Sue Bentley

Magic Puppy: Friendship Forever Sue Bentley,2009-01-01 Every little girl's brand new favourite character! Tyra's house has been flooded and she and her family have to stay with friends. Things start to look up when fluffy akita magic puppy, Storm, floats by But Dale, the son of the friends they're staying with, doesn't like Storm. What will Tyra do?

The Effacing T. Anwar Clark,2012-11-01 When 21 year old, Dale Ashe, informs his older brother, Mike, a former soldier now working at Owens Sea-Tow Fleet, about an emergency news broadcast to remain indoors until further notice, they ignore the cautions and leave home in search of, Major, Mike's missing Akita Inu. After a few awkward encounters, Ann pulls up and informs the brothers that Mike's girlfriend, Sarah, has checked in at the area hospital; and only after witnessing a patient succumb to his demise and come back to life a raging animal, innocent citizens become prey to those infected, and a failed attempt to escape the city results in more casualties, they realize the anchorman's advice should have been taken seriously... and they should have remained in the house.Their objective is getting to the docks, the place they suspect will be clear of Trackers and Bleeders, but more-so, an escape route out of the city overrun by a private agency that was contracted to contain the event, under the control of Master Sergeant Willie Sworn. ONLY A FEW WILL ESCAPE THE EFFACING being brought upon the city to control the population, orchestrated by the cities own ordinance enforcement superiors; blocked off from the rest of society, 112 square miles land, 48 square miles water, and 10 miles away from anything in every direction, making the effacing possible to decrease the population without making a sound.

Hula Done It? Maddy Hunter,2005-11-01 Dead in the Water For travel escort Emily Andrew and her fellow Iowans, aloha means hello to all the sun, surf, and scrumptious cuisine their Hawaiian cruise has to offer. But for Professor Dorian Smoker, a renowned expert on the legendary Captain Cook, aloha also means good-bye -- as in man overboard. Sure, it could have been an accident. But Emily wonders if some guest with a grudge might have knocked off the opinionated professor. Or maybe it had something to do with that missing journal Nana's friend lent him -- the one with the mysterious treasure map. Emily figures the map is probably a fake. But when another copy turns up, she and her friends take off, rafting down rivers and plunging through jungles to find the treasure themselves. Unfortunately, Professor Smoker's killer just might have the same idea. And this tropical heat wave could quickly turn into a crime wave...

Mariners Weather Log ,1993 Mariners Weather Log contains articles, news and information about marine weather events and phenomenon, storms at sea, weather forecasting, the NWS Voluntary Observing Ship (VOS) Program, Port Meteorological Officers (PMOs), cooperating ships officers, and their vessels. It provides meteorological information to the maritime community, and contains a comprehensive chronicle on marine weather. It recognizes ships officers for their efforts as voluntary weather observers, and allows NWS to maintain contact with and communicate with over 10,000 shipboard observers (ships officers) in the merchant marine, NOAA Corps, Coast Guard, Navy, etc.

Hachiko Julie Chrystyn,2009-11-01 In 1924, Hachiko was brought to Tokyo by his owner, Hidesaburo Ueno, a professor in the agriculture department at the University of Tokyo. During his owner's life, Hachiko saw him off from the front door and greeted him at the end of the day at the nearby Shibuya Station. The pair continued their daily routine until May 1925, when Professor Ueno didn't return on the usual train one evening. The professor had suffered a stroke at the university that day. He died and never returned to the train station where his friend was waiting. Hachiko was given away after his master's death, but he routinely escaped, showing up again and again at his old home. After time, Hachiko realized that Professor Ueno no longer lived at the house. So he went to look for his master at the train station where he had accompanied him so many times before. Each day, Hachiko waited for Professor Ueno to return. And each day, he didn't see his friend among the commuters at the station. Hachiko became a permanent fixture at the train station, which eventually attracted the attention of commuters. Many of the people who frequented the Shibuya train station had seen Hachiko and Professor Ueno together. Realizing that Hachiko waited in vigil for his dead master, their hearts were touched. They brought Hachiko treats and food to nourish him during his wait. This continued for 10 years, with Hachiko appearing precisely when the train was due at the station. Hachiko: The Story of the Royal Dogs of Japan and One Faithful Akita is Hachiko's story, as well as an informative look at dog culture in Japan and the history and tradition of the Akita-ken, one of the most ancient, beloved, and faithful dog breeds.

Disaster Management Alejandro López-Carresi, Maureen Fordham, Ben Wisner, Ilan Kelman, Jc Gaillard, 2013-11-12 There is a perennial gap between theory and practice, between academia and active professionals in the field of disaster management. This gap means that valuable lessons are not learned and people die or suffer as a result. This book opens a dialogue between theory and practice. It offers vital lessons to practitioners from scholarship on natural hazards, disaster risk management and reduction and developments studies, opening up new insights in accessible language with practical applications. It also offers to academics the insights of the enormous experience practitioners have accumulated, highlighting gaps in research and challenging assumptions and theories against the reality of experience. Disaster Management covers issues in all phases of the disaster cycle: preparedness, prevention, response and recovery. It also addresses cross-cutting issues including political, economic and social factors that influence differential vulnerability, and key areas of practice such as vulnerability mapping, early warning, infrastructure protection, emergency management, reconstruction, health care and education, and gender issues. The team of international authors combine their years of experience in research and the field to offer vital lessons for practitioners, academics and students alike.

India Weather Review India. Meteorological Department, 1922

Dog Man Martha Sherrill, 2008-02-28 Dog Man: An Uncommon Life on a Faraway Mountain is a stunning portrait of the Japanese rebel who single-handedly rescued the 4,000-year-old Akita dog breed. At the end of World War II, there were only 16 Akita dogs left in Japan. Morie Sawataishi became obsessed with preventing the extinction of the 4,000-year-old Japanese dog breed. He defied convention, broke the law, gave up a prestigious job, and chose instead to take his urbanite wife to Japan's forbidding snow country to start a family, and devote himself entirely to saving the Akita. Martha Sherrill blends archival research, on-site reportage, and her talent for narrative to reveal Sawataishi's world, providing a profound look at what it takes to be an individual in a culture where rebels are rare, while expertly portraying a side of Japan that is rarely seen by outsiders.
