Counting to Perfect Suzanne LaFleur,2018-10-23 From the author of Eight Keys comes a loving story of sisters who are trying to find their way back to each other. Cassie, competitive swimmer and rising seventh grader, plans to spend her summer at the pool with her friends. That way she won't be stuck at home with her sister and her sister's baby. Julia used to be the perfect big sister: she played great games and took good care of Cassie. Now life at home revolves around Julia and her daughter, Addie. No one pays much attention to Cassie--not to her swimming, and not to what's gone wrong with her friends. When Julia confides in Cassie that she'll be leaving with Addie--without telling their parents--Cassie jumps in the car, too. As the days of lumberjack breakfasts and hotel pools start to add up, Cassie has to wonder: Could the sister who seems to be the source of all her problems also be the friend she's missed the most?

Your neighbor denounces cellular telephones as instruments of the devil. Your niece swears that no one expects thank-you letters anymore. Your father-in-law insists that married women have to take their husbands' names. Your guests plead that asking them to commit themselves to attending your party ruins the spontaneity. Who is right? Miss Manners, of course. With all those amateurs issuing unauthorized etiquette pronouncements, aren't you glad that there is a gold standard to consult about what has really changed and what has not? The freshly updated version of the classic bestseller includes the latest letters, essays, and illustrations, along with the laugh-out-loud wisdom of Miss Manners as she meets the new millennium of American misbehavior head-on. Dealing with Memory Changes As You Grow Older Kathleen Gose,Gloria Levi,2011-12-07 Separate the facts from the fears about memory loss. For many older people and their families, the fear of progressive memory loss is the chief anxiety about aging. To them, lapses that younger people would laugh off as distraction may seem the early symptoms of an inevitable decline into senility. The good news is that most of these fears are unfounded. Kathleen Gose, a social worker, and Gloria Levi, a gerontologist, both have had years of experience working with older adults. They developed Dealing with Memory Changes to provide upbeat, practical answers to seniors’ most pressing questions: • What memory changes are normal with age? • How does memory work and what conditions other than age can affect it? • How does age affect intelligence and the ability to learn? • What are the best strategies for remembering everyday details—such as house keys, shopping lists, and names? • What signs indicate a need for help? Plus, invaluable information on how memory is affected by nutrition, depression, stress, prescription drugs, alcohol, exercise—and much more.
