*All Possible Orbits* Adam Perry, 2021-09-02 Fired from his job, recently divorced, and nearly broke, Tucker Merrill is ready to snap when he receives word of his brother's suicide. In full retreat, Tucker returns to his hometown of Natchez, Mississippi, where the local industries have cut and run, the old southern mansions are devoid of visitors, and all that remains are gambling, hard drugs, and some serious cases of arrested development. The unforgiving criticism of Tucker's father coupled with the less than sympathetic ear of his childhood sweetheart, forces a brutal reassessment of his life. However, before he can reconcile his past and his present, he'll have to steer clear of a group of Neo-Nazi's hellbent on kick-starting a race war in the 21st Century shambles of the Old South.

**Adam Canfield of the Dash** Michael Winerip, 2005 Fast-paced and suspenseful story about two young reporters on a school newspaper. Adam and Jennifer have just become co-editors of their school newspaper, *The Slash*. It's the first issue...and already there's the smell of a scandal! One squeaky young reporter has spotted a discrepancy in the headmistress's story about a recent bequest to the school, and is determined to dig deeper. Some more super-sleuthing from the editors unearths a controversial secret and before long, it looks like *The Slash* is tackling big issues that could get them into even bigger trouble. However, just as the print run is about to be stopped by the crooked headmistress, they manage to email the issue to everyone they know, discrediting the headmistress for good, as well as alerting the community to the snide by-law about to be passed by the local council. An engaging fictional insight into the workings of a school newspaper - guaranteed to leave children asking for more. First in an exciting new series!

*What About Tuesday* Adam Wilson,2015-02-09 Should you ever wake up to find a day of the week missing due to a freak abnormality in the nature of space-time, it's probably a good idea not to mention it to anyone. It's definitely a good idea not to mention it to the slight ginger working for Gently's Private Investigators. You may think it's a good idea, but it'll be way more trouble than it's worth. Really, it's probably best to just go about your day and forget anything ever happened. Cause technically, nothing did.

He is also a very meek and attentive family man who adores his rather eccentric tween daughter. Yet for all his efforts to impress his family, it's not reciprocal. Mainly because his wife, deep down, hates his guts.Then one day, in one of those activities designed to 'impress', Adam sky-dives. His

parachute doesn't open and he dies. BUT almost immediately his body resurrects itself, leaving on the ground, a dead replica of himself. Adam tries to expose this phenomenon but loses his body. When he dies a second time, the evidence presumes that he could be a target of industrial espionage because of his invention. He decides to turn his home into a fortress. As Adam continues to die through seemingly innocuous accidents around the house and even on their annual family holiday, it leaves him with more bodies to hide and move around as not to alarm his family. **Adam was Here** Catherine Chambers, Jim Eldridge, 1995

*Adam and Eve Plus Phil-Redux (the Life and Times of the Odd Man Out)* H. Johnson, 2017-12-15 -Redux, the stand-alone sequel to *Adam and Eve plus Phil (The Life and Times of the Odd Man Out)* is less offensive than the original. No underground pigs grace these pages. Remember, in the first book subterranean swine blindly followed their queen-the sow who showcased the biggest teats. I wrote blindly because it was black as pitch living deep in the Earth without electricity. This additional work, a globe-spanning, romantic comedy, follows Phil in both his real and dream worlds as he attempts to slide an

engagement ring on the finger of the ravishing Angel. Rich, the slovenly misogynist, throws Marie, a beautiful oceanographer with a killer body, the finger as he confides in Phil that she's a syphilitic bitch. The imperious Chantal still terrorizes everyone. Costume-cousin Annie is baking her heavenly cakes, and St. Peter offers slices to those who qualify to enter through his pearly gates. A certain jeweler, globular Maurice, is oversold on inventory and develops a coronary. Meanwhile, Phil perches on his shredded, supernatural Tetas Nightclub bar stool to rationalize the universe. And Kumquat? You'll have to read inside for the answer to that question. This book is a never-ending romance-the author can't stop writing, and he requires an intervention.

*Adam and the Goat* Alex Sergi, Christopher Sergi, 2019-03-13 Coldblooded murder, insane legends and extreme botany were not common phrases in Adam's somewhat limited vocabulary. Sure, he's got a comfortable job, lives in the city, and has everything a twenty something bachelor could ask for. But unknown to Adam, having ended a drunken night out, a greasy kebab in hand and doubts about his platonic relationships, his late night dinner harbours a twisted surprise. Now supernaturally tethered to Goat, a quarrelsome sentient farm animal, Adam's world is thrown into complete disarray, forcing them both down a chaotic path for survival, whilst questioning the very fabric of their existence.

*VENOANS* Adam Adams, 2022-10-21 Fear consequences, fear living itself.

Once a Millionaire Adam Mason, 2015-12-01 I met Sam Morgan in the spring of 2008. Sometimes i wonder if it was Sam or the fact that i had won millions that derailed things. Either ways, thing went bad to worst from there.

**Hamsterdamned!** Adam Millard, Sean Ferrari, Bill Hauser, 2014-02 Amsterdam. The sex and drugs capital of the world. Where weed is legal and smoked alongside coffee in one of the city's many koffiehuisen. It's Mike's stag-do; one final weekend of debauchery before marrying - and along with four of his friends, he intends to paint the town red. Unfortunately, they're not the only ones eager to paint the town red; six evil hamsters escape the delivery-truck and stumble upon a contaminated batch of space-cake. With the euphoria they experience comes a side-effect none of them could have anticipated. The hamsters start to grow. Alternating between anger and optimism, he is grateful for support from former colleagues Sue Romans and Andy Baker. Their team endures, beyond the workplace. They still have their friendship. But when unimaginable turmoil erupts at Barsden Industries, each
