*El baile de las abejas (The Dance of the Bees)*

Fran Nuño, 2021-04-15 Enter the world of bees and discover their wonderful powers. A beautiful hymn to nature featuring haikus, set in a quiet corner of Japan. It was summertime when an old lady and

her granddaughter decided to spend more time together and make the most out of it by walking through the countryside through the countryside. Grandma was passionate about nature and she enjoyed feeling surrounded by trees and animals, but what she liked the most was watching bees. The little girl enjoyed listening to her grandmother tell her about the amazing life of bees and their extremely important mission for life on our planet. Not a day went by that they did not visit the bees and the girl always learned something new, like that day when she discovered what the dance of the bees was. With each passing day, their bond grew stronger and stronger, and all thanks to those little insects. But after the years, the little girl, now a woman, returns with her son to the place where her grandmother's house was and, thanks to the dance of the bees, they will discover something that they will never be able to forget. Adéntrate en el mundo de las abejas y descubre su maravilloso poder. Un canto a la naturaleza y una bella historia con haikus que pudo ocurrir en algún lugar de Japón. Era verano cuando una abuela y su nieta decidieron pasar más tiempo juntas y aprovecharon para pasear por el campo. La abuela era una apasionada de la naturaleza y disfrutaba de sentirse rodeada de árboles y animalitos, pero lo que más le gustaba es observar a las abejas. La pequeña disfrutaba de escuchar a su abuela contándole la asombrosa vida de las abejas y su misión tan importante para la vida en nuestro planeta. No había día que no visitasen a las abejas y la niña siempre aprendía algo nuevo, como aquel día en el que descubrió qué

era el baile de las abejas. Cada día que pasaba su vínculo se fortalecía más y más, y todo gracias a esos pequeños insectos. Pero pasados los años, la nieta, convertida ya en mujer, regresa con su hijo al lugar donde estuvo la casa de su abuela y, gracias al baile de las abejas, descubrirán algo que nunca podrán olvidar.

**Las Abejas** Marco Tavanti, 2014-01-27 Las Abejas came to be known by the international community as the civil counterpart to the neozapatista movements and as a Christian pacifist movement. This book presents the voices of Las Abejas and of numerous collaborators alongside an innovative

theoretical analysis of the dynamics of identity construction. The uniqueness of this study is the analysis of the role of international human rights observers in relation to indigenous communities in resistance. In this fascinating study, Marco Tavanti explains how cultural, religious, political, human rights and nonviolent frameworks combine in a syncretic identity of resistance.

**Jam & Honey** Melita Morales, 2011-01-25 A little girl is on her way to gather berries, berries to make jam when she gets home. A little bee is on its way to gather nectar, nectar to make honey for her honeycomb. Their meeting in the same berry patch shines a gentle light on a common childhood fear from two points of view. **The Adventures of Maya the Bee** Waldemar Bonsels, 2017-08-15 A little bee is born in a large and busy hive. At that time, the hive is going through a period of unrest and there are fears that it will become subdivided into separate colonies. The little new-born, Maya, is under the care of a strict but loving teacher. One day, driven by curiosity and rebellion, Maya escapes from the safe environs of the hive and flies into the forest. Here, she encounters all sorts of interesting, exciting, frightening and funny things. The Adventures of Maya the Bee is the story of the intriguing days that follow. Waldemar Bonsels was a writer who wrote in his native German and The Adventures of Maya the Bee is his only work for children. However, it turned out to

be his most famous one. In *The Adventures..* Maya and her friends, Willy the Bee, Mrs Cassandra her teacher, Flip the Grasshopper, Alexander the Mouse, Thekla the Spider, Kurt the Dungbeetle and others form part of the group of creatures whose capers and mischief are charmingly portrayed. In the book, Maya is captured by a gang of villainous hornets and taken to their nest. During her imprisonment, she fortuitously overhears the hornets' plan to attack her own hive and destroy all the bees in it. How she foils the plans and earns the forgiveness of the bees for having run away in the beginning forms the rest of the story. Grown-ups and children can both enjoy this short but sweet book. There have been many critical analyses of *The Adventures..* and some have seen it as a political allegory. The original edition contained quite a lot of violence and non-PC references to race and disabilities. However, this new edition has been revised and is free of these...

Bees Susan Ashley, 2004-01-04 Brief text discusses the life cycle, behavior, and physical characteristics of bees and describes how honeybees live in colonies and make honey.
