Patrick Drazen

Anime Impact Chris Stuckmann, 2018-04-15 An exploration of anime's masterpieces and game-changers from the 1960s to the present—with contributions from writers, artists, superfans and more. Anime—or Japanese animation—has been popular in Japan since Astro Boy appeared in 1963. Subsequent titles like Speed Racer and Kimba the White Lion helped spread the fandom across the country. In America, a dedicated underground fandom grew through the 80s and 90s, with breakthrough titles like Katsuhiro Otomo's Akira making their way into the mainstream. Anime Impact explores the iconic anime movies and shows that left a mark on popular culture around the world. Film critic and longtime fan Chris Stuckmann takes readers behind the scenes of legendary titles as well as hidden gems rarely seen outside Japan. Plus anime creators, critics and enthusiasts—including Ready Player One author Ernest Cline, manga artist Mark Crilley, and YouTube star Tristan "Arkada" Gallant—share their stories, insights and insider perspectives.

Anime Jonathan Clements, 2019-07-25 This comprehensive history of Japanese animation draws on Japanese primary sources and testimony from industry professionals to explore the production and reception of anime, from its origins in Japanese cartoons of the 1920s and 30s to the international successes of companies such as Studio Ghibli and Nintendo, films such as Spirited Away and video game characters such as Pokémon.

Interpreting Anime Christopher Bolton, 2018-02-20 For students, fans, and scholars alike, this wide-ranging primer on anime employs a panoply of critical approaches Well-known through hit movies like Spirited Away, Akira, and Ghost in the Shell, anime has a long history spanning a wide range of directors, genres, and styles. Christopher Bolton's Interpreting Anime is a thoughtful, carefully organized introduction to Japanese animation for anyone eager to see why this genre has remained a vital, adaptable art form for decades. Interpreting Anime is easily accessible and structured around individual films and a broad array of critical approaches. Each chapter centers on a different feature-length anime film, juxtaposing it with a particular medium—like literary fiction, classical Japanese theater, and contemporary stage drama—to reveal what is unique about anime's way of representing the world. This analysis is abetted by a suite of questions provoked by each film, along with Bolton's incisive responses. Throughout, Interpreting Anime applies multiple frames, such as queer theory, psychoanalysis, and theories of postmodernism, giving readers a thorough understanding of both the cultural underpinnings and critical significance of each film. What emerges from the sweep of Interpreting Anime is Bolton's original, articulate case for what makes anime unique as a medium: how it at once engages profound social and political realities while also drawing attention to the very challenges of representing reality in animation's imaginative and compelling visual forms.

Anime Jonathan Clements, 2023-08-24 Japanese animation is at the nexus of an international multimedia industry worth over \$23.6 billion a year, linked to everything from manga to computer games, Pokémon and plushies. In this comprehensive guide, Jonathan Clements chronicles the production and reception history of the entire medium, from a handful of hobbyists in the 1910s to the Oscar-winning Spirited Away and beyond. Exploring the cultural and technological developments of the past century, Clements addresses how anime's history has been written by Japanese scholars, and covers previously neglected topics such as wartime instructional animation and work-for-hire for American clients. Founded on the testimonies of industry professionals, and drawing on a myriad of Japanese-language documents, memoirs and books, Anime: A History illuminates the anime business from the inside – investigating its innovators, its unsung heroes and its controversies. This new edition has been updated and revised throughout, with full colour

illustrations and three new chapters on anime's fortunes among Chinese audiences and subcontractors, 21st century trends in 'otaku economics', and the huge transformations brought about by the rise of global streaming technology.

The Anime Companion Gilles Poitras,1999 Entries covers Japanese life and culture with specific references to the subject in anime and manga.

Anime Explosion! Patrick Drazen,2014-04-01 One of the best overviews of the anime phenomenon, its history and cultural significance, ideal for surveys and in-depth study.

Transported to Another World Stephen Reysen,Courtney N. Plante,Daniel Chadborn,Sharon E. Roberts,Kathleen C. Gerbasi,2021-04-19 Anime/manga (Japanese animation and comics) have been increasing in popularity worldwide for decades. But despite being a global phenomenon, there's been surprisingly little psychological research formally studying its devoted fanbase. In this book we aim to do just that with an overview of nearly a decade of research by fan psychologists. Otaku and cosplayers, genre preferences, hentai, parasocial connections, motivation, personality, fanship and fandom, stigma, and well-being – this book looks at all of these topics through a psychological lens. Many of these findings are being presented for the first time, without the jargon and messy statistical analyses, but in plain language so it's accessible to all readers – fans and curious observers alike!

Crunchyroll Essential Anime Patrick Macias,Samuel Sattin,2022-04-26 An insightful guide to the under-explored medium of anime, Crunchyroll's Essential Anime features 50 influential and unforgettable anime series and films that have left an undeniable impact on our culture. More than just a list of anime to watch, Essential Anime digs into the distinct stories of the creators and studios behind the making of these must-see anime titles, as well as the personal connections and importance they hold with anime fans around the world. With commentary on anime's history and lasting appeal, recommendation lists, and hundreds of stunning images, Crunchyroll's Essential Anime is an indispensable guide for anime lovers and fans, offering an entertaining and moving narrative about anime's true impact on pop culture. Ranging from classic and modern series and films this official guide will explore iconic and must-see: Feature films: Akira (1988), Princess Mononoke (1997), Millennium Actress (2001), Metropolis (2001), Tekkonkinkreet (2006), Sword of the Stranger (2007), Summer Wars (2009), and Your Name (2016) Series: Astro Boy (1963), Lupin the 3rd (1967), Macross (1982), Ranma 1/2 (1989), Neon Genesis Evangelion (1995), Dragon Ball Z (1989), Sailor Moon (1992), Revolutionary Girl Utena (1997), Pokémon (1997), One Piece (1999), K-On! (2007), Fullmetal Alchemist: Brotherhood (2009), Sword Art Online (2012), Yuri On Ice!!! (2016), My Hero Academia (2018), and Demon Slayer: Kimetsu no Yaiba (2019) And more!

Cinema Anime Steven T. Brown,2006-04-01 This collection charts the terrain of contemporary Japanese animation, one of the most explosive forms of visual culture to emerge at the crossroads of transnational cultural production in the last twenty-five years. The essays offer bold and insightful engagement with animé's concerns with gender identity, anxieties about body mutation and technological monstrosity, and apocalyptic fantasies of the end of history. The contributors dismantle the distinction between 'high' and 'low' culture and offer compelling arguments for the value and importance of the study of animé and popular culture as a key link in the translation from the local to the global.

Figure Drawing Christopher Hart,2021-09-07 This compilation of lessons from the Master Guide to Drawing Anime series brings together the simplest characters from the best-selling books for beginning artists and others looking for instant gratification. With cutting-edge art and clear instruction on how to draw the most popular styles and characters, the Master Guide to Drawing Anime

series has helped thousands of aspiring artists learn to draw anime. 5-Minute Characters gathers together the easiest characters from the series--perfect for the beginning anime artist. This carefully curated collection shows aspiring artists everything they need to know to get started drawing anime. They'll learn how to use simple templates to draw the head from different angles, bodies of characters from different age groups, and authentic anime hairstyles and fashions. Next, they'll see step by step how to draw dozens of the most popular character types and the emotions and attitudes that make them compelling. Finally, readers can put it all together and challenge themselves by creating simple scenes. Artists can work their way through the book to build their skills or pick and choose their favorite characters to draw. Either way, their drawing ability and confidence will soar

Anime from Akira to Princess Mononoke S. Napier,2001-05-03 With the popularity of Pokemon still far from waning, Japanese animation, known as anime to its fans, has a firm hold on American pop culture. However, anime is much more than children's cartoons. It runs the gamut from historical epics to sci-fi sexual thrillers. Often dismissed as fanciful entertainment, anime is actually quite adept at portraying important social and cultural issues like alienation, gender inequality, and teenage angst. This book investigates the ways that anime presents these issues in an in-depth and sophisticated manner, uncovering the identity conflicts, fears over rapid technological advancement, and other key themes present in much of Japanese animation.

The Anime Encyclopedia Jonathan Clements,Helen McCarthy,2006 An encyclopedia of Japanese animation and comics made since 1917.

100 Anime Philip Brophy,2019-07-25 An exploration of the wonderfully complex and beautifully disorienting world of Japanese animation - anime. Provides an overview of the importance of the anime industry in Japan by analysing 100 of its most important and influential productions. An ideal introduction to a fascinating genre.

Manga and Anime Go to Hollywood Northrop Davis,2015-12-17 The media industries in the United States and Japan are similar in much the same way animals on earth share a similar DNA, but while a horse and a kangaroo maybe 95% related on a biological level, they are also very different - this is the way it is with manga/anime in Japan and Hollywood animation/movies/TV. Although sharing some key common origins, they developed mostly separately but influenced each other significantly along the way. That confluence is now accelerating into new forms of hybridization that will drive much of future storytelling entertainment. Understanding these common and divergent DNA origins, the cross-influences and the independent traits is one of many reasons why this book is so important. Through original interviews with top creators in these fields and illuminating case studies including adaptations of Japanese mangas and animes for Hollywood remakes, Manga and Anime go to Hollywood analyzes the specific dynamics of this confluence between Japanese manga/anime and American film,animation and television. In addition, it shows how to use this knowledge creatively to shape the future of global narrative storytelling, including through the educational system. It is a fascinating to any reader with an interest in the inter-related history of Japanese manga/anime and Hollywood since the Meiji period through WW2, what is happening on the cutting edge right now - and into the future.

Anime and Manga John Allen,2014-08 This series of Discovering Art features short volumes detailing very specific categories of art. While the content of these books is quite readable and interesting, the scarcity of photographs reduces their appeal. While perusing the books, I referred to the Internet several times for a visual because I very much wanted to see these works that were so exquisitely described. Source notes, suggested readings and an index complete each volume.

The Master Guide to Drawing Anime: Romance Christopher Hart,2020 This how-to-draw-anime book from bestselling author Christopher Hart teaches the fundamentals of drawing anime for the Romance genre using easy-to-follow, step-by-step instruction--

Anime Essentials Gilles Poitras,2001 The prequel to the incredibly successful Anime Companion.

Anime Architecture Stefan Riekele,2020-11-17 An unrivaled visual guide to the cityscapes and buildings of the most celebrated and influential anime movies. Anime has been influencing cinema, literature, comic books, and video games around the world for decades. Part of what makes anime so popular are the memorable and breathtakingly detailed worlds designed by the creators, from futuristic cities of steel to romantic rural locales. Anime Architecture presents the fantastic environments created by the most important and revered directors and illustrators of Japanese animated films, such as Hideaki Anno, Koji Morimoto, and Mamoru Oshii. Unprecedented access to vast studio archives of original background paintings, storyboards, drafts, and film excerpts offers readers a privileged view into the earliest stages of conception, development, and finished versions of iconic scenes from critically acclaimed movies such as Akira, Ghost in the Shell, Metropolis, and more. Revealing the secret creative processes of these major anime studios, Anime Architecture is perfect for anyone touched by the beauty and imagination of classic anime, offering inspiration for artists, illustrators, architects, designers, video game makers, and dreamers.

Anime and Manga Christine Ha,2021-08 Anime and manga originated in Japan, but today they are popular around the world. Both art forms have unique styles, including characters with expressive features and large eyes. This book explores the histories of anime and manga, discusses the ways in which they are created, and examines their cultural impact.

Watching Anime, Reading Manga Fred Patten,2004 Anime's influence can be found in every corner of American media, from film and television to games and graphic arts. And Fred Patten is largely responsible. He was reading manga and watching anime before most of the current generation of fans was born. In fact, it was his active participation in fan clubs and his prolific magazine writing that helped create a market and build American anime fandom into the vibrant community it is today. Watching Anime, Reading Manga gathers together a quarter-century of Patten's lucid observations on the business of anime, fandom, artists, Japanese society and the most influential titles. Illustrated with original fanzine covers and archival photos. Foreword by Carl Macek (Robotech). Fred Patten lives in Los Angeles. Watching Anime, Reading Manga is a worthwhile addition to your library; it makes good bathroom browsing, cover-to-cover reading, and a worthwhile reference for writing or researching anime and manga, not to mention a window into the history of fandom in the United States. -- SF Site

Getting the books **Anime** now is not type of challenging means. You could not abandoned going in the manner of books amassing or library or borrowing from your connections to get into them.
