All Possible Orbits Adam Perry, 2021-09-02 Fired from his job, recently divorced, and nearly broke, Tucker Merrill is ready to snap when he receives word of his brother's suicide. In full retreat, Tucker returns to his hometown of Natchez, Mississippi, where the local industries have cut and run, the old southern mansions are devoid of visitors, and all that remains are gambling, hard drugs, and some serious cases of arrested development. The unforgiving criticism of Tucker's father coupled with the less than sympathetic ear of his childhood sweetheart, forces a brutal reassessment of his life. However, before he can reconcile his past and his present, he'll have to steer clear of a group of Neo-Nazi's hellbent on kick-starting a race war in the 21st Century shambles of the Old South.

Determined to protect his older brother's wedding, professional chef

Jerrick Ramhart makes a deal with his cruel, homophobic parents. One that involves keeping his true desires locked away and deceiving his brother Gerard and his new family in Abingdon. In exchange, his parents agree to leave Gerard and his fiancé Jace alone. Jerrick doesn't mind the sacrifice, just as long as Gerard gets the happily ever after he deserves. What he doesn't expect is a fateful encounter with a wild, red-headed pop star. An encounter that threatens to expose Jerrick's secret life. Recording artist Adam Adam Love Walker is known for living his life the way he wants. Doing and saying whatever he wants and not caring who likes it. Why shouldn't he? After all, Adam isn't sure when his life will suddenly come to an end. But after an unforgettable night with a sexy chef, Adam starts singing a different tune. Jerrick is everything Adam wants in a man, but what's the point of being in a relationship if he can't promise Jerrick forever? What happens when polar opposites with secrets cross paths in the most unexpected way? Adam begins to show Jerrick what it's like to be free, and Jerrick is slowly showing Adam what life has to offer him. As stubborn as these two are, will they learn to accept each other before one of them checks out forever? **TRIGGER WARNING:** This book contains sexual adult content, mental and physical health issues, minor violence, and talks of death. *This is Book 2 in the series, but can be read as a standalone story - no cliffhangers*

Emporium Adam Johnson, 2002 Garnering advance praise from the likes of Ron Carlson, Mark Richard, and Jennifer Egan, Adam Johnson's *Emporium* marks the debut of a startling new voice in American fiction. Through thrilling prose and fearless scenes, Johnson shows that Christian power-lifters and depressed robots are no more surreal than fathers who vanish or mothers who waste away.

What's Important Is Feeling Adam Wilson, 2014-02-25 Bankers

prowl Brooklyn bars on the eve of the stock market crash. A debate over Young Elvis versus Vegas Elvis turns existential. Detoxing junkies use a live lobster to spice up their love life. Students on summer break struggle to escape the orbit of a seemingly utopic communal house. And in the title story, selected for *The Best American Short Stories*, two film school buddies working on a doomed project are left sizing up their own talent, hoping to come out on top—but fearing they won't. In *What's Important Is Feeling*, Adam Wilson follows the through-line of contemporary coming-of-age from the ravings of teenage lust to the staggering loneliness of proto-adulthood. He navigates the tough terrain of American life with a delicate balance of comedy and compassion, lyricism and unsparing straightforwardness. Wilson's characters wander through a purgatory of yearning, hope, and grief. No one emerges unscathed.

In the Dark of Eden Adam Starks, 2021-04-02 The catchphrase *Almost Heaven* may mean much more to those who uncover the mystery surrounding Eden, West Virginia. Tyhannon Briggs' recurring dream of this majestic place consumes his thoughts until he decides to venture into Eden's lush forest to find a paradise only claimed in local Appalachian folklore. Uncover the meaning and metaphysical realm of E.D.E.N. in Starks' debut novella.

meet â€ a former Stasi prison warden in denial of his past, a refugee from North Korea unsettled by his new freedom, a UPS driver in hurricane-torn Louisiana looking for the mother of his son. These are tales of love and loss, natural disasters, the influence of technology, and how the political shapes the personal. Tender, wry, utterly compelling, they show us humanity where you might least expect it.

The Agora Files - Part I Adam Oster,2013-11-29 I almost missed my stop. Twice! - Angelika Rust, author of *Ratpaths* In a world where kids are used to smuggle goods across the country, Cyrus Rhodes believes himself to be the best. But as his eighteenth birthday nears, he fears for what his future holds when he can no longer do what he is best at. When he is given the chance to run an epic race across the country in less time than he knows is possible, he jumps at the opportunity, risking life and limb for little more than money and prestige. Soon, he learns there's much more to this run than he's accustomed to, finding himself in the middle of a battle for control of the country, while he's struggling against a battle for control of his own life. Now the question isn't whether or not he can complete the job, but whether he can stay alive when faced against the United States military, a revolutionary squad, and the entire United States who now believes him to be a terrorist.

What About Tuesday Adam Wilson,2015-02-09 Should you ever wake up to find a day of the week missing due to a freak abnormality in the nature of space-time, it's probably a good idea not to mention it to anyone. It's definitely a good idea not to mention it to the slight ginger working for Gently's Private Investigators. You may think it's a good idea, but it'll be way more trouble than it's worth. Really, it's probably best to just go about your day and forget anything ever happened. Cause technically, nothing did.

Splitting Adam Stephen Jager,2020-07-10 A conscientious family man instantly 'resurrects' every time he dies, leaving behind dead replicas of himself, unaware that someone close to him, is trying to kill him.Adam is an atom-scientist that's just invented the atom-laser. He is also a very meek and attentive family man who adores his rather eccentric tween daughter. Yet for all his efforts to impress his family, it's not reciprocal. Mainly because his wife, deep down, hates his guts.Then one day, in one of those activities designed to 'impress', Adam sky-dives. His parachute doesn't open and he dies. BUT almost immediately his body resurrects itself, leaving on the ground, a dead replica of himself.Adam tries to expose this phenomenon but loses his body. When he dies a second time, the evidence presumes that he could be a target of industrial espionage because of his invention. He decides to turn his home into a fortress. As Adam continues to die through seemingly innocuous accidents around the house and even on their annual family holiday, it leaves him with more bodies to hide and move around as not to alarm his family.After no more than nine deaths Adam is finally coming to realize who his assassin is.

Adam and the Goat Alex Sergi,Christopher Sergi,2019-03-13 Coldblooded murder, insane legends and extreme botany were not common phrases in Adam's somewhat limited vocabulary.Sure, he's got a comfortable job, lives in the city, and has everything a twenty something bachelor could ask for. But unknown to Adam, having ended a drunken night out, a greasy kebab in hand and doubts about his platonic relationships, his late night dinner harbours a twisted surprise.Now supernaturally tethered to Goat, a quarrelsome sentient farm animal, Adam's world is thrown into complete disarray, forcing them both down a chaotic path for survival, whilst questioning the very fabric of their existence.

Angry Black White Boy Adam Mansbach, 2007-12-18 From the acclaimed author of *Shackling Water* comes the first great race novel of the twenty-first century, an incendiary and ruthlessly funny satire about violence, pop culture, and American identity. Macon Detornay is a suburban white boy possessed and politicized by black culture, and filled with rage toward white America. After moving to New York City for college, Macon begins robbing white passengers in his taxicab, setting off a manhunt for the black man presumed to be committing the crimes. When his true identity is revealed, Macon finds himself to be a celebrity and makes use of the spotlight to hold forth on the evils and invisibility of whiteness. Soon he launches the Race Traitor Project, a stress-addled collective that attracts guilty liberals, wannabe gangstas, and bandwagon riders from all over the country to participate in a Day of Apology—a day set aside for white people to make amends for four hundred years of oppression. The Day of Apology pushes New York City over the edge into an epic riot, forcing Macon to confront the depth of his own commitment to the struggle. Peopled with all manner of race pimps and players, *Angry Black White Boy* is a stunning breakout book from a critically acclaimed young writer and should be required reading for anyone who wants to get under the skin of the complexities of identity in America.
