*All Possible Orbits* Adam Perry,2021-09-02 Fired from his job, recently divorced, and nearly broke, Tucker Merrill is ready to snap when he receives word of his brother's suicide. In full retreat, Tucker returns to his hometown of Natchez, Mississippi, where the local industries have cut and run, the old southern mansions are devoid of visitors, and all that remains are gambling, hard drugs, and some serious cases of arrested development. The unforgiving criticism of Tucker's father coupled with the less than sympathetic ear of his childhood sweetheart, forces a brutal reassessment of his life. However, before he can reconcile his past and his present, he'll have to steer clear of a group of Neo-Nazi's hellbent on kick-starting a race war in the 21st Century shambles of the Old South.

The Deal Adam Gittlin,2008-05-01 Everything about Jonah Gray screams success -movie-star good looks, expensive clothes, a Park Avenue penthouse, and a seven-figure income. A cutthroat, rainmaking New York city commercial real estate broker, Jonah craves opulence and power. He beds models, romps the globe on the weekends and sees the world as his for the taking. Jonah Gray has it all. Or at least he had it all. When a friend presents Jonah with the deal of a lifetime, Jonah jumps at the chance. All Jonah has to do is act quickly, invest half a billion dollars in prime NY office buildings, and collect a huge payoff. But this golden opportunity is anything but. Within days of signing on, Jonah is mysteriously thrust into the epicenter of an international and personal scandal. Forced to explore a whole new territory where he can trust no one, and where danger, death and deception lurk at every corner, Jonah will learn some painfully hard lessons about the quest for easy money. Closing this deal could mean losing everything.

**Adam Canfield of the Dash** Michael Winerip,2005 Fast-paced and suspenseful story about two young reporters on a school newspaper. Adam and Jennifer have just become co-editors of their school newspaper, The Slash. It's the first issue...and already there's the smell of a scandal! One squeaky young reporter has spotted a discrepancy in the headmistress's story about a recent bequest to the school, and is determined to dig deeper. Some more super-sleuthing from the editors unearths a controversial secret and before long, it looks like The Slash is tackling big issues that could get them into even bigger trouble. However, just as the print run is about to be stopped by the crooked headmistress, they manage to email the issue to everyone they know, discrediting the headmistress for good, as well as alerting the community to the snide by-law about to be passed by the local council. *Adam and Eve Plus Phil-Redux (the Life and Times of the Odd Man Out)* H. Johnson,2017-12-15 - Redux, the stand-alone sequel to Adam and Eve plus Phil (The Life and Times of the Odd Man Out) is less offensive than the original. No underground pigs grace these pages. Remember, in the first book subterranean swine blindly followed their queen-the sow who showcased the biggest teats. I wrote blindly because it was black as pitch living deep in the Earth without electricity. This additional work, a globe-spanning, romantic comedy, follows Phil in both his real and dream worlds as he attempts to slide an engagement ring on the finger of the ravishing Angel. Rich, the slovenly misogynist, throws Marie, a

beautiful oceanographer with a killer body, the finger as he confides in Phil that she's a syphilitic bitch. The imperious Chantal still terrorizes everyone. Costume-cousin Annie is baking her heavenly cakes, and St. Peter offers slices to those who qualify to enter through his pearly gates. A certain jeweler, globular Maurice, is oversold on inventory and develops a coronary. Meanwhile, Phil perches on his shredded, supernatural Tetas Nightclub bar stool to rationalize the universe. And Kumquat? You'll have to read inside for the answer to that question. This book is a never-ending romance-the author can't stop writing, and he requires an intervention.

**What About Tuesday** Adam Wilson,2015-02-09 Should you ever wake up to find a day of the week missing due to a freak abnormality in the nature of space-time, it's probably a good idea not to mention it to anyone. It's definitely a good idea not to mention it to the slight ginger working for Gently's Private Investigators. You may think it's a good idea, but it'll be way more trouble than it's worth. Really, it's probably best to just go about your day and forget anything ever happened. Cause technically, nothing did.

**Splitting Adam** Stephen Jager,2020-07-10 A conscientious family man instantly 'resurrects' every time he dies, leaving behind dead replicas of himself, unaware that someone close to him, is trying to kill him.Adam is an atom-scientist that's just invented the atom-laser. He is also a very meek and attentive family man who adores his rather eccentric tween daughter. Yet for all his efforts to impress his family, it's not reciprocal. Mainly because his wife, deep down, hates his guts.Then one day, in one of those activities designed to 'impress', Adam sky-dives. His parachute doesn't open and he dies. BUT almost immediately his body resurrects itself, leaving on the ground, a dead replica of himself.Adam tries to expose this

phenomenon but loses his body. When he dies a second time, the evidence presumes that he could be a target of industrial espionage because of his invention. He decides to turn his home into a fortress. As Adam continues to die through seemingly innocuous accidents around the house and even on their annual family holiday, it leaves him with more bodies to hide and move around as not to alarm his family. After no more than nine deaths Adam is finally coming to realize who his assassin is.

**Emporium** Adam Johnson, 2002 Garnering advance praise from the likes of Ron Carlson, Mark Richard, and Jennifer Egan, Adam Johnson's *Emporium* marks the debut of a startling new voice in American fiction. Through thrilling prose and fearless scenes, Johnson shows that Christian power-lifters and depressed robots are no more surreal than fathers who vanish or mothers who waste away.

**The Jones Files - Book One** Adam Christian Jones, 2018-04-23 Adam Jones is a character who pretends to be rough and tough, however is not; he is like the man I would like to be. He has special abilities as does his very large dog Jack. Jonesy owned a farm in Nebraska and did everything he could to live a peaceful life. His life was changed when two armed and phony government types came to his farm and kidnapped him. After being relocated in the Northwest Jack and Jones found themselves in a life of ever changing ventures that will keep the reader on the edge of thrilling curiosity. In the midst of these changes, Jonesy finds romance and falls in love with the boss lady. Rose and Jones share love, thrills, danger, unbelievable happenings, and just plain fun. The other characters in the story add more excitements, love, human drama and even more fun. This book will make you laugh, cry, hate the bad guys, and the way Adam Jones introduces one exciting event after another will command your attention from beginning to end.

**Brisk Money** Adam Christopher,2014-07-23 Raymond Chandler famously hated science fiction, saying They pay brisk money for this crap? However, it has recently come to light that Chandler secretly wrote a series of stories and novels starring a robot detective. He then burnt all the manuscripts and went on writing his noir masterpieces. Unknown to Chandler, his housekeeper had managed to save some of these discarded manuscripts from the grate in his study, preserving the tales for future generations. The first of these stories was recently unearthed by author Adam Christopher. On the topic of how the manuscript made its way from Chandler's study in California to Christopher's home in England, Christopher is suspiciously quiet. Ray Electromatic Mysteries **Brisk Money** Made to Kill Standard Hollywood Depravity Killing is My Business At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Adam and the Goat* Alex Sergi,Christopher Sergi,2019-03-13 Coldblooded murder, insane legends and extreme botany were not common phrases in Adam's somewhat limited vocabulary.Sure, he's got a comfortable job, lives in the city, and has everything a twenty something bachelor could ask for. But unknown to Adam, having ended a drunken night out, a greasy kebab in hand and doubts about his platonic relationships, his late night dinner harbours a twisted surprise.Now supernaturally tethered to Goat, a quarrelsome sentient farm animal, Adam's world is thrown into complete disarray, forcing them both down a chaotic path for survival, whilst questioning the very fabric of their existence.

**Tangents in Eden** Adam J. Williams,2016-03-24 In the city of Eden, everybody has a story and they all connect in some way. Candice is dealing with some inner demons. Anders is trying to woo his foster sister

when he finds a mysterious portal. Virgil is a forty year-old boy scout who's best friend is a head-shaped chia toy. Leo is an Emergency Room nurse trying not to use his Free Punch. Bug is broke and recently divorced when he's approached for a job as a bounty hunter. Nick is a single dad that has a rodent problem that's ruining his social life. Tyson is trying to get some work done and all that he needs is a little help from his dealer.

**Adam Mason** Anthony James Williams,2016-09-24 There is no time to wonder, there is no time to argue. All I can think of now, is Kate....All I can do is try to wake up. Adam Mason: Troubled by his own mind, Adam clings to the skin of this world with all his might. Fighting himself, hurting himself and hurting the ones he loves in the process. This is a tale of love and loss, of depression and the cloud that surrounds it. As Adam tries to deal with his ever growing depression, his friends, family and loved ones try to understand Adam's illness and cope with the aftermath of his episodes, while also trying to deal with everyday life.

*Once a Millionaire* Adam Mason,2015-12-01 I met Sam Morgan in the spring of 2008. Sometimes i wonder if it was Sam or the fact that i had won millions that derailed things. Either ways, thing went bad to worst from there.

**Abraham Anyhow** Adam Van Winkle,2017-03-26 This colorful, regional family tale unfolds across the

Texoma, Oklahoma-Texas border. Family patriarch Abraham Dyson, a hardscrabble mechanic and tow-truck driver, finds himself in the midst of learning that his property is under seige. He does what he must to hang on to his rural Southern property that comes under fire due to backdoor dealings and the expansion of a new highway. Abe's estranged son, Ike, now grown, returns home without warning. Father and son yoke together to battle a corrupt local business baron, a ragtag criminal family, all while a dogknaping and more, takes place. Abe Dyson works to re-thread family ties that are fragile yet resilient, and as meaningful as the rural Southern land he fights to hang onto for himself, and for future generations to come.
