2010 California Building Code International Code Council,2010-07-15 At the core of the California Building Code (CBC) are general building design and construction requirements set forth to safeguard life or limb, health, property, and public welfare. This makes the code a significant one for anyone entering the construction industry. The 2010 CALIFORNIA BUILDING CODE, TITLE 24 PART 2 is a powerful two-volume set that offers a fully integrated code based on the 2009 International Building Code. It concentrates on safety by regulating and controlling the design, construction, quality of materials, use and occupancy, location and maintenance of all buildings and structures and certain equipment. Contents include Title 24, Part 8 CALIFORNIA HISTORICAL BUILDING CODE, which covers provisions to provide for the preservation, restoration, rehabilitation, relocation, or reconstruction of buildings or structures designated as qualified historical buildings or properties. In addition, TITLE 24, PART 10 CALIFORNIA BUILDING STANDARDS COMMISSION is covered, targeting specific provisions of the International Existing Building Code. With such thorough coverage, this resource contains everything readers need to know about the construction requirements related to fire- and life- safety, structural safety, and access compliance. United States Code United States,2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law.

When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.
