British Foreign Policy After Brexit David Owen, David Ludlow, 2017-07-18 At a time of alarming global instability, amid shocking terrorist attacks in Europe and mounting tensions between the USA and North Korea, a clear and focused foreign and defence policy is now more critical than ever. Now that departure is under way, what happens next? Against this unpredictable geopolitical backdrop, Britain's position in the world needs to be recalibrated to take account of a range of new realities. Now is the time to move forward, to define a positive, outward-looking role in this post-Brexit world. *British Foreign Policy after Brexit* examines what lies ahead, encompassing a diplomatic, security, development and trade agenda based on hard-headed realism. Former Foreign Secretary David Owen and former diplomat David Ludlow, who backed opposite sides in the referendum, together argue that Britain's global role and influence can be enhanced, rather than diminished, post-Brexit.

Lokaljournalismus im Spannungsfeld der Interessen Meike Mittmeyer, 2011-06-17 50 Leser einer regionalen Monopolzeitung fordern die Lokalredaktion in einem offenen Brief zu nichts anderem auf, als ihrer journalistischen Pflicht nachzukommen. Dieser Vorfall brachte mich auf die Spur eines lokalen Polit-Krimis in einer kleinen friesischen Stadt, an dessen Ende der Sturz einer bis dato unantastbaren politischen Lichtgestalt stand. Die Redaktion spielte dabei eine entscheidende, wenn auch alles andere als vorbildliche Rolle. Dieser bislang in der Forschung nicht untersuchte Fall zeigt, wie schwierig es ist, im Lokaljournalismus die notwendige Distanz zu lokalen Interessenvertretern zu wahren. Der Journalismus befindet sich in einer beispiellosen Umbruchphase. Vielerorts versuchen lokale Blogs Lücken zu schließen, die die etablierte Berichterstattung aus welchen Gründen auch immer lässt. In dieser Arbeit ging ich der Frage nach, ob Lokalzeitungen ihrem Auftrag noch gerecht werden – und ob das gedruckte Wort im Lokalen überhaupt noch eine Zukunft hat.

Radical Friendship Kate Johnson, 2021-08-24 A case for friendship as a radical practice of love, courage, and trust, and seven strategies that pave the way for profound social change. Grounded in the Buddha's teachings on spiritual friendship, *Radical Friendship* shares seven strategies to help us embody our deepest values in all of our relationships. Drawing on her experiences as a leading meditation teacher, as well as personal stories of growing up multiracial in a racist world, Kate Johnson brings a fresh take on time-honored wisdom to help us connect more authentically with ourselves, with our friends and family, and within our communities. The divides we experience within us and between us are not only a threat to our physical and emotional health—they are also the weapons and the outcomes of structural oppression. But through wise relationships, it is possible to transform the barriers created by societal injustice. Johnson leads us on a journey to becoming better friends by offering ways to show up for our own and each other's liberation at every stage of a relationship. Each chapter ends with a meditation or reflection practice to help readers cultivate vibrant, harmonious, revolutionary friendships. *Radical Friendship* offers a path of depth and hope and shows us the importance of working toward collective wellbeing, one relationship at a time.

The Legal Protection of Human Rights Tom Campbell, Keith D. Ewing, Adam Tomkins, 2011 The value and legitimacy of using courts to limit the powers of governments in the domain of human rights is a significant ongoing debate. This book provides a critical review that explores the alternative means for protecting and promoting human rights. This group of twenty-four leading human rights scholars from around the world present a variety of perspectives on the disappointing human rights outcomes of recent institutional developments and consider the prospects of reviving the moral force and political implications of human rights values.

Planning the Low-budget Film Robert Latham Brown, 2006 A step-by-step blueprint for novice and aspiring filmmakers seeking to learn how to develop a feature film. Examines how to identify and break down shooting sequences in scripts, scout locations, create a production board and shooting schedule, deal with unions, budget a film, and rebound when it all goes wrong. Along the way, readers learn how to economize to get the most value from limited funds and what to look for in a prospective crew. To facilitate an understanding of the concepts, a real-life example of a complete budget and production board for an independent low-budget feature film is provided. Includes list of contacts--film commissions in all 50 states, Canada, Mexico, Australia, and England; payroll companies; and vendors of supplies--along with a directory of unions; also a glossary of industry terms and a list of safety bulletins issued by the Industry Wide Labor/Management Safety Committee.--From publisher description.

Contract Law and the Legislature TT Arvind, Jenny Steele, 2020-08-06 This volume revisits some of the key debates about the nature and shape of contract law, in light of the impact that statutes have had on its development. With contributions from leading contract law scholars, it fills a significant gap in existing theoretical and doctrinal analyses of contract law, which rely primarily on cases to put forward accounts of the general principles and structure of contract law. Statutory rules are, typically, seen as being specific instances of legal regulation that carve out exceptions to these general principles for specific reasons of policy. This treatment of these rules has resulted in an incomplete understanding of the nature of contract law and the principles that underpin it. By drawing specifically on contract statutes, the volume produces a more complete picture of modern contract law. A companion to the ground-breaking *Tort Law and the Legislature: Common Law, Statute and the Dynamics of Legal Change* (Hart Publishing, 2012) this collection will have a significant impact on the study of contract law.

English and European Perspectives on Contract and Commercial Law Louise Gullifer, Stefan Vogenauer, 2014-10-23 The purpose of this book is to honour the influential and wide-ranging work of Professor Hugh Beale. It contains essays by twenty-five very distinguished authors, each of whom has worked with Professor Beale as a co-author, as a teaching colleague, during his time as Law Commissioner of England and Wales, or as part of the study groups working in Europe on contract and commercial law. The essays reflect different aspects of Professor Beale's interests. Some concentrate on English contract law, either from a historical or a current perspective, while others are focused on aspects of European contract law. There are four essays looking at current issues relating to security and financing, and, as befits a former Law Commissioner, three essays on law reform. The essays in the final section discuss trends in transnational and European commercial law. This book brings together the reflections of eminent writers from all over Europe on important issues facing contract and commercial law and will be of interest to all scholars and practitioners working in these areas.

The Law of Misstatements Kit Barker, Ross Grantham, Warren Swain, 2015-08-27 2013 was the 50th anniversary of the House of Lords' landmark decision in *Hedley Byrne v Heller*. This international collection of essays brings together leading experts from five of the most important jurisdictions in which the case has been received (the United Kingdom, the United States, New Zealand, Canada and Australia) to reappraise its implications from a number

of complementary perspectives-historical, theoretical, conceptual, doctrinal and comparative. It explores modern developments in the law of misstatement in each of the jurisdictions; examines the case's profound effects on the conceptual apparatus of the law of negligence more generally; explores the intersections between misstatement liabilities in contract, tort, equity and under statutory consumer protection provisions; and critically assesses the ways in which advisor liabilities have come to be limited and distributed under systems of 'joint and several' and 'proportionate' liability respectively. Inspired by Hedley Byrne, the purpose of the collection is to reflect on the case's echoes, effects and analogues throughout the private law and to provide a platform for thinking about the ways in which liabilities for misstatement and pure economic loss should be modelled in the modern day.

Migration and Health in Asia Santosh Jatrana, Mika Toyota, Brenda S.A. Yeoh, 2006-01-16 The processes of migration and health are inextricably linked in complex ways, with migration impacting on the mental and physical health of individuals and communities. Health itself can be a motivation for moving or a reason for staying, and migration can have implications on the health of those who move, those who are left behind, and the communities that receive migrants. This volume brings together some of the increasing number of researchers who are studying health and migration in Asia - a continent which is a major exporter and importer of human resources. Using both quantitative and qualitative approaches, the essays included in this work investigate the interdisciplinary issues of health and health-related behaviours in the field of migration. Comprehensive and scholarly, *Migration and Health in Asia* also covers major themes such as the pandemics of HIV/AIDS and SARS, differential access to health and civil society for migrants, and the health of the populations who are left behind.

Migrants' Right to Health Margaret Duckett, 2001 Every year, over one million people emigrate permanently and in most years, nearly as many seek asylum. If we include in-country mobility, then there are probably two billion people on the move globally each year. This paper addresses some of the issues involved in relation to the rights of migrants to health.

2013 13th International Conference on Control, Automation and Systems (ICCAS 2013). , 2013

Global Health Justice and Governance Jennifer Prah Ruger, 2018 *Global Health Justice and Governance* builds on my previous book, *Health and Social Justice*, which offered an alternative model, health capability paradigm (HCP), for analysis of health disparities, addressing complex issues at the intersection of economics, ethics, and politics in health--Page x.
