**Alpha Seed, Beta Need** Mark van Stratum,2021-09-14 Do Men and Women Experience Love Differently? Mark van Stratum is a modern day Charles Bukowski, moving through life with a coterie of women in tow and a whirlwind of drama surrounding his every move. Heartbroken and depressed after the love of his life devastated him by cheating shortly after their son was born, van Stratum goes on a no-holds-barred rampage through the women and capitals of Western Europe. Alpha Seed, Beta Need is a love story like no other, alternating between jaw-dropping romantic interludes and deep psychological analysis into the nature of love.

Chosen by Fate, Rejected by the Alpha Deni Chance,2020-11-06 Eighteen-year-old Trinity is unlike any other werewolf in her pack. For one, there were unusual circumstances surrounding her birth, for another, she is the only pack member to never shift into a wolf form. So now she doesn't quite belong anywhere. Not quite human and not quite wolf. She thought she would be able to live her life how she wanted when she had turned eighteen. Go to college, make some friends, have some fun. But what is she to do when the dangerously sexy Alpha literally falls right into her lap? I am not human, and I am not a wolf. I don't belong anywhere... ..we both know that no one is going to mate with me, and even if they did, they would just reject me anyway. What is the sexy, brooding Alpha going to do? The elders are making him hold these ridiculous parties to search for a mate. He doesn't want a mate, but he knows he needs a mate to finish the Alpha Circle. Without a mate, a Luna for the pack, his people would suffer. And what is he going to do when he stumbles across the girl that fate has chosen for him and he finds out she has no wolf? This cannot be! I roared. There is no way that I can mate with a girl that does not even have a wolf. She will be too weak. She will be inferior. She will not be strong enough to be a Luna. I simply could not accept her as my mate. Not fully. It wasn't safe for her. She would get herself killed. And she would bring my pack down with her. When these two meet, sparks will surely fly. But will it be from passion, or their constant fighting? Neither of them wanted a mate. Neither of them wants the mate that fate chose for them. And neither of them can make that mate bond go away. What are they going to do now that they're literally stuck with each other?

**The Love of a Lycan** jikanyotomare,webnovel,2020-12-18 Download Webnovel and chereads to read The Love of a Lycan A year ago Raine was discharged from mental institution and had to live in the orphanage. It wasn't the best place. At least not for someone like her. Until one faithful night she met him. \*\*\* He stopped the car. The clutched on the blanket tightened as Raine wonder if she did something wrong. She could feel it when Torak reached out his hand at her. Will he hit me? Raine shivered with that thought. Torak pulled back the hoodie off her head and gently tucked her hair behind her ear. Don't. He said firmly, I want to see you, don't hide yourself..

\*\*\*\*\* "The spirit of the guardian angel will breathe new life into human child. Three guardian angels will be born into terrestrial world once again and the three of you will be their protectors." "Protectors!!?" Jedrek snapped. In the end, he stopped walking and turned his back to look at the moon goddess from far distance away, his eyes glistening red with anger. His

wolf was livid. "Why do you think we will help?" Kace asked while narrowing his black obsidian eyes, his wolf took control of him. He was the youngest among the three and the less temperamental among them. The three of them were cursed by Selene because of their ferocious action to gain supreme power and authority. The moon goddess didn't bless them with a mate as a punishment of their atrocious way and forced them to involve in this deadly war with the demons. "You will turn us into a slave for those sickly creatures!?" Torak asked incredulously. "Aren't you afraid that we will snap them into two?" The guardian angel was so fragile and they as lycanthropes didn't appreciate the weaknesses. "No, you will not." Selene said patiently. "You will not be their slave nor hurt them, you will cherish them in every way possible." Jedrek laughed menacingly upon hearing this, they didn't care about the resurrected of the beast, once they crossed their territory, with or without the guardian angel he would tear their body apart. "I will be the last person they will see, once I find them." He was referring to both the guardian angel and the demon. But, the next voice from Selene was laced with mirth when she spoke. "You will not hurt your mate."

**Jewels** Darrius Jerome Gourdine,2006-06-24 Explore the planning and founding of the literary society that would one day become Alpha Phi Alpha Fraternity. This is a fascinating novel about seven of the greatest contributors to African American collegiate and graduate life...-- P. [4] of cover.

Falling in Love with the King of Beasts AimeeLynn, Elia is a poor university student until the night she's taken to the world of the Anima—ruled by humans whose ancient hearts pulse with the blood of animals. There she's forced into a battle to the death. But when Elia survives, and refuses to kill her final opponent, the King must either kill Elia himself, or take her as his mate. Reth, the brutal King of the Beasts with the blood of lions, shocks everyone when he chooses the weak, human Elia to become his Queen. He promises her every comfort of his wealth and position—but he is clear: She will not warm his bed. He chose her to defeat those that were trying to corner him into blending his Leonine line with the Wolves. Elia needs the help of the Anima to become stronger and rule them well. But the vengeful Wolves see only a weak human that brought them shame. As Elia and Reth grow closer, the wolves are determined to destroy her. Will Reth and Elia admit their feelings for each in time to fight for the Kingdom—and their lives—against the villainous wolf-tribe? Or will the wolves kill Elia and steal the throne? [Mature content - no sexual violence] \*\*\*\*\* He stalked towards her, chin low so the shadow cast by his hard jaw cut across the thick fur collar of his vest. His hair had fallen over his eyes in the scuffle, so he peered at her through it like a lion in the grass. With each step, his graceful, rolling gait reminded her of a predator stalking its prey. Despite the forest floor littered in twigs and leaves, he didn't make a sound. "Wh-who are you?" Elia stammered, backing away, her hands up. He met her step for step until she came up hard against the tree behind her—and didn't stop until

he loomed over her, so broad his shoulders and chest made a wall in front of her. She could feel the heat rising off his skin in the cool, night air. "I am the Leonine King." His voice was a dark, husky gravel. Behind him a chorus of wheezes, howls, and chirps of agreement rose from the people watching. "And you are?" "Elia," she breathed. "Elia," he growled, leaning in closer, bringing with him the scent of pine and rain and the musk of something distinctly male. "I am Reth." He said the name with a strange, guttural roll in his throat. "I am King of Beasts. I am Clan Leader, and I am Alpha of WildWood." Several snarls rose from the crowds behind him then, but he ignored them. Elia swallowed as he leaned in until the scruff on his jaw rasped her cheek. "I am the King," he said, "And you will be my mate." The forest behind him erupted. (Cover Art used by permission. **Alpha** David Philipps,2022-09-13 An “infuriating, fast-paced” (The Washington Post) account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that exposed the dark underbelly of America's special forces—from a Pulitzer Prize-winning reporter WINNER OF THE COLORADO BOOK AWARD • “Nearly impossible to put down.”—Jon Krakauer, New York Times bestselling author of Where Men Win Glory and Into the Wild In this “brilliantly written” (The New York Times Book Review) and startling account, Pulitzer Prize-winning New York Times correspondent David Philipps reveals a powerful moral crucible, one that would define the American military during the years of combat that became known as “the forever war.” When the Navy SEALs of Alpha platoon returned from their 2017 deployment to Iraq, a group of them reported their chief, Eddie Gallagher, for war crimes, alleging that he'd stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. The story of Alpha's war, both in Iraq and in the shocking trial that followed the men's accusations, would complicate the SEALs' post-9/11 hero narrative, turning brothers-in-arms against one another and bringing into stark relief the choice that elite soldiers face between loyalty to their unit and to their country. One of the great stories written about American special forces, Alpha is by turns a battlefield drama, a courtroom thriller, and a compelling examination of how soldiers define themselves and live with the decisions in the heat of combat.

The Alpha's Breeder Tay T., 2020-01-29 Meet Eros Hall, an Alpha who isn't arrogant, domineering or egocentric, and fall in love just as hard as our main character does. After being kidnapped by a group of vengeful werewolves, Emira finds herself in one hell of a situation. First, she is believed to be a powerful Breeder capable of birthing an army of werewolf warriors in a world where supernatural beings are going extinct. Second, her true soulmate is a powerful Alpha who is hell-bent on keeping her. And third, to make matters worse, she only has six moon cycles to be marked, mated, and pupped. What does that even mean? \*\*\*This steamy romance novel contains scenes of adult intimacy and dark situations that can be triggering.\*\*\* Reviews I have to be honest, I'm only a few chapters in, but I am enjoying this story immensely that I feel the need to share my thoughts now. First of all, this story is just a great product of the author thinking outside the box. When I first read the title, I expected it to be about a female werewolf who had to be mated to the alpha. Now I'm trying to figure out what kind of species the main character is! Second of all, I've only read the first couple chapters and I'm already hooked. I'm on the edge of my seat, waiting impatiently to see what's going to happen! And the intensity of the kidnapping is very well detailed. As for grammar/spelling/punctuation, I see very minimal to no mistakes at all. I definitely recommend people read this book! Can't wait to read more!—Charlotte Moore This is one of the best book I've read before. Reading this book will make you feel like you're on a emotional roller coaster. It makes you wish you were actually in the book living with all those different people and wolf. I found myself getting attached to all the characters. The storyline is amazing and I love that this book is unique. You will never find a book with a similar plot. Again this is a good book.—Davina Nkasa This book is by far one of my favorites.—Savannah Burge An amazing story. Captivated from the beginning. Worth reading and falling in love with it.—Sakina Naeem What a brilliant story. I was captured from the very beginning and was pleasantly surprised that it didn't turn out at all like I thought it would.—Tinkerbelle Leonhardt Too awesome! LOVE this story soooooo much and I can't get enough of it. I would recommend this story to anyone who likes to read about werewolves, soul mates, and romance. Love you Tay Tay for writing this awesome story!—Victoria Aye Interesting and addictive. I just couldn't stop reading it.—Angel Agams It's hard to find werewolf stories with a well written plot. There was a background to characters and each scene gave

enough description to understand what's going on. This is on my list of good werewolf books to read. I hope you write a sequel!—Rachel Pittman In the beginning I was disgusted by the idea of a 'breeder' and all that crap, more specifically how who finds her first, 'owns' her. But I quickly started to realize that the plot-line could be amazing if written by the right author and that's exactly what happened here. I'm usually not a fan of these kinds of werewolf stories where the 'mate' doesn't have a say. But in this story she does, and she is in a loving and protected relationship. If you like werewolf stories you will adore this book.—Alice This book is a MUST read!! It's sooo good! It has a unique plot line that is not your everyday cliché werewolf novel! The main character, Emira, is so funny and relatable! And don't even get me started on Eros!! He's hot, period. It's different and I HIGHLY recommend it!!—Kari

**Alpha and Omega** Harry Turtledove, 2019-07-02 New York Times bestselling author Harry Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days—and a discovery in the Middle East that turns the world upside down. What would happen if the ancient prophecy of the End of Days came true? It is certainly the last thing Eric Katz, a secular archaeologist from Los Angeles, expects during what should be a routine dig in Jerusalem. But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America, a dirty bomb is detonated in downtown Tel Aviv, and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount. There, Eric is witness to a discovery of such monumental proportions that nothing will ever be the same again. Harry Turtledove is the master at portraying ordinary people caught up in extraordinary events, and what is more extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny? But as to what that force desires . . . well, that is the question.
