The Anthropological Romance of Bali 1597-1972 James A. Boon, 1977-11-30 Professor Boon places our current understanding of Bali within the context of historical views of Balinese life and religion, beginning with the initial Dutch contacts after 1597. Based on field work in Indonesia as well as historical research, this book is the first thorough study of Balinese social and cultural dynamics.

Artasidi Qa Yam-u Namtar Cedeg Ni Yuca-yin Esi Marta Kiripolská, 2001 King Arthasiddhi is an 18th century Mongolian translation of a Tibetan Buddhist novel known in Tibet also as a popular drama. Its composition goes back to Indian avadanas and jatakas. Its language differs from the Classical written Mongolian of the 18th-century Buddhist xylographs and shows a marked influence of the underlying Chakhar dialect. This publication

offers a thorough literary-historical and linguistic analysis with the annotated transcription and facsimile of the manuscript kept in the Copenhagen Royal Library. It contributes to the knowledge of Mongolian literature and its Indo-Tibetan connections and to a better understanding of the language and style of the translator Caqar gebsi Lubsang cultim, a noted man of letters.

Inflection 04: Permanence Elizabeth Diller, Dan Hill, Casey Mack, Christof Mayer, Tod Williams, Billie Tsien, 2017-10-25
Permanence as an architectural concept is no longer restricted to the Vitruvian virtue of firmitas. To think about it in this sense today produces a schism: absolutism in a world of relativism. The fourth volume of *Inflection* extrapolates the permanent and the temporary not as opposing forces, but as a spectrum to be navigated at each stage of architecture's unfolding narrative. Through each of the responses presented in this year's edition, *Permanence* provides a critical voice as architecture and design continually seek an enduring foothold in an inherently evolving landscape, physical or otherwise. *Inflection* is a student-run design journal based at the Melbourne School of Design, University of Melbourne. Born from a desire to stimulate debate and generate ideas, it advocates the discursive voice of students, academics and practitioners. Founded in 2013, *Inflection* is a home for provocative writing—a place to share ideas and engage with contemporary discourse.

The Clive Cussler Adventures Steven Philip Jones, 2014-05-06
The author of more than 50 books--125 million copies in print--Clive Cussler is the current grandmaster of adventure literature.

Dirk Pitt, the sea-loving protagonist of 22 of Cussler's novels, remains among the most popular and influential adventure series heroes of the past half-century. This first critical review of Cussler's work features an overview of Pitt and the supporting characters and other heroes, an examination of Cussler's themes and influences, a review of his most important adventures, such as *Raise the Titanic!* and *Iceberg*, and a look at adaptations of his work in other media. Cussler joins the pantheon of such as Rudyard Kipling, Sir Arthur Conan Doyle and Ian Fleming, and this overdue volume demonstrates that beneath Cussler's immense popularity lies a literary depth that well merits scholarly attention.

The Lost Key Ebrahim Soufiani, 2012-10-31 Dr Soufiani, founder and director of a civil engineering firm in London, is a London University PhD qualified and practising civil and environment engineer. He was researcher at University of London, research assistant at University of East London, and lecturer at Iran University of Science & Technology. Soufiani's passion about Persian literature has steered him to over ten years of extensive research with a great Persian philosopher, Manuchehr Jamali. Jamali has managed to open up many incredible doors to him in comprehending Persian literature to its true meaning of values, love, unity, and dignity. Soufiani's understanding of Eastern and Western cultures has given him a great leverage in his exploration of Persian literature in comparison with Western civilization and the lack of democracy in the Middle East. With this book, he highlights Persian literature as an invaluable asset and the lost key in opening the lock of the declining morality in our modern world and the absence of democracy in the Middle East. The world must sincerely assist in exploration of this nation's literature for the sake of morality. The Middle East must explore and use her own invaluable potential rich literature to rise and fly from her own ashes to establish the ethical society that will give them the tools

for building and establishing the foundation of a democratic system. Many Persian poems have been translated throughout this book to highlight the core values of beautiful Persian romantic and humanistic culture.

The New Ottoman Greece in History and Fiction Trine Stauning Willert, 2018-09-04 This book explores the increasing interest in the Ottoman past in contemporary Greek society and its cultural sphere. It considers how the changing geo-political balances in South-East Europe since 1989 have offered Greek society an occasion to re-examine the transition from cultural diversity in the imperial context, to efforts to homogenize culture in the subsequent national contexts. This study shows how contemporary immigration and better relations with Turkey led to new directions in historiography, fiction and popular culture in the beginning of the twenty-first century. It focuses on how narratives about cultural co-existence under Ottoman rule are used as a prism of national self-awareness and argues that the interpretations of Greece's Ottoman legacy are part of the cultural battles over national identity and belonging. The book examines these narratives within the context of tension between East and West and, not least, Greece's place in Europe.

Stories from History Agnes Strickland, 1860

Ardā Wirāz Nāmag Fereyduṅ Vahmān, 2016-10-04 Ardā Wirāz Nāmag or the Book of the Righteous Wirāz is an outstanding example of Iranian apocalyptic literature. It is in the Middle Persian (Pahlavi) language and was written probably during the later period of the Sasanian dynasty (AD 226-650). The Zoroastrian priests chose a man called Wirāz, the most righteous among them, to go to the spiritual realm to discover the truth of the religion. This book, first published in 1986, contains the observations of Wirāz' divine journey and his description of heaven and hell. The basic MS. is K20 (Royal Library of Copenhagen) which is carefully compared with other MSS. The MS. is printed in facsimile, followed by transliteration and

transcription following the MS. closely line by line. A full translation is given, and a commentary is included together with a glossary, bibliography and index.

History of the Persian Empire A. T. Olmstead, 2022-08-29

Out of a lifetime of study of the ancient Near East, Professor Olmstead has gathered previously unknown material into the story of the life, times, and thought of the Persians, told for the first time from the Persian rather than the traditional Greek point of view. The fullest and most reliable presentation of the history of the Persian Empire in existence.—M. Rostovtzeff
