Star's Storm S. E. Smith, New York Times and USA TODAY Bestselling author of Science Fiction, Urban Fantasy, and Paranormal Romance brings another action, adventure, and suspense-filled story to transport readers out of this world. Star Strauss has always been a fighter. From the time she was born prematurely to her life on the road as a circus performer. She has never let her small stature keep her from achieving her dreams. She is one of the best aerial performers in the world. Her love of being up high and flying free has helped her overcome the challenges she faces when she is on the ground. Only her circus family, her sister, and her best friend have ever really understood her need for freedom. Her life changes when she finds herself on a distant world where every creature seems to tower over her. Jazin Ja Kel Coradon is the third son of the ruling House of Kassis. He is known not only for his skills as a fierce warrior, but for his knowledge of communication, security, and weapons systems. This knowledge has increased the effectiveness of the Kassis defenses protecting their world from attack from a new group of rebels who threaten their very existence. He will fight until his last breath to protect his people. His life changes when he meets a tiny creature who is unlike anything he has ever seen. She is tiny, delicate, and beautiful. The problem is she is also the strongest, most stubborn female he has ever met. She refuses to do what he tells her, she defies him at every turn, and doesn't seem to understand that all he wants to do is protect her. If he could just get her to stay in the nice safe bubble he has created for her, his life would be so much simpler! Star had enough of people back home trying to put her in a glass box, she wasn't about to let anyone on an alien world try to put her in one! When the man she loves is kidnapped, she will do what she does best. She will use her skills as a performer to rescue him from the men determined to extract the information they need to bring down the Kassis defense system before they kill him. Sometimes being small has its advantages. The enemy never expects a pint-size female to have the strength of a warrior and a stubborn warrior is about to find out he has a partner who can stand tall with him in the face of danger. The Old Testament in the Light of the Ancient East Alfred Jeremias, Claude Hermann Walter Johns, 1911

The Arcturus Probe Jose Arguelles, 1996 Arcturus is the name given to the star system some thirty-seven light-years from our own. It includes at least a half dozen planetary bodies and is many times larger and much older than our own star and its system. Arcturian involvement with our system began over three million years ago when a space colony—a galactic space station—was established on Velatropa 24.4, otherwise known as Mars. With its 40,000-year warm cycles, Mars provided the perfect experimental way station. If anything went wrong, at least those on the Arcturus system would not be affected—or so it was thought. Some of those in command of the Martian project had not considered carefully enough the inexorable efficacy of karma, the law of cause and effect. By the time strange events began to transpire on Mars, little did anyone on Mars or Arcturus reckon the strange consequences of forgetting about each other's mutual existence. Thus unfolds the tale of the Arcturian experimental way station, V.24.4, otherwise known as Mars.

The Film Daily Year Book of Motion Pictures , 1965

Projecting Ethnicity and Race Marsha J. Hamilton, Eleanor S. Block, 2003-03-30 This comprehensive annotated bibliography reviews nearly 500 English-language studies published between 1915 and 2001 that examine the depiction of ethnic, racial, and national groups as portrayed in United States feature films from the inception of cinema through the present. Coverage includes books, reference works, book chapters within larger works, and individual essays from collections and anthologies. Concise annotations provide content summaries; unique features; major films and filmmakers discussed; and useful information on related titles, purpose, and intended readership. The studies included range from specialized scholarly treatises to popular illustrated books for general readers, making *Projecting Ethnicity and Race* an invaluable resource for researchers interested in ethnic and racial film imagery. Entries are arranged alphabetically by title for easy access, while four separate indexes make the work simple to navigate by author, subject, gender, race, ethnic group, nationality, country, religion, film title, filmmaker, performer, or theme. Although the majority of studies published examine images of African Americans, Hispanic Americans, Native Americans, Asian Americans, and Asians in film, the volume contains studies of groups including Africans, Arabs, the British, Canadians, South Sea Islanders, Tibetans, Buddhists, and Muslims—making it a unique reference book with a wide range of uses for a wide range of scholars.
