Starting Over Joshua Reeves,2002-11 Is every moment a fleeting mess, or an opportunity to experience the precious? Is the nature of man (and woman too) to survive life as an inescapable obstacle course of tricks and treats, or is the nature of man to love and find a unity with life that helps him express it? Is it the purpose of who we are to hope we find it, or is the purpose of each of us something that is already complete, that our life exists to express? There are many ideas we hold about our lives and life itself. Starting Over is an investigation of these ideas and how they effect our experience of life. Furthermore it is an exploration of ideas that might serve us in being who we want to be with the life we want to be who we are with. With practice, care, and simply taking the time to pay a little attention to ourselves and our lives, we can lead ourselves to a better experience of it.

Eye of the Storm Thomme Webb,2015-01-09 Rafael Devereaux is a successful proposal developer in corporate America. In his early thirties, Rafael is a fiercely handsome black Creole man with smooth, light caramel skin with jet-black curly locks who turns heads of both sexes and is secretly envied by many. He followed the plan set forth by his pious Southern parents: great career, nice home, cars, and marriage. He has it all! So why does he feel so empty? Haunted by his unresolved sexual identities of the past, Rafael begins an introspective quest for truth and self-acceptance. Cherie is an attractive, pretentious, and calculating woman, who is self-absorbed and married to two things--Rafael and her career. She followed the plan too and married the most eligible suitor she met while an undergraduate in Cal. Everything goes according to the plan until she is confronted with her ex-boyfriend, Kelvin, a retired athlete who holds a shattering secret that will eventually shake up the perfect world that Cherie has erected. Michael is a deep-brown and physically solid man who grew up in the parishes surrounding New Orleans. As a search and rescue specialist, he witnesses firsthand the devastation wrought by Hurricane Katrina and suffers the loss of his friend and endearing grandmother. He is deeply affected, impacted by the storm that displaces his parents and other family members as he sets out to locate them. In the process of his journey, he is also discovering things about himself, questioning the traditional values he was raised on. His character provides us with a deeply spiritual and thoughtful commentary on how Katrina forever changed the lives of its victims on every level--physically, socially, emotionally, economically, and politically. One girl will bring them all together in an unforgettable way! Fast moving and an easy read, Eye of the Storm poses the philosophical questions about our place in the universe, our relationship with God, and the circumstances that define who we truly are.

Hurricane Katrina James Patterson Smith,2012-03-05 This book presents the fullest account yet written of the impact of Hurricane Katrina on the Mississippi Gulf Coast. Rooted in a wealth of oral histories, it tells the dramatic but underreported story of a people who confronted the unprecedented devastation of sixty five thousand homes when the eye wall and powerful northeast quadrant of the hurricane swept a record thirty-foot storm surge across a seventy-five-mile stretch of unprotected Mississippi towns and cities. James Patterson Smith takes us through life and death accounts of storm day, August 29, 2005, and the precarious days of food and water shortages that followed. Along the way the narrative treats us to inspiring episodes of neighborly compassion and creative responses to the greatest natural disaster in American history. The heroes of this saga are the local people and local officials. In often moving accounts, the book addresses the Mississippi Gulf Coast's long struggle to remove a record-setting volume of debris and get on with the rebuilding of homes, schools, jobs, and public infrastructure. Along the way readers are offered insights into the politics of recovery funding and the bureaucratic bungling and hubris that afflicted the storm response and complicated and delayed the work of recovery. Still, there are ample accounts of things done well, and a moving chapter gives us a feel for the psychological, spiritual, and material impact of the eight hundred thousand people from across the nation who gave of themselves as volunteers in the Mississippi recovery effort.

On Hurricane Island Ellen Meeropol,2015-03-03 A math professor is seized by the FBI in "a tense thriller . . . a vivid portrait of the emotional ride an abductee might experience" (Hampshire Daily Gazette). The anniversary of 9/11 is approaching, and federal agents have a suspected terrorist in their sights: a math professor named Gandalf Cohen. As a major hurricane threatens the northeast, they abduct Cohen and fly her to a secret interrogation center off the coast of Maine. Austin Coombs, a local resident, is a newly hired civilian guard assigned to the detention center. Henry Ames, a man of personal secrets, is the FBI special agent in charge of Gandalf's case and doubts the professor's involvement; Tobias, his second-in-command, disagrees, preferring violent interrogation. As the hurricane slams the shore, conflict detonates—and each character must choose a side if they're to survive the storm. Told by alternating voices, On Hurricane Island is both a fast-paced political thriller and a literary examination of the sociopolitical storm facing our society. How far should government go in the name of protecting our national security? What happens when governmental powers of surveillance and extra-legal interrogation are expanded? How free are we?

Peace in the Midst of the Storm Pastor Jimmie Duran,2009-12 We live in a society filled with broken people. Over the years the church has had to make a fundamental decision regarding those of us who have faced such trying times. This book, although speaks about divorce, death, financial difficulties, is a book about how someone like me faced one of the most difficult times in my life. This book is not about how unfaithful we are, but rather, how faithful God is. Through some of our darkest times-those caused by our own choices and those allowed by God, we see just how faithful God is. If you are struggling to find answers, if you are struggling to find solutions, this book is written for you. It demonstrates through the Word of God that we could find peace in some of life's most dangerous storms. The storm of death, the storm of divorce, the storm of financial ruin are nothing compared to God's ability to take our broken world and heal it. All too often the church has failed to minister to those of us who are broken, to those of us who have baggage, and to those of us who need deep spiritual, emotional, and psychological healing. This book chronicles my marriage that fell a part when my then wife lost a pregnancy. Watching my marriage fall a part and incapable of fixing it, I journeyed on a 40 day fast. This book is the result of the insight God gave me concerning my hardship. I invite you to take this journey with me and hopefully along the way you discover what I did so many years ago. The very fact that God is faithful and that no matter what you are facing God is on your side.

A Christian and a Storm Called Cancer Darren M. Zych,2018-01-19 Who doesn't like a good storm? The sound of thunder in the distance or waves crashing against the rocks. Having been born and raised in Western New York all of my life, I have seen some of the most fierce winter storms on record. The Blizzard of 77 truly is the benchmark for those who lived through it. Along with that just mention the phrase Lake Effect joined with the unimaginable 4-6 inches of snow per hour it produces and you then get a good idea of what I mean. However the storm I was about to enter into had nothing to do with weather, but rather with my very existence itself! Darren's testimony of God's goodness in the midst of the Storm of Cancer is inspiring. Like me, I hope and pray that you are blessed by this book. Dr. Kunle Odunsi. Deputy Director Roswell Park Cancer Institute. If you're facing the Storm of Cancer, this book is a Must! Pastor Chuck Pezzino. Creekside Assembly of God. In *A Christian and a Storm Called Cancer*, God's Ultimate Perfect Will is Perpetuated and Revealed. A Must Read filled with Applicable Truth and Practical, Shareable Resources. Kevin Klenke , Owner Voipdeck Solutions LLC & Worship Leader Evangel Assembly of God. Though this book has an emphasis on Cancer, I found it to be insightful, inspirational and helpful for any storm scenario one might be going through. Hurricane Andrew, the Public Schools, and the Rebuilding of Community Eugene F. Provenzo Jr.,Sandra H. Fradd,1995-07-01 Hurricane Andrew struck South Florida early on Monday morning, August 24, 1992. Widely described as the worst natural disaster in modern U.S. history, the storm left 38 people dead in South Florida, 80,000 homes destroyed, and damage estimates of at least \$20 billion. The area devastated by the hurricane was approximately three times the size of Manhattan. Almost 250,000 people were left homeless by Andrew—roughly the population of the entire city of Las Vegas, Nevada. Garbage generated by the storm in a single night was equal to the projected landfill for Dade County for the next thirty years. Hurricane Andrew, the Public Schools and the Rebuilding of Community addresses the experience of the Dade County Public Schools—its teachers and students, administrators and staff—during the first school year following the storm. In particular, it examines the role of the schools in helping people cope with a disaster of the magnitude of Hurricane Andrew, and more specifically, with their role in rebuilding community.
