Truth Be Told Linda Robson,2024-02-15 THE HILARIOUS AND HEARTFELT MEMOIR FROM LINDA ROBSON _____ Linda Robson's nickname is Baggy Mouth for good reason. She may be one of the nation's favourite TV personalities – whether playing Tracey Stubbs in *Birds of a Feather* or being a regular on *Loose Women* – but she can't help hilariously oversharing. Luckily, this is an ideal trait for her first-ever memoir . . . Taking us back to the very beginning, growing up in a North London council house, Linda explains how she came to attend theatre school aged nine, where she met Pauline Quirke. As their friendship blossomed and evolved into a professional partnership, small parts in theatre and film productions culminated in the pair being cast in the enduring and beloved sitcom *Birds of a Feather*. With a wicked glint in her eye, Linda recounts the twists and turns of an actor's life, sharing tales of backstage antics, on-set stories and demanding co-stars from across her varied and celebrated career. However, it has not all been laughter, and she candidly talks about the struggles she's faced in her personal life and the battles she has had to overcome. Yet her determination to pull herself back from the brink shows us that the tough times really do make us stronger. *Truth Be Told* is funny, warm and loose-lipped about a remarkable life well-lived. _____

Mike Leigh Sean O'Sullivan,2011-08-01 In this much needed examination of Mike Leigh, Sean O'Sullivan reclaims the British director as a practicing theorist--a filmmaker deeply invested in cinema's formal, conceptual, and narrative dimensions. In contrast with Leigh's prevailing reputation as a straightforward crafter of social realist movies, O'Sullivan illuminates the visual tropes and storytelling investigations that position Leigh as an experimental filmmaker who uses the art and artifice of cinema to frame tales of the everyday and the extraordinary alike. O'Sullivan challenges the prevailing characterizations of Leigh's cinema by detailing the complicated constructions of his realism, positing his films not as transparent records of life but as aesthetic transformations of it. Concentrating on the most recent two decades of Leigh's career, the study examines how *Naked*, *Secrets and Lies*, *Topsy-Turvy*, *Vera Drake*, and other films engage narrative convergence and narrative diffusion, the tension between character and plot, the interplay of coincidence and design, cinema's relationship to other systems of representation, and the filmic rendering of the human figure. The book also spotlights such earlier, less-discussed works as *Four Days in July* and *The Short and Curlies*, illustrating the recurring visual and storytelling concerns of Leigh's cinema. With a detailed filmography, this volume also includes key selections from O'Sullivan's several interviews with Leigh.

Performing Women Alison Oddey,2016-04-30 Alison Oddey's interviews with prominent performing women span generations, cultures, perspectives, practice and the best part of the twentieth-century, telling various stories collectively. Stand-ups, 'classic' actresses, film and television personalities, experimental and 'alternative' practitioners discuss why they want to perform, what motivates them, and how their personal history has contributed to their desire to perform. Oddey's critical introductory and concluding chapters analyze both historical and cultural contexts and explore themes arising from the interviews. These include sense of identity, acting as playing (recapturing and revisiting childhood), displacement of roots, performing, motherhood and 'being', performing comedy, differences between theatre, film and television performance, attitudes towards and relationships with audiences, and working with directors. The prominent subtext of motherhood reveals a consciousness of split subjectives with and beyond performance. This new edition of the book includes three new interviews with actresses, and is useful primary resource material for undergraduate students on performance studies courses.

The Hidden World George McGavin,2023-04-04 Insects conquered the Earth long before we did and will remain here long after we're gone. They outnumber us in the billions and are essential to many of the natural processes that keep us alive and that we take for granted. Yet, despite this, very few of us know much about the hidden world of insects. In this fascinating new book, entomologist and broadcaster George McGavin takes a deep dive to reveal the unknown truths about the most successful and enduring animal group the world has ever seen, and to show the unseen effects this vast population has on our planet, if only we care to look. McGavin explores not only the incredible traits that insects have evolved to possess, such as dragonflies that can fly across oceans without resting or beetles that lay their eggs exclusively in corpses, but also the vital lessons we have learnt from them, including how therapy using maggots can save lives and how bees can help grow rich tomato yields. *The Hidden World* reveals the wonderful complexity of our relationship with insects, how they have changed the course of our history and how, if we continue to learn from them, they could even be the key to our future and survival.

Ken Dodd Stephen Griffin,2011-06-30 This is the first complete biography of the last of the great British comedians. A new generation of fans and comedians, including Johnny Vegas, Victoria Wood and Vic Reeves, are now rediscovering Dodd's unique talents. Dodd has a huge and fiercely loyal fanbase and is still touring the country, performing in packed venues an average of two nights a week with his legendary four-hour sets. 'I do it because that is what I do. I do it because that is what I am,' he said, when asked why he continues with this punishing schedule. Ken Dodd's career has spanned over five decades as he went from singer to actor, and presently, most famously, comedian. He is considered the last, great, music-hall-inspired variety comic, but what drives this man whose career has been tainted by hardship? Dodd still lives in his childhood home of Knotty Ash and has never married, despite having two-long term fiancés. In 1989, his strange relationship to money culminated in a trial for tax evasion, and he was also famously stalked by a mystery woman. How did this feather-duster salesman become one of the most loved, though least-lauded, British comedians of all time? Stephen Griffin interviewed friends, colleagues and fellow comedians to get inside the mind of the original Diddyman.

Epic Television Miniseries John De Vito,Frank Tropea,2010-03-08 To paraphrase silent movie queen Norma Desmond in Billy Wilder's classic 1950 film *Sunset Boulevard*, The epic miniseries are big! It's television that got small! This is especially true when one compares such iconic epic miniseries as *Rich Man, Poor Man* (1976), *Roots* (1977), *Holocaust* (1978), *Shogun* (1980), *The Winds of War* (1983), *War and Remembrance* (1988-89) and *Angels in America* (2003) to today's ordinary television programming. This work traces the historical trajectory of the epic miniseries and delves into the character archetypes and themes that recur in the genre, giving close critical attention to more than 40 miniseries. A filmography is included.

Of Mud and Flame Matthew Harle,James Machin,2019-12-31 Exploring Penda's Fen, a 1974 BBC film that achieved mythic status. In 1974, the BBC broadcast the film Penda's Fen, leaving audiences mystified and spellbound. “Make no mistake. We had a major work of television last night,” The Times declared the next morning. Written by the playwright and classicist David Rudkin, the film follows Stephen, an 18-year-old boy, whose identity, sexuality, and suffocating nationalism unravels through a series of strange visions. After its original broadcast, Penda's Fen vanished into unseen mythic status, with only a single rebroadcast in 1990 sustaining its cult following. With a DVD release by the BFI in 2016, Penda's Fen has now become totemic for those interested in Britain's deep history, folklore, and landscape. Of Mud and Flame brings together writers, artists, and historians to excavate and explore this unique cornerstone of Britain's uncanny archive. Contributors include David Rudkin, Sukhdev Sandhu, Roger Luckhurst, Gareth Evan, Adam Scovell, Bethany Whalley, Carl Phelpstead, David Ian Rabey, David Rolinson, Craig Wallace, Daniel O'Donnell Smith, William Fowler, Yvonne Salmon, Andy W. Smith, Carolynne Larrington, John Harle, Timothy J. Jarvis, Tom White, Daniel Eltringham, Joseph Brooker, Gary Budden
