Data Sketches Nadieh Bremer, Shirley Wu, 2021-02-09

In *Data Sketches*, Nadieh Bremer and Shirley Wu document the deeply creative process behind 24 unique data visualization projects, and they combine this with powerful technical insights which reveal the mindset behind coding creatively. Exploring 12 different themes – from the Olympics to Presidents & Royals and from Movies to Myths & Legends – each pair of visualizations explores different technologies and forms, blurring the boundary between visualization as an exploratory tool and an artform in its own right. This beautiful book provides an intimate, behind-the-scenes account of all 24 projects and shares the authors' personal notes and drafts every step of the way. The book features: Detailed information on data gathering, sketching, and coding data visualizations for the web, with screenshots of works-in-progress and reproductions from the authors' notebooks Never-before-published technical write-ups, with beginner-friendly explanations of core data visualization concepts Practical lessons based on the data and design challenges overcome during each project Full-color pages, showcasing all 24 final data visualizations This book is perfect for anyone interested or working in data visualization and information design, and especially those who want to take their work to the next level and are inspired by unique and compelling data-driven storytelling.

Classifying Elections in Britain Christopher Kirkland, 2019-11-15 This book seeks to understand and classify differences that exist between a variety of elections in Britain. It moves beyond first- and second-order classifications developed following the European Parliamentary Elections in 1979 to include elections of devolved administrations such as the Scottish Parliament, local mayors or the Police and Crime Commissioner

Elections. Drawing upon a range of elections, the book develops a new classification based on the interactions that exist between voters, the media and political parties. In doing so, it argues that alongside voters, political parties and the media can, and do, prioritize certain elections. The author explores the role of each group within elections individually through case studies. The final chapter then offers an overall means of understanding the levels of salience attached to each election.

Biobased Adhesives Manfred Dunky, K. L.

Mittal, 2023-04-27 Biobased Adhesives Unique and comprehensive book edited by acknowledged leaders on biobased adhesives that will replace petroleum-based adhesives. This book contains 23 chapters covering the various ramifications of biobased adhesives. The chapters are written by world-class scientists and technologists actively involved in the arena of biobased adhesives. The book is divided into three parts: Part 1: Fundamental Aspects; Part 2: Classes of Biobased Adhesives; and Part 3: Applications of Biobased Adhesives. Topics covered include: an introduction to biobased adhesives; adhesion theories and adhesion and surface issues with biobased adhesives; chemistry of adhesives; biorefinery products as biobased raw materials for adhesives; naturally aldehyde-based thermosetting resins; natural crosslinkers; curing and adhesive bond strength development in biobased adhesives; mimicking nature; bio-inspired adhesives; protein adhesives; carbohydrates as adhesives; natural polymer-based adhesives; epoxy adhesives from natural materials; biobased polyurethane adhesives; nanocellulose-modified adhesives; debondable, recyclable, and biodegradable biobased adhesives; 5-Hydroxymethylfurfural-based adhesives; adhesive precursors from tree-derived natural stores; and applications

in various diverse arenas such as wood bonding, controlled drug delivery, and wearable bioelectronics. Audience This book will interest materials scientists, adhesionists, polymer chemists, marine biologists, food and agriculture scientists, and environmentalists. R&D personnel in a slew of wide-ranging industries such as aviation, shipbuilding, railway, automotive, packaging, construction, wood bonding, and composites should find this book a repository of current and much-needed information.

Reforming Child Welfare in the Post-Soviet Space

Meri Kulmala, Maija Jäppinen, Anna Tarasenko, Anna Pivovarova, 2020-09-24 This book provides new and empirically grounded research-based knowledge and insights into the current transformation of the Russian child welfare system. It focuses on the major shift in Russia's child welfare policy: deinstitutionalisation of the system of children's homes inherited from the Soviet era and an increase in fostering and adoption. Divided into four sections, this book details both the changing role and function of residential institutions within the Russian child welfare system and the rapidly developing form of alternative care in foster families, as well as work undertaken with birth families. By analysing the consequences of deinstitutionalisation and its effects on children and young people as well as their foster and birth parents, it provides a model for understanding this process across the whole of the post-Soviet space. It will be of interest to academics and students of social work, sociology, child welfare, social policy, political science, and Russian and East European politics more generally.

The Web Application Hacker's Handbook

Dafydd Stuttard, Marcus Pinto, 2011-08-31 The highly successful security book returns with a new edition, completely updated Web applications are the front door to most

organizations, exposing them to attacks that may disclose personal information, execute fraudulent transactions, or compromise ordinary users. This practical book has been completely updated and revised to discuss the latest step-by-step techniques for attacking and defending the range of ever-evolving web applications. You'll explore the various new technologies employed in web applications that have appeared since the first edition and review the new attack techniques that have been developed, particularly in relation to the client side. Reveals how to overcome the new technologies and techniques aimed at defending web applications against attacks that have appeared since the previous edition Discusses new remoting frameworks, HTML5, cross-domain integration techniques, UI redress, framebusting, HTTP parameter pollution, hybrid file attacks, and more Features a companion web site hosted by the authors that allows readers to try out the attacks described, gives answers to the questions that are posed at the end of each chapter, and provides a summarized methodology and checklist of tasks Focusing on the areas of web application security where things have changed in recent years, this book is the most current resource on the critical topic of discovering, exploiting, and preventing web application security flaws.

Learning to Read, Learning Religion Britta Juska-Bacher, Matthew Grenby, Tuija Laine, Wendelin Sroka, 2023-01-06 Catechism primers are inconspicuous but telling little books for children combining the teaching of reading skills and religious catechesis. From the 16th to the 19th centuries, they have been produced, disseminated and used in huge numbers in many regions of the world, in particular in Europe. Remarkably, similar texts appeared across the continent, spanning confessional traditions that were in other respects highly divergent. In different places,

and across the whole period, different denominations used not only similar pedagogical and religious strategies, but also shared the same formats and iconography. This volume, edited by scholars from Finland, Germany, Switzerland, and the United Kingdom, is the result of a collaborative transnational and interdisciplinary effort including education, language teaching, children's literature, book history, and religious studies. With contributions on seventeen European countries and regions, it sheds new light on a fascinating but largely neglected part of European cultural heritage, and, by establishing a comprehensive and authoritative summary of the field, offers fresh impetus for further transnational research.

WHO Expert Committee on Drug Dependence

World Health Organization, 2023-03-08

Attack and Defend Computer Security Set Dafydd

Stuttard, Marcus Pinto, Michael Hale Ligh, Steven Adair, Blake Hartstein, Ozh Richard, 2014-03-17 Defend your networks and data from attack with this unique two-book security set The Attack and Defend Computer Security Set is a two-book set comprised of the bestselling second edition of Web Application Hacker's Handbook and Malware Analyst's Cookbook. This special security bundle combines coverage of the two most crucial tactics used to defend networks, applications, and data from attack while giving security professionals insight into the underlying details of these attacks themselves. The Web Application Hacker's Handbook takes a broad look at web application security and exposes the steps a hacker can take to attack an application, while providing information on how the application can defend itself. Fully updated for the latest security trends and threats, this guide covers remoting frameworks, HTML5, and cross-domain integration

techniques along with clickjacking, framebusting, HTTP parameter pollution, XML external entity injection, hybrid file attacks, and more. The Malware Analyst's Cookbook includes a book and DVD and is designed to enhance the analytical capabilities of anyone who works with malware. Whether you're tracking a Trojan across networks, performing an in-depth binary analysis, or inspecting a machine for potential infections, the recipes in this book will help you go beyond the basic tools for tackling security challenges to cover how to extend your favorite tools or build your own from scratch using C, Python, and Perl source code. The companion DVD features all the files needed to work through the recipes in the book and to complete reverse-engineering challenges along the way. The Attack and Defend Computer Security Set gives your organization the security tools needed to sound the alarm and stand your ground against malicious threats lurking online.

A Contemporary Cuba Reader Philip

Brenner, Marguerite Rose Jiménez, John M. Kirk, William M. LeoGrande, 2014-07-07 Cuba has undergone dramatic changes since the collapse of European communism. The loss of economic aid and preferential trade with the Soviet Union and other Eastern bloc countries forced the Cuban government to search out new ways of organizing the domestic economy and new commercial relations in an international system dominated by market economies. The resulting economic reforms have reverberated through Cuban society and politics, recreating social inequalities unknown since the 1950s and confronting the political system with unprecedented new challenges. The resulting ferment is increasingly evident in Cuban cultural expression, and the responses to adversity and scarcity have reshaped Cuban social relations. This completely

revised and updated edition focuses on Cuba since Raúl Castro took over the country's leadership in 2006. A Contemporary Cuba Reader brings together the best recent scholarship and writing on Cuban politics, economics, foreign relations, society, and culture in present-day Cuba. Ideally suited for students and general readers seeking to understand this still-contentious and controversial island, the book includes a substantive introduction setting the historical context, as well as part introductions and a chronology. Supplementary resources for students and professors are available [here](#).

The Crusades in the Modern World Mike Horswell, Akil N Awan, 2019-06-25 Engaging the Crusades is a series of

volumes which offer windows into a newly-emerging field of historical study: the memory and legacy of the crusades. Together these volumes examine the reasons behind the enduring resonance of the crusades and present the memory of crusading in the modern period as a productive, exciting and much needed area of investigation. The *Crusades in the Modern World* evaluates a broad range of contemporary uses of the crusades and crusading to answer key questions about crusading today and how the crusades are understood. Each chapter demonstrates how perceptions of the crusades are deployed in causes and conflicts which mark the present, exploring the ways in which those perceptions are constructed and received. Throughout the book there is a focus on the use of crusading rhetoric and imagery to frame and justify violence, including crusading discourses employed by both Islamic fundamentalists and far-right terrorists, and the related deployment of 'Reconquista' rhetoric by populist movements in Europe. The use of the crusades for building national identity is also a recurring theme, while chapters on academic engagement with the crusades and on the ways in which Wikipedia articles on the crusades are created and contested highlight the ongoing production of knowledge about crusading. The *Crusades in the Modern World* is ideal for scholars of the crusades as well as for military historians and historians of memory.

SIPRI Yearbook 2005 Stockholm International Peace Research Institute, 2005 The 36th edition of the SIPRI Yearbook analyses developments in 2004 in Security and conflict so Military spending and armaments so Non-proliferation, arms control and disarmament The SIPRI Yearbook contains extensive annexes on the implementation of arms control and disarmament agreements and a chronology of events during the year in

the area of security and arms control. Studies in this volume: Euro-Atlantic security Major armed conflicts Multilateral peace missions Governing the use of force under international auspices The greater Middle East Latin America and the Caribbean Environmental security Financing security in a global context Military expenditure Arms production International arms transfers Arms control and the non-proliferation process Nuclear arms control and non-proliferation Chemical and biological weapon developments and arms control Libya's renunciation of nuclear, biological and chemical weapons and longer-range missile programmes Conventional arms control International non-proliferation and disarmament assistance Multilateral export controls The Proliferation Security Initiative The annual accounts and analyses are extensively footnoted, providing a comprehensive bibliography in each subject area.

The Costs of International Advocacy Human Rights Watch (Organization), 2017 This report documents interventions by China at the UN that hinder UN efforts to improve human rights in China and around the world. In that sense, it is a case study of how a powerful member state works within the UN system to undermine its ability to strengthen global compliance with international human rights norms. It also examines UN responses to date, offering detailed recommendations on what UN officials and institutions can do to better protect civil society participation at the UN and safeguard the integrity of the UN human rights system. China's efforts to subvert the UN human rights system also need to be scrutinized because they have been adopted by other countries. China should not become a model for others that hope to hobble or obstruct UN human rights bodies.

Voltaire finansista Leon Koźmiński, 2019-05-14

Pierwsza polska edycja monografii Voltaire finansista autorstwa wybitnego ekonomisty, profesora Leona Koźmińskiego (1904–1993). Praca ta została pierwotnie wydana w 1929 roku w języku francuskim i była rozprawą doktorską, za którą Autor – jako pierwszy Polak w historii – otrzymał z wyróżnieniem doktorat des lettres na paryskiej Sorbonie. Praca powstała w wyniku kilkuletnich dogłębnych badań obejmujących nie tylko gigantyczną korespondencję Voltaire’a, ale także materiały prasowe i dokumenty publiczne z epoki, w tym publikacje ekonomiczne, na które powoływał się Voltaire. ze wstępu profesora Andrzeja K. Koźmińskiego Zarówno współcześni Voltaire’owi, jak i potomni podzielili się, jeśli chodzi o opinie na temat motywacji, jakie przyświecały pisarzowi w usilnym oraz niezwykle skutecznym zdobywaniu i pomnażaniu majątku. Monografia Leona Koźmińskiego, którą oddajemy do rąk czytelnika, przytacza niektóre z tych opinii, choć jej celem nie była gruntowna analiza tej właśnie kwestii. Autor zgadza się z tymi, którzy podkreślali, że pieniądze stanowiły dla Voltaire’a zawsze środek, narzędzie, a nie, jak to często bywa, cel sam w sobie. z przedmowy profesora Tadeusza Cegielskiego W Aneksie do książki zamieszczono skan pracy dyplomowej Leona Koźmińskiego, poświęconej działalności osiemnastowiecznego arystokraty-bankiera Antoniego Prota Potockiego.

Collections of Performance Tasks & Rubrics

12

student work to help you apply the rubrics and develop your grading and scoring skills. The performance assessments in this book were contributed by teachers like you from all over the country and they include: - open-ended and extended response exercises - projects and portfolios - behavioral assessments (skits, debates, discussions, etc.) - authentic assessments - and student self-assessments, in addition to those administered by teachers.

D66 Compendium Albert Gamerdude Beddow Jr, Janel Ann Bisacquino, Dale Charles McCoy Jr, 2010-10 Roll your dice and enhance every aspect of the universe you love. Know the names of Moons, Space Stations, and that scruffy-looking Vargr sitting at the bar as soon as your players ask. Blast off for Adventure and leave the details to the d66 Compendium. Based on one of Traveller's best-selling PDF series, this collection of quick-reference lists brings the Traveller universe to life with an abundance of imaginative multi-use descriptions to embellish your worlds, your characters and your encounters. It delivers those niggling details about technologies or cultures that make your game come alive - gender-specific names for many of the setting's alien inhabitants plus mega-corps, manufacturers, pirate ships and even seedy underworld organizations. Tie up the finer points of character creation with names, contacts, homeworlds, scars, and more. The d66 Compendium gives players and referees alike the charts to adventure.

Poems on Nature Gaby Morgan, 2019-10-03 The poems in Poems on Nature are divided into spring, summer, autumn and winter to reflect in verse the changes of the seasons and the passing of time. Part of the Macmillan Collectors Library series, featuring expert introductions for your favourite classics. This edition

features an introduction by Helen Macdonald, author of the international bestseller, *H is for Hawk*. Since poetry began, there have been poems about nature; it's a complex subject which has inspired some of the most beautiful poetry ever written. Poets from Andrew Marvell to W. B. Yeats to Emily Brontë have sought to describe the natural environment and our relationship with it. There is also a rich tradition of songs and rhymes, such as 'Scarborough Fair', that hark back to a rural way of life which may now be lost, but is brought back to life in the lyrical verses included in this collection.

Submitting to the Rancher Bj Wane, 2019-05-02

Bonus Print Edition includes books one and two:

Submitting to the Rancher and **Submitting to the Sheriff**.

Submitting to the Rancher Sydney finds more than she bargained for when she gets lost on her way to report for a new job and finds herself at a lifestyle club. Peering in through the window, her attention - and libido - are both snagged by a man delivering some old-fashioned discipline to a young blonde. After he runs Sydney off, both are surprised to discover she is the new chef he's hired for his ranch. Caden wanted to turn away the cheeky woman he'd caught spying on his club without remorse, but desperation for a chef forced his hand. Sydney proves to be a definite asset to his employees, and a royal pain in his butt.

Somehow, her penchant for getting lost and landing in trouble, along with her determination to return to the club as a guest, soon slide past his resistance. It takes a threat to Sydney and unearthing the truth about what made her flee her home in Missouri to force them both to admit their feelings and get her to stay as more than his chef.

Submitting to the Sheriff After overhearing two crooked Chicago cops plotting against her, Avery Pierce goes on the run, not knowing who she can trust. When her low finances

force her to take a job as a sex phone operator, she struggles, so when a caller senses her desperation and inexperience and offers assistance, she's tempted to agree. As soon as Sheriff Grayson Monroe meets the new waitress at his favorite diner, something about her strikes a familiar chord. When he sees her enter The Barn, his lifestyle club, the desire to get to the bottom of her evasive eyes and answers to his probing questions takes hold. He's determined to find out who she really is and what is troubling her. After an icy mishap, Master Grayson has finally run out of patience. One way or another, Avery will tell him the truth. But is it too late? Has danger already found her? Can Grayson come to her rescue or will she lose everything she has just gained?

Ignite the flame of optimism with Crafted by is motivational masterpiece, Fuel Your Spirit with **30&sorty** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
