After Effects in Production Trish Meyer,Chris Meyer,2013-01-25 Take your After Effects skills to a new level! Twelve step-by-step tutorials, designed by industry professionals, explore a variety of creative approaches as they teach useful design concepts and production techniques. Updated for After Effects 6.5, this new edition covers the most significant Version 5 and 6 features including 3D space, cameras, lights, parenting, text, animation presets, paint, and expressions. Each carefully structured project presents the why behind the steps, so you can adapt these techniques to your own designs and motion graphics work. All contain timeless concepts that will be of use for many years to come. After Effects in Production also contains six case studies of commercial projects created by award-winning studios such as ATTIK, Belief, Curious Pictures, The Diecks Group, Fido, and the authors' own studio, CyberMotion. These detail the integration of After Effects, 3D programs, live action, and a variety of animation techniques, revealing the artistic concepts behind the spots as well as the inventive techniques used to execute them. The enclosed DVD contains QuickTime movies of each of the final animations, allowing you to step through them frame-by-frame so you can examine them in detail.

Five Flying Penguins Barbara Barbieri McGrath,Stephanie Fizer Coleman,2020-12-11 Five little penguins are content in the cold--until they spot a menacing mammal! With a rhyming narrative that counts to five, adorable penguins are soaring--or flying--through the sea, trying to elude a lurking creature. But as young readers of this charming tale will discover, a friendly seal is only looking to play a game of tag.

Adobe After Effects CS6 Visual Effects and Compositing Studio Techniques Mark Christiansen,2012-08-08 This is the only book to focus exclusively on the creation of visual effects for After Effects, and is a one-stop resource for anyone who wants in-depth explanations that demystify the realm of visual effects and how they were created, thanks to veteran author Mark Christiansen's friendly and accessible style. A thoroughly packed, informative read, this masterful guide focuses on explaining the essential concepts, features, and techniques that are key to creating seamless movie-quality visual effects. Users who are comfortable with After Effects will find a helpful review of the fundamentals—managing footage, viewing and editing layers, animating type, and more—so they can learn how to work smarter and more efficiently. Readers of all levels will learn core techniques for effects compositing including color matching, keying, rotoscoping, motion tracking, emulating the camera, and concluding with using expressions in After Effects, written by contributor and expert Dan Ebberts. The final section of the book delves into creative explorations, demonstrating professional effects that readers might want to re-create. Readers will also find comprehensive coverage of all that's new in CS6, including variable mask feathering, Rolling Shutter Repair, Camera Tracker, and the new ray-traced 3D rendering engine which allows users to quickly design in 3D space. Included with the book are files used for many of the techniques in the book: Sample clips and projects include HD footage from Pixel Corps and Artbeats, as well as demos of plug-ins that you can use to experiment with in your own effects. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for Where are the lesson files? Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
