Activating Your 5D Frequency Judith Corvin-Blackburn,2020-05-05 A guide to navigating the transition from 3D to 5D and reclaiming the ancient powers of love, creativity, and unity consciousness lying dormant in our DNA • Details what is happening psychologically, emotionally, and socially with the dimensional shift and provides a vision of life on 5D Earth • Offers transformative activations and tools to meet the psycho-spiritual demands of this transition, including identifying and integrating the shadow self, healing emotional wounds, and discovering higher frequencies • Explains how to navigate the Ascension process, especially in terms of handling emotions, resistances, and fears, and how to welcome these new frequencies We are in a time of great transition. Higher frequency light is flooding our planet, awakening large numbers to reclaim our original nature as fifth-dimensional humans. As 5D humans, we live from our heart's wisdom, from Unity Consciousness, unconditional love, and unbridled creativity. 5D humans have highly developed inner senses of empathy, telepathy, clairvoyance, and clairsentience--qualities that are opening for many as we go through this dimensional shift. While this journey is exciting, its demands can be overwhelming. In this hands-on guide to activating the 5D potential lying dormant in our DNA, Judith Corvin-Blackburn shows us how to navigate the Ascension process, including how to handle emotions, resistances, and fears and welcome our 5D frequencies. Using the 9-dimensional-axis theory first explored by Barbara Hand Clow, the author details what is happening psychologically, emotionally, and socially with the dimensional shift, including revealing the denser, pain-inducing frequency of being a 3D human and the challenges of the 4th dimension. She offers transformative activations and tools to explore and master the psycho-spiritual demands of this transition, including identifying and integrating the shadow self, healing emotional wounds that hold us back, and discovering higher frequencies and the cellular vibration of unconditional love and Oneness. Once we reclaim ourselves as loving, conscious, creator beings and realize we are part of a global 5D team, together we can consciously help co-create a New Earth by anchoring the 5D frequency in both our inner and outer worlds.

Card Sorting Donna Spencer,2009-04-01 Card sorting helps us understand how people think about content and categories. Armed with this knowledge, we can group information so that people can better find and understand it. In this book, Donna describes how to plan and run a card sort, then analyse the results and apply the outcomes to your project.

Pagan Portals - Poppets and Magical Dolls Lucya Starza,2018-08-31 Poppets are dolls used for sympathetic magic, and are designed in the likeness of individuals in order to represent them in spells to help, heal or harm. The word poppet comes from the Middle Ages in England, originally meaning a small doll or child, and it is still in use today as a name of endearment. The term is older than the phrase 'Voodoo doll'. Pagan Portals – Poppets and Magical Dolls explores the history of poppets and offers a practical guide to making and using them in modern witchcraft. It also covers seasonal dolls, from Brigid dolls, used in celebrations for the first stirrings of spring, to fairy dolls enjoyed in tree-dressing at Yuletide. Other topics covered include spirit dolls, ancestor dolls and dolls as representations of mythological beings and creatures from folklore. The newest book from Lucya Starza, author of Every Day Magic: A Pagan Book of Days.
