Gene Stratton-Porter

Petal Storm Paul Kidd,2007-03 The Hive... The last stronghold of an ancient race; the Bees - children of the Great Light, caretakers of the forest world. A warrior race - a race of artists, of dancers and engineers. Survivors of a distant holocaust that has almost extinguished their civilisation. It is a world of order. A world of timeless tradition. A world where one fertile Queen is the mother of an entire race. Where child-princesses fight to the death for succession to the throne. But the old Queen is finally dying. For the first time, a Queen's successors will be adults. Adults with allies, with agents - and with armies at their call. While forces gather, an astonishing new secret slowly creeps out into the light. The secret of life. A secret worth dying for... **Petal Storm** The ultimate gift of love - - Is life itself...

The Keeper of the Bees Gene Stratton-Porter,1925
Veteran escapes from hospital to avoid being sent to tubercular isolation camp, and finds health in aiding a beekeeper.

The Keeper of The Bees Gene Stratton-Porter,2024-04-11T00:00:00Z The very last novel that Gene Stratton-Porter wrote before her death. The tale of a wounded World War I veteran, a beekeeper and an impish tomboy all helped by each other. A book that examines the healing power that nature and kindness can have upon someone's life. Gene Stratton Porter's optimism and confidence in nature are on full show in this distinctly American tale of adventure, hope, and healing. Many films have been influenced by it.

Slocum 308: Slocum and the Hangman's Lady Jake

Logan,2004-09-28 Slocum bleeds justice out of an unjust town! In Del Rio, justice is swift and innocence is no defense. You're tried in the morning and hanged at noon. And if you're a lawyer, winning an acquittal for your client can be fatal if it goes against the powers that be. Despite Slocum's eyewitness testimony, an innocent Mexican is sentenced and hanged for murder. It's all part of a scheme to seize a very valuable piece of land. Slocum could—and probably should—ride away from the whole ugly situation. But injustice doesn't sit well with him—and one attempt has already been made on his own life. Now, Slocum is going to shed the blood of the guilty—to avenge an innocent man who couldn't fight back.

The Keeper of the Bees Gene Stratton-

Porter,2021-01-05 A wounded veteran discovers the healing power of nature in this classic American novel by the author of *A Girl of the Limberlost*. Wounded in World War I, Jamie McFarlane is looking for a peaceful place to spend his final days. After escaping the grim confines of a California military hospital, he finds himself at the seaside home of the Bee Master. There, with the help of an impish eleven-year-old called Little Scout, Jamie tends to the hives and flowers while the Bee Master is away. As Jamie learns his new responsibilities, he discovers a source of hope and healing in the natural beauty that surrounds him. He also crosses paths with a mysterious young woman who faces a dilemma as dire as his own. This beloved tale of hardship, nature, and renewal is rich in wisdom and the joy of being alive.

Chip Meets Beeper Dorothy J. Hines,2009-12

The Murmur of Bees Sofía Segovia,2019 From a beguiling voice in Mexican fiction comes an astonishing novel--her first to be translated into English--about a mysterious child with the power to change a family's

history in a country on the verge of revolution. From the day that old Nana Reja found a baby abandoned under a bridge, the life of a small Mexican town forever changed. Disfigured and covered in a blanket of bees, little Simonopio is for some locals the stuff of superstition, a child kissed by the devil. But he is welcomed by landowners Francisco and Beatriz Morales, who adopt him and care for him as if he were their own. As he grows up, Simonopio becomes a cause for wonder to the Morales family, because when the uncannily gifted child closes his eyes, he can see what no one else can--visions of all that's yet to come, both beautiful and dangerous. Followed by his protective swarm of bees and living to deliver his adoptive family from threats--both human and those of nature--Simonopio's purpose in Linares will, in time, be divined. Set against the backdrop of the Mexican Revolution and the devastating influenza of 1918, *The Murmur of Bees* captures both the fate of a country in flux and the destiny of one family that has put their love, faith, and future in the unbelievable.

The Adventures of Maya the Bee Waldemar Bonsels, 2013-07 While the experienced Cassandra wiped Maya's large bright eyes and tried as best she could to arrange her delicate wings, the big hive hummed and buzzed like a threatening thunderstorm, and the baby-bee found it very warm and said so to her companion. Cassandra looked about troubled, without replying. It astonished her that the child so soon found something to criticize. But really the child was right: the heat and the pushing and crowding were almost unbearable. Maya saw an endless succession of bees go by in such swarming haste that sometimes one climbed up and over another, or several rolled past together clotted in a ball. Once the queen-bee approached. Cassandra and Maya were jostled

aside. A drone, a friendly young fellow of immaculate appearance, came to their assistance. He nodded to Maya and stroked the shining hairs on his breast rather nervously with his foreleg. (The bees use their forelegs as arms and hands.) The crash will come, he said to Cassandra. The revolutionists will leave the city. A new queen has already been proclaimed.

Hector Finds a Fortune Elizabeth Shreeve, 2004
Hector Fuller, a wumblebug, takes over his uncle's bee farm, but his new job turns out to be more trouble than expected.

Antiques & Honey Bees Chloe Zane, Jules Monroe, 2022-05-30
Starting over is hard, but honey soothes all wounds. A catastrophic loss to Remy's bee business has him scrambling to make up the monetary shortfall. He's got a few old pieces of furniture he can sell, but he wasn't expecting angel-faced Stephan to show up as the buyer. Nervous enthusiasm meet grumpy bear. When Stephan's vehicle breaks down, can these two polar opposites survive being stuck together during a heavy storm? Or will their growing desires prove to be a temptation too sticky to ignore? *Antiques and Honey Bees* will be a light, fluffy, and fun novel with one skittish, out-of-work man, a very grumpy bear shifter and a preponderance of bees. Each book in the Buck's Landing series contains intimate scenes fitting for the characters. While there are recurring characters and themes, these novels can be enjoyed in any order.

Violet, the Fuzzy Honeybee Stephanie Clancy, 2010-04
Who knew being a bee could be so much fun? Violet, the Fuzzy Honeybee, has a day of adventures in store. After working in the garden, she has a lovely afternoon planned with her girlfriends. But she'll get into some mischief along the way. Just what does this sweet honeybee do all day?

Kaia and the Bees Maribeth Boelts, 2020-03-10 The author of *Those Shoes* and an award-winning illustrator team up for the story of a girl who tries to overcome her fear of bees to see how amazing they are. Kaia is the brave type. Like hottest-hot-pepper brave. But there is one thing that scares her: BEES! And right now, thousands of bees live on her roof because Kaia's dad is a beekeeper. Her dad says that the world needs bees and that's why they are beekeepers. But only he goes on the roof, not Kaia — unless she can find a way to be the brave girl she always says she is. Against a sunny city setting, author Maribeth Boelts and illustrator Angela Dominguez depict Kaia's small courageous steps — and her tiny insect neighbors — with great empathy and charm. Buzzing with storytime potential, *Kaia and the Bees* is an honest and relatable tale about bravery and compassion, as well as the importance of bees to our world.

The Adventures of Maya the Bee Waldemar Bonsels, 2013-11-01 *The Adventures of Maya the Bee* is an exciting tale for children of all ages. It is the story of Maya, a rebellious little bee who flies from the hive in search of adventure and encounters her own heroism. Themes of growth and development of courage and wisdom are found, as well as the extreme joy and satisfaction that Maya experiences in the beauty of creation and all creatures. Her ultimate and innate loyalty to her Nation of Bees unfolds in the final heroic scenes. This story gives us the delightful sense of having seen a small segment of the world through a Bee's eyes.

slipped from her cell was called Cassandra and commanded great respect in the hive. Those were exciting days. A rebellion had broken out in the nation of bees, which the queen was unable to suppress. Swarm of Bees Lemony Snicket, 2019-04-23 From the

bestselling author of *The Dark* comes another brilliantly illustrated picture book that takes on an intense childhood emotion--this time, anger--in a rollicking, kid-friendly way. Whether you're a kid or a bee, sometimes you feel so mad, you buzz around looking for people to sting and trouble to make. See how one boy, a swarm of bees, and a whole town can get riled up and then find a way to feel better through the comfort of unconditional love and community. Printed in a brilliant palette of primary colors, brimming with beautiful dots and stripes, Rilla Alexander's art sings. Not since David Shannon's *No, David!* have readers been given the pleasure of witnessing such uproariously terrible behavior, unbridled emotion, and ultimately, such comfort.

Winnie the Pooh and the Honey Tree Janet

Campbell, 1993 Winnie the Pooh, hungry for honey, invites himself to Rabbit's house for lunch. He eats so much honey that he gets stuck in Rabbit's door.

The Hive Susan Stewart, 2008-08-01 At the crossroads of science, mathematics, and art lives Quiver, a stunning new collection of poems that seeks to reconcile the empirical truths of science with the emotional truths of human experience. Through an ambitious set of poetic series and sequences, Somers-Willett re-invents the love poem, conjuring a voyeuristic affair between a radio astronomer and Dark Matter, radium's atomic aubade for Marie and Pierre Curie, and the shrill love song of Gregor Mendel's cross-pollinated pea plants. With intelligence and wonder, Quiver comes to understand the pursuits of science and beauty as one and the same, rendering an exquisite world where the graph of a mathematical equation can become the image of love's witness / running with its arms open all the way home. In deft, musical lyrics that are by turns formal and experimental, studied and accessible, meditative and pragmatic, Somers-Willett

portrays scientific phenomena in strikingly intimate ways. Every mystery connects in her universe, revealing a relationship between science and human sentiment that is as surprising as it is profound. --University of Georgia Press.
