

Ancient

John Boardman,J. A. Crook,Andrew Lintott,Elizabeth Rawson

The Book of the Ancient World Dorothy Mills, 2007-12 The Book of the Ancient World is an account of our common heritage from the dawn of civilization to the coming of the Greeks. It is the story of how human beings began their great adventure of learning how to live; of how they have sought to satisfy the practical needs of their bodies, the questioning of their minds, and the searching of their spirits. To this end it subordinates details of political events to the record of things that lie at the foundation of our modern civilization. Dorothy Mills had an uncanny and unique ability to write history that is interesting and at the same time based on sound scholarship. Her direct, engaging approach is valued increasingly by the many parents in our day who are looking for reliable materials for home study, as well as by many private school educators. The highly-prized six volumes of her historical works (see below) have become very scarce on the used book market, and so Dawn Chorus has undertaken to reprint them as part of its effort to offer texts ideally suited to the needs of a new generation of teachers and students. In a world where the quality of education has so deteriorated, may the reissue of this wonderful historical series shine as a beacon to a new generation of young (and not so young) scholars. Dawn Chorus publishes these five other books by Dorothy Mills: The Book of the Ancient Greeks; The Book of the Ancient Romans; The People of Ancient Israel; The Middle Ages; and Renaissance and Reformation Times. Dawn Chorus has also republished another outstanding, and long-out-of-print historical series perfectly suited for home or school use (and highly recommended in home-school curricula), entitled The Picturesque Tale of Progress, by Olive Beaupre Miller. It is available in large format (9 volumes), or smaller, double-bound format (5 volumes).

The History of the Ancient World: From the Earliest Accounts to the Fall of Rome Susan Wise Bauer, 2007-03-17 A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own. This is the first volume in a bold new series that tells the stories of all peoples, connecting historical events from Europe to the Middle East to the far coast of China, while still giving weight to the characteristics of each country. Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history. Dozens of maps provide a clear geography of great events, while timelines give the reader an ongoing sense of the passage of years and cultural interconnection. This old-fashioned narrative history employs the methods of "history from beneath"—literature, epic traditions, private letters and accounts—to connect kings and leaders with the lives of those they ruled. The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them.

Readings in Ancient History Nels M. Bailkey, Richard Lim, 2002 This primary source reader covers the entire span of ancient history, providing helpful editorial material and carefully selected sources to promote student learning. The selections in this text encourage critical thinking through an examination of parallel developments across ancient civilizations during the same historical periods.

The Cambridge Ancient History John Boardman, J. A. Crook, Andrew Lintott, Elizabeth Rawson, 1982 This volume of 'The Cambridge Ancient History' embraces the wide range of approaches and scholarships which have in recent decades transformed our view of late antiquity.

The World in Ancient Times Ronald Mellor, Amanda H. Podany, 2005-06-23 Brings together 76 additional documents from all the regions covered in [The World in Ancient Times] series. -- from back cover.

Ancient Near Eastern History and Culture William H. Stiebing Jr., Susan N. Helft, 2023-07-03 Ancient Near Eastern History and Culture offers an historical overview of the civilizations of the ancient Near East spanning ten thousand years of history. This new edition is a comprehensive introduction to the history and culture of the Near East, from prehistory and the beginnings of farming to the fall of Achaemenid Persia. Through text, images, maps, and historical documents, readers discover the material, social, and political world of cultures from Egypt to India, allowing students to see how these intertwined cultures interacted throughout history. Now fully updated and incorporating the latest scholarship on society, religion, and the economy, this book highlights the changing fortunes of these great civilizations. A special feature of this book is its many Debating the Evidence sections, where the reader becomes familiar with scholarly disputes concerning the interpretation of textual and archaeological evidence on a variety of topics and case studies. The fourth edition of Ancient Near Eastern History and Culture remains a crucial textbook for undergraduates and general readers studying the ancient Near East, particularly the political and social history of ancient Egypt and Mesopotamia, as well as students of archaeology and biblical studies who are working on the region.

The Ancient Lowly Cyrenus Osborne Ward, 1888

An Introduction to the Ancient World Lukas de Blois, R. J. van der Spek, 1997 This lavishly illustrated introductory history covers 3,000 years of the ancient Near East, Greece and Rome within the framework of a short narrative history of events. Focusing mainly on the social, political and cultural processes which have influenced later western civilizations, An Introduction to the Ancient World considers subjects such as the religions of the ancient Near East, Athenian democracy, the interaction of cultures in the Hellenistic world, the political and administrative system of the Roman republic and empire, gender problems and ancient demography. This book shows how the Near East, Greece and Rome witnessed the emergence of city and state government, the development of decision processes, expansion and the effects of social structures, interaction of different cultures, and the emergence of Judaism and Christianity. Anyone interested in ancient history, classics and archaeology, will need this accessible and comprehensive book.

The History of Ancient Art Johann Joachim Winckelmann, 1872

A New Topographical Dictionary of Ancient Rome Lawrence Richardson, 1992-10 A Choice magazine Outstanding Academic Title The first such dictionary since that of Platner and Ashby in 1929, A New Topographical Dictionary of Ancient Rome defines and describes the known buildings and monuments, as well as the geographical and topographical features, of ancient Rome. It provides a concise history of each, with measurements, dates, and citations of significant ancient and modern sources.

The Ancient Book of Myth and War Scott Morse, 2007-05 The Ancient Book of Myth and War presents to you a time capsule, a glimpse into a strange and wondrous world, where myths and legends still roam freely and wars rage in the hearts and minds of the noble and the feeble alike. Experiments in color, shape, line and composition enrich each and every page, accompanied by text that will enlighten the audience with atmospheric facts concerning origins, eras and even media used in the production of the art itself. The Ancient Book of Myth and War is a fine art hardcover collection of images produced by some of the most highly sophisticated animation designers in the industry.

Empire of Ancient Greece Jean Kinney Williams,2009 The classical Greek civilization is the cornerstone of Western civilization today. The Greeks invented and developed everything from logic and democracy to rhetoric, drama, and philosophy. Empire of Ancient Greece, Revised Edition chronicles the remarkable legacy of the Greeks, as well as the diversity of their societies--from the thriving democracy of Athens to the militarism of Sparta to the oligarchy of Thrace. It explores the conditions that made it possible for the ancient Greeks to develop a culture that set the foundation for our intellectual lives today, and explains why Greek power eventually declined. Everyday life in ancient Greece, from the wealthy citizens who grappled in the Olympic arena to the farmers who found 50 different ways to use olive oil, is also examined. Connections in our own world to the ancient Greeks are numerous, including the Olympics, much of our classical literature, the scientific method, architecture, and many English words.

Commerce with the Classics Anthony Grafton,1997 A distinctive history of the traditions of reading and life in the Renaissance library, as seen in the texts of Renaissance intellectuals

Ancient Times, a History of the Early World; an Introduction to the Study of Ancient History and the Career of Early Man James Henry Breasted,2018-10-14 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Ancient Iraq Georges Roux,1992-08-27 Book provides an introduction to the history of ancient Mesopotamia and its civilizations, incorporating archaeological and historical finds up to 1992

The Ancient World in 100 Words Clive Gifford,2019-10-15 How do you sum up the ancient world in just 100 words? This book takes on the challenge! With 100 carefully chosen words, each explained in just 100 words, this book provides a quick and fun insight into the characters, events and inventions of the ancient world. With entries on the Egyptians, the Phoenicians, the Minoans, the Greeks, and the Romans, this book is an easy way to gain a rounded knowledge of the subject area, while also sparking discussion and provoking thought from readers, young and old. What were pyramids used for? How did the Romans fight battles? Which Greek inventions are still used today? Each word is brought to life with engaging illustrations and absorbing text, sure to inspire the imagination of budding historians.

Ancient Book of Enoch Ken Johnson,2012 The Holy Spirit inspired Jude to quote Enoch for a reason. The Ancient Book of Enoch opens by addressing those in the Tribulation period. It contains numerous prophecies about the flood and fire judgments, and the two comings of the Messiah. It teaches that the Messiah is the Son of God and that He will shed His blood to redeem us and even predicts the generation that this would occur! The book of Enoch prophesies a window of time in which the Second Coming would occur and prophesies that there will be twenty-three Israeli Prime Ministers ruling in fifty-eight terms from AD 1948 to the beginning of the Tribulation period, and much more. Even though it prophesies that the Bible would be created and says we will be judged by our obedience to the Bible, it also makes it clear that this book is not to be added to the Canon of Scripture. The Ancient Book of Enoch recounts the history of the angels that fell in the days of Jared, Enoch's father. It testifies to their marriages with human women and their genetic experiments. This commentary includes a previously unknown chapter from the Dead Sea Scrolls that actually explains how they did their genetic tampering. The commentary is from a fundamentalist Christian view, brought to you by Biblefacts Ministries, biblefacts.org.

History Roman Collins,2016-11-26 The Ancient Civilizations That Shaped Our Modern World! Update: 4th Edition - With Added Content! Get it Now Before the Price Increases!
