Early Cinema in Asia Nick Deocampo,2017-09-19 Early Cinema in Asia explores how cinema became a popular medium in the world's largest and most diverse continent. Beginning with the end of Asia's colonial period in the 19th century, contributors to this volume document the struggle by pioneering figures to introduce the medium of film to the vast continent, overcoming geographic, technological, and cultural difficulties. As an early form of globalization, film's arrival and phenomenal growth throughout various Asian countries penetrated not only colonial territories but also captivated collective states of imagination. With the coming of the 20th century, the medium that began as mere entertainment became a means for communicating many of the cultural identities of the region's ethnic nationalities, as they turned their favorite pastime into an expression of their cherished national cultures. Covering diverse locations, including China, India, Japan, Philippines, Malaysia, Thailand, Iran, and the countries of the Pacific Islands, contributors to this volume reveal the story of early cinema in Asia, helping us to understand the first seeds of a medium that has since grown deep roots in the region.

I should be basking in the glory of my new found popularity and placing top of my class, but I can't. That's because I have to live with my stupid ex, Mizuto Irido, who is also my little stepbrother now. For the sake of our newlywed parents, we're pretending to be best friends, but behind the scenes, we hate each other's guts and would like nothing more than to see the other crash and burn. We once thought we were deeply in love, but that was nothing but a folly of youth—a mistake that neither of us were keen on repeating. He never really understood me, even when we were dating. Nowadays, he still acts like he knows me, but that's all it is—an act. All he saw— No, all he's ever seen has been a plain-looking girl who shared a hobby with him. If someone else who fit that description asked him out, what would stop him from saying yes?
