The Ark of the Covenant Roderick Grierson, Stuart C. Munro-Hay, 2000-03-02 At the heart of the city of Aksum in Ethiopia stands a small chapel, whose entrance is constantly guarded. Ethiopians believe that this chapel contains the Ark of the Covenant; their religious epic The Glory of Kings gives an account of how Makeda, the Queen of Sheba had a son by Solomon and how it was this son who removed the Ark from Jerusalem because of the disobedience of the people of Israel.

The Lost Ark of the Covenant Tudor Parfitt, 2009-10-13 After 2,500 Years of Mystery, the Truth About the Ark of the Covenant Is Revealed The Lost Ark of the Covenant is the real-life account of an astounding quest—professor Tudor Parfitt's effort to recover the revered artifact that contained the Ten Commandments, sacred to Judaism, Christianity, and Islam. With painstaking historical scholarship, groundbreaking genetic science, and fascinating on-the-ground discoveries, Parfitt, who the Wall Street Journal calls a British Indiana Jones, debunks the previous myths and reveals the shocking history of the Ark and its keepers.

Searching for the Ark of the Covenant Randall Price, 2005 Filled with exclusive interviews and intriguing photographs, this insider's exploration reveals why the quest for the Ark is one of the greatest archaeological, historical, religious, and political pursuits of all time.

The Quest for the Ark of the Covenant Stuart Munro-Hay, 2007-06-29 In a chapel in the old crenellated church of Mary of Zion in Aksum, Ethiopia is kept an object that emperors, patriarchs and priests have assured the world is the most important religious relic of all time: the tabota Seyon, Ark of the Covenant, the Ark of Zion. This Ark is alleged to be no other than the Ark that Moses had constructed at Sinai and which destroyed the walls of Jericho. It was brought into Jerusalem by King David and installed in a magnificent temple by King Solomon. Then, the story goes, it came to Ethiopia of its own choice with the half-Ethiopian, half-Jewish son of Solomon and the Queen of Sheba. Are the legends true? Or is this story a monumental deception? Is there any real proof or is it the faith of a people alone that has created this Ark? From ancient texts to local stories, from the Bible to the writings of sixteenth and seventeenth century Jesuits, Stuart Munro-Hay traces the extraordinary legend of Ethiopia's Ark in what is a triumph of historical detective work. Munro-Hay scrutinises every mention of the Ark in Ethiopian records and tests every theory before he reaches his shocking conclusion. The Quest for the Ark of the Covenant promises to settle the mystery of the Ark of the Covenant for once and for all.

Commentary on the Whole Bible Matthew Henry, 1961 Each chapter is summed up in its contents, each paragraph reduced to its proper heads, the sense given, and largely illustrated with practical remarks and observations.

The Lost Ark of the Covenant Tudor Parfitt, 2009 From the author of Jews, Muslims and Mass Media comes the hidden history and secret location of one of the world's most sacred objects.

A Modern Translation of the Kebra Nagast Miguel F. Brooks, 1996 Lost for centuries, the Kebra Nagast (The Glory of Kings) is a truly majestic unveiling of ancient secrets. These pages were excised by royal decree from the authorized 1611 King James version of the Bible. Originally recorded in the ancient Ethiopian language (Ge'ez) by anonymous scribes, The Red Sea Press, Inc. and Kingston Publishers now bring you a complete, accurate modern English translation of this long suppressed account. Here is the most startling and fascinating revelation of hidden truths; not only revealing the present location of the Ark of the Covenant, but also explaining fully many of the puzzling questions on Biblical topics which have remained unanswered up to today.

Sign and the Seal Graham Hancock, 1993-07-02 The quest for the lost Ark of the Covenant.

The Story of the Ark of the Covenant Hugo Bouter, 2002

Tara and the Ark of the Covenant Mairéad Carew, 2003 Can you imagine this scene - Arthur Griffith, in the esteemed company of William Butler Yeats, George Moore and Douglas Hyde standing on the Hill of Tara? Not out for a walk or a discussion about contemporary culture, but waging a protest about the exploratory dig on the hill for the Ark of the Covenant, the gold encrusted oak box which contains the stone tablets that Moses brought down from Mount Sinai. Then Maud Gonne arrives, lights a bonfire and starts singing A Nation Once Again at the top of her voice. Then the man who owns that land arrives and threatens to shoot them This actually happened at the turn of the century in Co. Meath. Between 1899 and 1902, a group known as the British-Israelites dug the Hill of Tara in their quest to find the Ark of the Covenant. Tara and the Ark of the Covenant describes the story of this excavation and places it in its archaeological, historical, cultural and political context. It describes the reasons for the British-Israelites expedition and the involvement of the Freemasons in their quest.

The Templars and the Ark of the Covenant Graham Phillips, 2004-09-13 Offers compelling evidence that the Knights Templar may have taken the Ark of the Covenant to the British Isles • Presents scientific evidence affirming the powers attributed to the Ark • Traces the Ark and the Stones of Fire from Jerusalem to Jordan and finally to central England, where the Knights Templar hid them in the 14th century According to legend the Ark of the Covenant was an ornate golden chest that was both a means of communicating with God and a terrible weapon used against the enemies of the ancient Israelites. In order to use it the high priest had to wear a breastplate containing twelve sacred gemstones called the Stones of Fire. These objects were kept in the Great Temple of Jerusalem until they vanished following the Babylonian invasion in 597 B.C.E. At the ancient ruins of Petra in southern Jordan, Graham Phillips uncovered evidence that 13th-century Templars found the Ark and the Stones of Fire, and that they brought these treasures back to central England when they fled the persecution of French king Philip the Fair a century later. The author followed ciphered messages left by the Templars in church paintings, inscriptions, and stained glass windows to what may well be three of the Stones of Fire. When examined by Oxford University scientists these stones were found to possess odd physical properties that interfered with electronic equipment and produced a sphere of floating light similar to ball lightning. The Bible asserts that the Ark had the power to destroy armies and bring down the walls of cities. Now Graham Phillips provides scientific evidence that these claims may be true and offers compelling documentation that the Ark may be located in the English countryside, not far from the birthplace of William Shakespeare at Stratford-upon-Avon.

The Discovery of the Ark of the Covenant Alan Wilson, Barum Blackett, 2007-08-29 British history records that there were two major migrations from the near east into Britain in antiquity. One was the fleet migration from Syria led by Albyne around 1560 BC, and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC. Ancient alphabet inscriptions and other tangible and written records show that the second migration was that of the Ten Tribes of Israel. The same ancient Alphabet is found all the way along the British migration routes from Palestine, to Assyria, through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland. In Britain the Ten Tribes were known as the Khumry. This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction. Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made. This holy box was the national talisman of the Hebrew nation. It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation. A series of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom, and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom. The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark, where annually the high priest entered the holy of holies chamber to serve the divine box. Nothing much is said of the Ark until c.790 BC the Judean King Ahaziah attacked the Israelite King Jehoash and was totally defeated. The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple, and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark. Therefore, Jehoash removed the Ark from Jerusalem and took it north to Samaria. Nothing is said in the Biblical record of the Ark being anywhere near Jerusalem after this event in circa 790 BC. In 740-736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpileser III to attack King Pekah of Ten Tribe Israel, and as a result Israel was totally crushed by the Assyrian army. A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has begun his migrations. In successive campaigns by the Assyrian emperors Shalmaneser IV, Sargon II, and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran. In 702 BC Sennacherib recorded how he deported 200, 120 people in one mass exodus. The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry. It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel. Sennacherib was murdered by two of his sons in c. 687 BC and civil war convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II. They moved slowly and unstoppably through Asia Minor and the Greeks recorded their migration as that of the Kimmerio-Khumry. There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles. Finally around 650 BC the nation split into two and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets. An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain. Either the Ark was taken to Etrurian Italy in circa 650 BC or it remained near the Dardanelles until around 504 BC before being brought into Britain. The fact is that the Great or Holy Great is simply a record, and a comparison would be that the Bible, the Koran, the American Declaration of Independence, or the Two Tablets brought down the mountain by Moses, would all be Greats. Britain is the land of the Holy Great. The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different. The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Giffrangawr - Giant Ravens. It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim- fearsome dragons figures. What emerged was that there had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds, and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens. Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations. The journeys of the planets- seen as moving and not fixed stars- are tracing out routes that can be followed around the Star t Mound Maps on the ground. In short our British ancestors left us clear records of where to go. The Ark is at a place where the giant mound marks the star Regulus in Leo the Lion, the Judean emblem. The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship. The top of the large hillock has clearly been molded by the hand of man, and satellite photography showed spoil heaps tumbling down the slopes form a tunnel excavated horizontally to underground chambers. Five very ancient drainage systems of the type used in antiquity to drain and keep chambers dry are clearly evident/ Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man-made construction. This is unassailable, incontrovertible, and absolute scientific proof of the highest order. Ground penetrating radar and other methods shows at least two underground chambers, and deep reading g electronic metal detection identifies a large non-ferrous box of around four feet + long and two feet + wide. This is the precise size of the Ark of the Covenant. An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage, cultures, and history.

True Raiders Brad Ricca, 2021-09-21 True Raiders is The Lost City of Z meets The Da Vinci Code, from critically acclaimed author Brad Ricca. This book tells the untold true story of Monty Parker, a British rogue nobleman who, after being dared to do so by Ava Astor, the so-called "most beautiful woman in the world," headed a secret 1909 expedition to find the fabled Ark of the Covenant. Like a real-life version of Raiders of the Lost Ark, this incredible story of adventure and mystery has almost been completely forgotten today. In 1908, Monty is approached by a strange Finnish scholar named Valter Juvelius who claims to have discovered a secret code in the Bible that reveals the location of the Ark. Monty assembles a ragtag group of blueblood adventurers, a renowned psychic, and a Franciscan father, to engage in a secret excavation just outside the city walls of Jerusalem. Using recently uncovered records from the original expedition and several newly translated sources, True Raiders is the first retelling of this group's adventures- in the space between fact and faith, science and romance.

Ark of God David Hatcher Childress, 2015-10-27 David Childress, popular author and star of the History Channel's show Ancient Aliens, takes us on an incredible

journey in search of the truth about (and science behind) the fantastic Biblical artifact known as the Ark of the Covenant. This object made by Moses at Mount Sinai—part wooden-metal box and part golden statue—had the power to create “lightning” to kill people, and also to fly and lead people through the wilderness. Featured in such popular movies as Raiders of the Lost Ark by Lucas and Spielberg, the Ark of the Covenant is probably the most mysterious object in the Old Testament—what was it? Was it an ancient electrical device? The Ark of the Covenant suddenly disappears from the Bible record and what happened to it is not mentioned. Was it hidden in the underground passages of King Solomon’s temple and later discovered by the Knights Templar? Was it taken through Egypt to Ethiopia as many Coptic Christians believe? Childress looks into hidden history, astonishing ancient technology, and a 3,000-year-old mystery that continues to fascinate millions of people today.

The Invention of God Thomas Römer,2015-11-04 Who invented God? When, why, and where? Thomas Römer seeks to answer these enigmatic questions about the deity of the great monotheisms—Yhwh, God, or Allah—by tracing Israelite beliefs and their context from the Bronze Age to the end of the Old Testament period in the third century BCE, in a masterpiece of detective work and exposition.

The Ark of the Covenant and Other Secret Weapons of the Ancients David Medina,2014-07-05 WAS THE ARK OF THE COVENANT A NUCLEAR DIVICE CAPABLE OF KILLING MILLIONS? DID IT POSSESS SUPERNATURAL POWERS? WAS IT RESPONSIBLE FOR THE COLLAPSE OF THE WALLS OF JERICHO THUS ALLOWING THE ISREALITES TO TAKE CONTROL OF THE CITY? WAS MOSES ABLE TO SPEAK DIRECTLY TO GOD THROUGH THE TWO CHERUBIN (ANGELS) POSITIONED ON THE ARK'S TOP? Here is proof the ancients possessed secret technology that made them exceptional worriers. They might even have had the capability to annihilate their formidable foes utilizing nuclear-like devices. The question is how did they come about such an innovative science? Did they develop such devices on their own? Did God give the chosen unheralded power over their enemies? Or were ancient astronauts somehow involved? David Medina, along with Sean Casteel, Tim Beckley, Olav Phillips, Brad Steiger and Tim R. Swartz tackle an intriguing subject that gives evidence to the fact that the ancients had supernatural powers that were often lethal. For the first time, here is a detailed analysis of the mysterious Ark of the Covenant. Learn how the Ark was built and housed, and how the priests that tended it were required to wear protection clothing to shield them from what we call today nuclear energy. Moses even used the Ark to create a controlled earthquake to punish a rebellion by some of the Israelites. The desert ground opened up and swallowed the rebels, and of course it is said to have been responsible for the collapse of the walls of Jericho. Discover also astounding air battles, and a very advanced type of Thunderbolt Energy that caused catastrophic disasters. There are also the issues of Magical Swords and superior aircraft mentioned in various ancient texts. This work contains fascinating insight into high-tech, death-dealing devices that predate our own by millennia. Did humankind develop such an advanced technology on its own? Or did beings for other worlds we have come to identify as Ancient Astronauts responsible for such a wondrous but catastrophic advance in the military sciences and weaponry?

Possess the Vision Joseph Gordon,2005-05 A man lives through death and the terror of Golgotha, hell, the devil and the lake of fire and brimstone.
