political journey, from his early years in the Illinois legislature to his nation-shaping years in the White House. Here, Carwardine combines a new perspective with a compelling narrative to deliver a fresh look at one of the pillars of American politics. He probes the sources of Lincoln's moral and political philosophy and uses his groundbreaking research to cut through the myth and expose the man behind it.

*Four Past Midnight* Stephen King,2017-04-25 Four novellas about horror in the late night hours.

**Full Dark, No Stars** Stephen King,2011-09-20 I believe there is another man inside every man, a stranger . . . writes Wilfred Leland James in the early pages of the riveting confession that makes up 1922, the first in this pitch-black quartet of mesmerizing tales from Stephen King. For James, that stranger is awakened when his wife, Arlette, proposes selling off the family homestead and moving to Omaha, setting in motion a gruesome train of murder and madness. In *Big Driver*, a cozy-mystery writer named Tess encounters the stranger along a back road in Massachusetts when she takes a shortcut home after a book-club engagement. Violated and left for dead, Tess plots a revenge that will bring her face-to-face with another stranger: the one inside herself. *Fair Extension*, the shortest of these tales, is perhaps the nastiest and certainly the funniest. Making a deal with the devil not only saves Dave Streeter from a fatal cancer but provides rich recompense for a lifetime of resentment. When her husband of more than twenty years is away on one of his business trips, Darcy Anderson looks for batteries in the garage. Her toe knocks up against a box under a worktable and she discovers the stranger inside her husband. It's a horrifying discovery, rendered with bristling intensity, and it definitively ends a good marriage. Like *Different Seasons* and *Four Past Midnight*, which generated such enduring films as *The Shawshank Redemption* and *Stand by Me*, *Full Dark, No Stars* proves Stephen King a master of the long story form.

**Gender and Poverty in Nineteenth-Century Europe** Rachel G. Fuchs,Rachel Ginnis Fuchs,2005-11-10 This is a major new history of the dramatic and enduring changes in the daily lives of poor European women and men in the nineteenth century. Rachel G. Fuchs conveys the extraordinary difficulties facing the destitute from England to Russia, paying particular attention to the texture of women's everyday lives. She shows their strength as they attempted to structure a life and set of relationships within a social order, culture, community, and the law. Within a climate of calamities, the poor relied on their own resourcefulness and community connections where the boundaries between the private and public were indistinguishable, and on a system of exchange and reciprocity to help them fashion their culture of expediences. This accessible synthesis introduces readers to conflicting interpretations of major historic developments and evaluates those interpretations. It will be essential reading for students of women's and gender studies, urban history and social and family history.
