Tempests Hardy S. George, Oklahoma City Museum of Art, 2006 Tempests and Romantic Visionaries examines the many ways artists have portrayed both turbulent and calm weather conditions in marine and landscape paintings, drawings, and prints. Emphasis is placed on the artist's observation and experience of weather and climate, as well as on works which use calm seas, storms, and tempests as symbol and metaphor. Essays discuss J. M. W. Turner's storm subjects (Hardy George), tempest and shipwreck subjects in Dutch art and Romantic marine painting (Lawrence Goedde), storms at sea in British marine painting (Geoffrey Quilley), and paintings of shipwrecks and disasters at sea (Daniel Finamore).

The Art of Racing in the Rain Garth Stein, 2014-09-16 The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of a dog's efforts to hold together his family in the face of a divisive custody battle. Enzo knows he is different from other dogs: a philosopher with a nearly human soul (and an obsession with opposable thumbs), he has educated himself by watching television extensively, and by listening very closely to the words of his master, Denny Swift, an up-and-coming race car driver. Through Denny, Enzo has gained tremendous insight into the human condition, and he sees that life, like racing, isn't simply about going fast. Using the techniques needed on the race track, one can successfully navigate all of life's ordeals. On the eve of his death, Enzo takes stock of his life, recalling all that he and his family have been through: the sacrifices Denny has made to succeed professionally; the unexpected loss of Eve, Denny's wife; the three-year battle over their daughter, Zoë, whose maternal grandparents pulled every string to gain custody. In the end, despite what he sees as his own limitations, Enzo comes through heroically to preserve the Swift family, holding in his heart the dream that Denny will become a racing champion with Zoë at his side. Having learned what it takes to be a compassionate and successful person, the wise canine can barely wait until his next lifetime, when he is sure he will return as a man.

Mark Di Suvero at Storm King Art Center Mark Di Suvero, Irving Sandler, 1996 Mark di Suvero is arguably the most important American construction sculptor alive today. And no locale is better suited to di Suvero's soaring, space-defining steel sculptures as the four hundred-acre sculpture park of Storm King Art Center, Mountainville, New York, fifty-five miles north of Manhattan in the Hudson River Valley. This generously illustrated volume surveys di Suvero's career with its focus on the artist's work at Storm King. Storm King Art Center is the leading sculpture park in the United States. This volume charts the twenty-year relationship between artist and site, culminating in the 1995-96 exhibition at Storm King. No other site has served di Suvero so well for so long, and few other artists have been so closely associated with Storm King Art Center as Mark di Suvero. In a lively essay, illuminated by ninety-five color plates, acclaimed art historian Irving Sandler traces di Suvero's development from the cast-bronze sculptures and constructions of heavy wood beams and other found objects of the 1950s and early 1960s to the monumental steel structures he has created for the past thirty years. Sandler also relates di Suvero's life to his art, discussing the artist as humanist, romantic, American, worker, socially conscious citizen, and - above all - poet.

The Routledge Companion to Commedia dell'Arte Judith Chaffee, Oliver Crick, 2014-11-20 From Commedia dell'Arte came archetypal characters that are still with us today, such as Harlequin and Pantalone, and the rediscovered craft of writing comic dramas and masked theatre. The Routledge Companion to Commedia dell'Arte is a wide-ranging volume written by over 50 experts, that traces the history, characteristics, and development of this fascinating yet elusive theatre form. In synthesizing the elements of Commedia, this book introduces the history of the Sartori mask studio; presents a comparison between Gozzi and Goldoni's complicated and adversarial approaches to theatre; invites discussions on Commedia's relevance to Shakespeare, and illuminates re-interpretations of Commedia in modern times. The authors are drawn from actors, mask-makers, pedagogues, directors, trainers and academics, all of whom add unique insights into this most delightful of theatre styles. Storm Lake Art Cullen, 2018-10-02 A reminder that even the smallest newspapers can hold the most powerful among us accountable.—The New York Times Book Review Watch the documentary Storm Lake on PBS. Iowa plays an outsize role in national politics. Iowa introduced Barack Obama and voted bigly for Donald Trump. But is it a bellwether for America, a harbinger of its future? Art Cullen's answer is complicated and honest. In truth, Iowa is losing ground. The Trump trade wars are hammering farmers and manufacturers. Health insurance premiums and drug prices are soaring. That's what Iowans are dealing with, and the problems they face are the problems of the heartland. In this candid and timely book, Art Cullen—the Storm Lake Times newspaperman who won a Pulitzer Prize for taking on big corporate agri-industry and its poisoning of local rivers—describes how the heartland has changed dramatically over his career. In a story where politics, agriculture, the environment, and immigration all converge, Cullen offers an unsentimental ode to rural America and to the resilient people of a vibrant community of fifteen thousand in Northwest Iowa, as much survivors as their town.

Ruskin, Turner and the Storm Cloud Suzanne Fagence Cooper, Richard Johns, 2019-05-19 Ruskin, Turner & the Storm Cloud presents new writing on John Ruskin's vision of art and its relationship with modern society and a changing environment. As part of the re-evaluation of Ruskin, 200 years after his birth in 1819, art historians, scientists, geographers, artists and curators explore the critic's lifelong commitment to the painted landscapes of JMW Turner and his own artistic ambitions, as well as his prophetic concerns about the world's darkening skies, pollution and psychological turbulence. In 1884 John Ruskin spoke out against an encroaching Storm Cloud--a darkening of the skies that he attributed to the belching chimneys of the modern world. The imagery of the pollution-stained sky also allowed Ruskin to articulate the internal distress that seemed to engulf him. His analysis of a blanched sun, blighted grass [and] blinded man overwhelmed by a modern plague-wind expresses both the visible climatic effects of industrialization and the effects of his own worsening mental health. Propelled by bereavement and anxieties over his religious faith, Ruskin became fixated on the skies, watching a cloud from four in the afternoon to four in the morning. This collection of essays examining Ruskin's distinctive blend of meteorology, morality and social criticism brings new perspectives to one of the most influential and provocative thinkers of the nineteenth century. Ruskin's deep and personal engagement with Turner's work over many decades emerges as a recurring theme. In Turner, Ruskin found the ideal Modern Painter--an artist whose powerful sunrises and sunsets, mountains and storms, inspired his own critical engagement with the natural world. As an artist and critic, Ruskin consistently challenged the way others experienced the world, encouraging his audiences to recognise and record nature's transient beauty, and doing the same with his own intimately observed drawings of animals, flora and weathered buildings. As an environmentalist, he witnessed a natural world changing before his eyes, as the landscapes, buildings and skies he had seen as a young man came under threat. As an ethical provocateur ahead of his time, he condemned the throwaway culture that spoilt the towns and rivers he loved, urging his audiences to take responsibility for these changes. Responding to this rich and troubled legacy, the book brings together original contributions by artists and curators, art historians, geographers and climate change specialists, each of whom shares new insights into Ruskin's concerns about the changing weather patterns and shifting landscapes of the modern world. Individual essays reconsider Ruskin alongside a range of contemporary issues, encompassing mental health, technology, environmental pollution and climate change. The collection's

diverse voices make a compelling case for the continuing relevance of Ruskin and his ways of seeing in the twenty-first century. Ruskin, Turner & the Storm Cloud accompanies a major exhibition at York Art Gallery and Abbot Hall Art Gallery.
