Elep Returns Arnold Mundua, 2012-10-20 *Elep Returns* is the story of a tree, named Elep, which grew in Kandrian on the south coast of West New Britain in Papua New Guinea. Elep relates its own adventurous story, blossoming from a seed to a very big tree, to it being cut down and exported as a log to Japan, from its transformation to paper, to its import as paper by Australia and then by the country of its origin, to be printed as school certificates. As a matter of coincidence, Elep, now in its new incarnation, has the proud privilege of displaying the academic excellence of the boy who used to relish its nuts while in the Amumsong village. Written by a Forest Officer, this science fiction, profusely illustrated, brings to focus the various stages in the growth of a tree, and the working of the Forest Authority mechanism, from its export, and the pulping of the log, to its metamorphosis as paper in Japan. The voyage of the log from PNG to Japan and then to Australia in the form of paper, provides a panoramic view of the places the ship passed through and the beautiful ambiance of Japanese ports and cities. It also describes the distinct nature and skill of Japanese workers. The Eleps tale, narrated in simple yet delectable way, and interspersed with suspense every now and then, keeps the reader engrossed. In view of the educational nature of this novel, it should be essential reading for both the young and the old alike. It is a must for every school, college, university and institutional library.

Forced Out Kevin Maxwell, 2020-07-05 A gay, black, British police officer's memoir of prejudice, racism and homophobia on the force in the twenty-first century. Kevin Maxwell was a dream candidate for the police force—he had a long-held desire to serve his community, a strong moral compass and a clear aptitude for both the strategic and practical aspects of policing. And, as a gay black man from a working-class family, he could easily have been a poster boy for the force's stated commitment to equal opportunities. Joining just after the 9/11 attacks, Kevin entered policing determined to keep communities safe in the face of a changing world. But instead, he came up against entrenched prejudice, open racism and homophobia. For more than ten years, Kevin strove against the odds, until he took the force to an employment tribunal—with devastating results. *Forced Out* is a revelatory exposé combining deeply affecting memoir with sharp analysis and a fascinating insider perspective on day-to-day life in the force. It is a touchstone for the silent many who have either tried to ignore abuse for the sake of their career or who have been bullied out of their jobs. It paints a sobering portrait of an institution that has not yet learned the lessons of the past and whose prejudice is informing the cases it chooses to investigate and the way it investigates them. And it asks the important question: what needs to change? "One of the most compulsive books I've read in a long while." —Bernadine Evaristo, award-winning author of *Girl, Woman, Other*

Encyclopedia of Ephemera Michael Twyman,2018-10-24 The joy of finding an old box in the attic filled with postcards, invitations, theater programs, laundry lists, and pay stubs is discovering the stories hidden within them. The paper trails of our lives -- or ephemera -- may hold sentimental value, reminding us of great grandparents. They chronicle social history. They can be valuable as collectibles or antiques. But the greatest pleasure is that these ordinary documents can reconstruct with uncanny immediacy the drama of day-to-day life. The Encyclopedia of Ephemera is the first work of its kind, providing an unparalleled sourcebook with over 400 entries that cover all aspects of everyday documents and artifacts, from bookmarks to birth certificates to lighthouse dues papers. Continuing a tradition that started in the Victorian era, when disposable paper items such as trade cards, die-cuts and greeting cards were accumulated to paste into scrap books, expert Maurice Rickards has compiled an enormous range of paper collectibles from the obscure to the commonplace. His artifacts come from around the world and include such throw-away items as cigarette packs and crate labels as well as the ubiquitous faxes, parking tickets, and phone cards of daily life. As this major new reference shows, simple slips of paper can speak volumes about status, taste, customs, and taboos, revealing the very roots of popular culture.
