Digital Renaissance Joel Waldfogel, 2020-12-08 How digital technology is upending the traditional creative industries—and why that's a good thing The digital revolution poses a mortal threat to the major creative industries—music, publishing, television, and the movies. Cheap, easy self-producing is eroding the position of the gatekeepers and guardians of culture. Does this revolution herald the collapse of culture, as some commentators claim? Far from it. In Digital Renaissance, Joel Waldfogel argues that digital technology is enabling a new golden age of popular culture—a digital renaissance. Analyzing decades of production and sales data, as well as bestseller and best-of lists, Waldfogel finds that the new digital model is just as powerful at generating high-quality, successful work as the old industry model, and in many cases more so.

Russian Politics and Response to Globalization Lada V.

Kochtcheeva, 2020-02-17 This book analyzes the nature of Russia's involvement with globalization. To date, Russia has mainly followed a course of selective openness governed by an increasingly strong state pursuing self-determination and its own vision of strategic objectives and forms of cooperation, rather than the projected reproduction of global convergence. It is also a country that is believed to be finding a new place and position for itself in the evolving global order, where European and American reflections shape the treatment of contemporary questions concerning Russia's status in the world. The book highlights the problems and conflicts associated with political developments, democratization, economic reforms, and innovation, as well as societal perceptions and national identity formation. The world is shifting, with Russia developing its own vision of global politics and cultivating a pragmatic strategy based on national interest, one that supports globalization where necessary and opposes it where conflicts of interest and

values are inevitable.

International Arbitration: Law and Practice in Switzerland Gabrielle Kaufmann-Kohler, Antonio Rigozzi, 2015-10-22 This book expounds the theory of international arbitration law. It explains in easily accessible terms all the fundamentals of arbitration, from separability of the arbitration agreement to competence-competence over procedural autonomy, finality of the award, and many other concepts. It does so with a focus on international arbitration law and jurisprudence in Switzerland, a global leader in the field. With a broader reach than a commentary of Chapter 12 of the Swiss Private International Law Act, the discussion contains numerous references to comparative law and its developments in addition to an extensive review of the practice of international tribunals. Written by two well-known specialists - Professor Kaufmann-Kohler being one of the leading arbitrators worldwide and Professor Rigozzi one of the foremost experts in sports arbitration - the work reflects many years of experience in managing arbitral proceedings involving commercial, investment, and sports disputes. This expertise is the basis for the solutions proposed to resolve the many practical issues that may arise in the course of an arbitration. It also informs the discussion of the arbitration rules addressed in the book, from the ICC Arbitration Rules to the Swiss Rules of International Arbitration, the CAS Code, and the UNCITRAL Rules. While the book covers commercial and sports arbitrations primarily, it also applies to investment arbitrations

conducted under rules other than the ICSID framework.

Television Drama in Spain and Latin America Paul Julian Smith,2018-07
Television Drama in Spain and Latin America addresses two major topics within current cultural, media, and television studies: the question of fictional genres and that of transnational circulation. While much research has been carried out on both TV formats and remakes in the English-speaking world, almost nothing has been published on the huge and dynamic Spanish-speaking sector. This book discusses and analyses series since 2000 from Spain (in both Spanish and Catalan), Mexico, Venezuela, and (to a lesser extent) the US, employing both empirical research on production and distribution and textual analysis of content. The three genres examined are horror, biographical series, and sports-themed dramas; the three examples of format remakes are of a period mystery (Spain, Mexico), a romantic comedy

(Venezuela, US), and a historical epic (Catalonia, Spain). Paul Julian Smith is Distinguished Professor at the Graduate Center, City University of New York. He was previously Professor of Spanish at the University of Cambridge. He is the author of twenty books and one hundred academic articles.

Praxishandbuch Bibliotheksmanagement Rolf Griebel, Hildegard Schäffler, Konstanze Söllner, 2014-12-12 Das Praxishandbuch Bibliotheksmanagement ist wie der Vorgängerband Frankenberger/Haller: Die moderne Bibliothek ein Handbuch zu allen Aspekten der Bibliotheksorganisation. Aus Sicht der Bibliothekspraxis bietet es eine aktuelle Standortbestimmung und einen Überblick über alle Aspekte des Bibliotheksmanagements in Deutschland. In einem ausführlichen Schlusskapitel wird ein Ausblick auf die wichtigsten Trends der Bibliotheksarbeit gegeben.

Psychiatrischer Maßregelvollzug und Architektur Silke Penning-Schulz, Psychiatrische Maßregelvollzugseinrichtungen sind Anstalten der Besserung oder sollen dies zumindest sein. Und sind auch □ aber eben auch: Anstalten der Sicherung. Eine Sicherungsanstalt wird in der Regel (und so auch beim Architekten oder Konstrukteur) Assoziationen von hohen Mauern, Gittern, verriegelten Toren und ggf. auch Stacheldraht hervorrufen. Physik mit

Symbolgehalt. Eine Besserungsanstalt aber, die im besten Fall Heilung oder auch nur ein wenig mehr „gute Besserung“, also Linderung anstrebt, macht das freie Assoziieren schwerer, braucht mehr Vorstellungskraft, interdisziplinäres Know-how. Ein physikalisches Äquivalent zum (z.B.) Stacheldraht der Sicherung gibt es nämlich für Besserung so einfach nicht. Der Stacheldraht aber hat aufgrund seines auch kommunikativen Gehalts für Besserung sogar mehr Gewicht als für Sicherung. Das heißt: Der Stacheldraht der Sicherung verdirbt den Genesungsprozess. Dieser Band beschäftigt sich mit der Janusköpfigkeit von Besserung und Sicherung im Hinblick auf die Architektur im psychiatrischen Maßregelvollzug. Ziel ist es, eine entsprechend gebaute und gestaltete Umwelt im psychiatrischen Maßregelvollzug als gesundheitsfördernde Ressource oder – wenn fehlgestaltet – als Krankheitserreger zu demonstrieren und so die Behauptung zu stärken, es handele sich dabei um einen maßgeblichen Einflussfaktor in einer multiprofessionellen Therapie.

Cadre mondial de suivi Economic Commission for Europe, 2018-10-03 La réalisation des objectifs en matière d'énergie durable énoncés dans le Programme de développement durable à l'horizon 2030 (Programme 2030) n'est pas en bonne voie, que ce soit à l'échelle mondiale ou dans la région couverte par la Commission économique des Nations Unies pour l'Europe (CEE).

À moins d'une accélération significative des efforts et des résultats pour assurer un accès de qualité à une énergie abordable répondant aux impératifs environnementaux, sociaux et économiques du Programme 2030, la communauté internationale ne sera pas à la hauteur de ses ambitions et ne parviendra pas à respecter ses engagements. Telles sont les conclusions brutales du rapport 2017 sur le Cadre mondial de suivi, préparé par la Banque mondiale et l'Agence internationale de l'énergie avec l'appui d'un grand nombre d'organisations et d'organismes des Nations Unies, y compris les cinq commissions régionales de l'ONU. La CEE a coopéré avec les autres commissions régionales afin de préparer des analyses et un rapport régional plus détaillé en complément du rapport mondial.

Fangasm Katherine Larsen, Lynn S. Zubernis, 2013-10-01 Once upon a time not long ago, two responsible college professors, Lynn the psychologist and Kathy the literary scholar, fell in love with the television show Supernatural and turned their oh-so-practical lives upside down. Plunging headlong into the hidden realms of fandom, they scoured the Internet for pictures of stars Jensen Ackles and Jared Padalecki and secretly penned racy fan fiction. And then they hit the road—crisscrossing the country, racking up frequent flyer miles with alarming ease, standing in convention lines at 4 A.M. They had white-knuckled encounters with overly zealous security guards one year and smiling invitations to the Supernatural set the next. Actors stripping in their trailers, fangirls sneaking onto film sets; drunken confessions,

squeals of joy, tears of despair; wallets emptied and responsibilities left behind; intrigue and ecstasy and crushing disappointment—it's all here. And yet even as they reveled in their fandom, the authors were asking themselves whether it's okay to be a fan, especially for grown women with careers and kids. "Crazystalkerchicks"—that's what they heard from Supernatural crew members, security guards, airport immigration officials, even sometimes their fellow fans. But what Kathy and Lynn found was that most fans were very much like themselves: smart, capable women looking for something of their own that engages their brains and their libidos. Fangasm pulls back the curtain on the secret worlds of fans and famous alike, revealing Supernatural behind the scenes and discovering just how much the cast and crew know about what the fans are up to. Anyone who's been tempted to throw off the constraints of respectability and indulge a secret passion—or hit the road with a best friend—will want to come along.

Global Television Formats Sharon Shahaf, Tasha Oren, 2013-06-17 Winner of the 2013 SCMS Best Edited Collection Award For decades, television scholars have viewed global television through the lens of cultural imperialism, focusing primarily on programs produced by US and UK markets and exported to foreign markets. Global Television Formats revolutionizes television studies by de-provincializing its approach to media globalization. It re-examines dominant approaches and their legacies of global/local and center/periphery, and offers new directions for understanding television's contemporary

incarnations. The chapters in this collection take up the format phenomena from around the globe, including the Middle East, Western and Eastern Europe, South and West Africa, South and East Asia, Australia and New Zealand, North America, South America, and the Caribbean. Contributors address both little known examples and massive global hits ranging from the Idol franchise around the world, to telenovelas, dance competitions, sports programming, reality TV, quiz shows, sitcoms and more. Looking to global television formats as vital for various cultural meanings, relationships, and structures, this collection shows how formats can further our understanding of television and the culture of globalization at large.

The Biopic in Contemporary Film Culture Tom Brown, Belén Vidal, 2013-12-17
The biographical film or biopic is a staple of film production in all major film industries and yet, within film studies, its generic, aesthetic, and cultural significance has remained underexplored. *The Biopic in Contemporary Film Culture* fills this gap, conceptualizing the biopic with a particular eye toward the life of the genre internationally. New theoretical approaches combine with specially commissioned chapters on contemporary biographical film production in India, Italy, South Korea, France, Russia, Great Britain, and the US, in order to present a selective but well-rounded portrait of the biopic's place in film culture. From Marie Antoinette to The Social Network, the pieces in this volume critically examine the place of the biopic within ongoing debates about how cinema can and should represent history and real

lives. Contributors discuss the biopic's grounding in the conventions of the historical film, and explore the genre's defining traits as well as its potential for innovation. The Biopic in Contemporary Film Culture expands the critical boundaries of this evolving, versatile genre.
